The Elkay machines were a success!

EMD has survey forms for you to complete to determine if your facility is a good candidate for a machine.

Best locations are former water fountains (they have water, sewer and electricity).

Contact EMD at: shawn.d.haynes.civ@mail.mil
How do residents get visibility/updates on submitted work orders?

Step 1: Resident identifies an Issue that requires a “service order”

Step 2: Resident contacts the Work Reception Desk at 587-1777 or by email at usarmy.ansbach.id-europe.mbx.usag-ansbach-work-order-section@mail.mil and explains the Issue.

Step 3: The DPW Work Receptionist makes an appointment to address the Issue with the Resident.

Step 4: Public Works Professional arrives at Residence to address the Issue.

Step 5: Work Request is Completed or remains Open if follow-up work/evaluation is required. There is an attachment sheet to every Service Order for work evaluation by the customer and for additional customer information by the technician to avoid language barriers.

Step 6: New appointment will be made with the customer for follow-up work by work reception when additional material is available and work can be completed.

Step 7: Follow-up Calls are made to approximately 10% of AFH Work Requests (aka Demand Maintenance Orders – DMOs) to ensure Satisfaction and gain Resident feedback.
