

Unit Support

The Environmental Officer (EO)

All USAG Ansbach units (to the field-company level), tenant activities, and Garrison divisions are required to provide one EO or Environmental POC and one alternate. The EO/ Env POC will be responsible for ensuring his activity maintains environmental compliance and awareness actions take place within his/her organizational level.

What you need to get started

- ✓ An EO appointment letter signed by your supervisor
- ✓ Appropriate training
- ✓ A copy of the Environmental Smart Book
- ✓ A replacement before you PCS/go downrange

**Call us to find out
about training
opportunities!**

How we support you

- We provide training
- We help you get started by doing courtesy inspections
- We provide information/hands-on training
- We pick up and pay for the disposal of your hazardous waste

Your duties

- ✓ Do weekly inspections of your area of responsibility including the Hazardous Waste Accumulation Point using the HWAP checklist
- ✓ Make sure your hazardous material is stored correctly and according to hazard properties, including your compressed gas cylinders
- ✓ Turn in your expired hazmat through the Reuse Center in Schweinfurt or do shelf-life extension
- ✓ NBC gear must be turned in, the Environmental Office is not allowed to dispose of it

**HazMat Reuse
Center Schweinfurt
DSN: 353 - 8150**
