Living and working in Germany presents unique challenges as well as one of a kind opportunities. The local host-nation employment market is difficult for most US citizens to work in due to language barriers, legal, and even educational requirement differences between the United States and Germany. This means that the best employment options for most non-German speaking US citizens are on the installation.

What is your status under the Status of Forces Agreement?

The Status of Forces Agreement (SOFA) is the agreement between the US and host nation government that dictate the rights, obligations and rules that govern the conduct and management of US forces on foreign soil, including laws that govern hiring and employment. If you are a US ID card holder and want to work overseas, you need to know what those laws are and how they affect you.

The biggest impact of the SOFA agreement in the area of employment is that non-US citizens apply for Department of the Army civilian positions differently than US citizens do. Non-US citizens must be recruited in accordance with host nation employment laws. The intent is really to protect non-US citizens since US labor laws are generally far less generous than German laws; however, there is a negative impact on the ease with which non-US citizens may be recruited. To determine which vacancies non-US citizens or dual citizen spouses and family members may apply, for visit: <https://home.army.mil/bavaria/index.php/hnjobs>.

Federal Employment Information

1. Non-US Citizen Federal Employment Program (LN)

The SOFA agreement requires that the Department of the Army recruit all of its non-US citizen employees in strict accordance with the Host Nation labor laws. So, if you have a passport from a country other than the US, you can typically only be recruited through the vacancies listed on the Local National vacancy announcement board at: <https://acpol2.army.mil/VACANCY/LN/INDEX.ASP>.

Once you identify a vacancy that you are qualified and eligible for, you apply by filling out an AE 690-70A application form. Be sure to note any German language requirements listed in the job posting. The address (and forms) can be downloaded on the job vacancy website. The mailing address can be found in each announcement. We recommend using the general German mailing system. Registered mail or any other special handling instructions may delay receipt of your application.

If you are interested in non-US citizen employment options with the US government in Germany, call the Civilian Personnel Advisory Center (CPAC – Army Civilian Employee Human Resources), at +49 981-183-7897 to find out if you meet eligibility requirements.

Additional options are also available for non-US citizen employment on the installation. Most contract positions are open to non-US citizens. AAFES and Community Bank can hire non-US citizens as well.

Finally, German and EU citizens can always use the resources available on the local national economy.

2. Department of the Army (DA) Civilian Positions

Every federal job world-wide is listed on the Office of Personnel Management's website: <http://www.usajobs.gov>, including all Defense Department jobs (Army, Navy, Air Force, Marines). To search for jobs enter your community name (Ansbach and/or Illesheim) in the 'Location' search block. Federal resume and application workshops are offered at each military community. Please contact your local Employment Readiness Program for up to date scheduling. Most Federal positions listed on USAJOBS are open to U.S. citizens only, with the exception of some NAF jobs.

What is the difference between AF and NAF jobs?

Appropriated Funds (APF or AF) positions are funded by tax dollars. Examples of (AF) positions are General Schedule (GS), NSPS (YA, YB, YC etc...) and Wage Grade (WG) positions. For example, the job of an Employment Readiness Program Manager is an AF job where Congress appropriates the funding for the salary of this position to the Army. Non-Appropriated Fund (NAF) jobs are funded by the fees paid by the

program's customers. What does this mean to you? There are really a number of differences between these employment categories to an employee which include but are not limited to, benefits, hiring processes, and eligibility requirements.

Determine Your Eligibility & Preference for Federal Employment

Figure out which employment category you fall under. Remember, if your employment category is not listed under 'Who May Apply' in the vacancy announcement, you will not be considered for the position.

The civilian personnel office representative will determine your eligibility. The most common categories for this area are:

- ✓ **Military Spouse Preference (MSP) eligible:** The spouse of an active duty military member (sponsor) of the U.S. Armed Forces who accompanies their military sponsor on a permanent change of stations (PCS) move. To receive preference, the spouse must be married to the military sponsor before reporting to the new duty assignment and the name of the spouse must be listed on the PCS orders of the military sponsor. Both the PCS orders and a copy of the marriage certificate is required to accompany the application package when applying for positions. A spouse of an active duty military member may only apply for positions under this preference for the first 2 years at the new duty station.
- ✓ **Family Member Preference (FMP) eligible (overseas):** The spouse or unmarried children (including stepchildren, adopted children, and foster children) not more than 23 years of age residing with a member (sponsor) of the U.S. Armed Forces or a U.S. citizen civilian employee (sponsor) of a U.S. Government Agency (including NAF activities whose duty station is in a foreign area.
- ✓ **Excepted Service Overseas Family Member Appointment (FMNP) eligible (overseas):** Family member of a locally hired DoD or NAF civilian employees, or a family member or spouse preference eligible who has lost military spouse or family member preference due to accepting or declining an offer of continuing employment.
- ✓ **Derived Preference:** A method where you, as the spouse, widow/widower, or mother of a veteran may be eligible to claim veterans' preference when your veteran is unable to use it. You will be given XP Preference (10 points) in appointment if you meet the eligibility criteria.
- ✓ **Veterans Employment Opportunities Act (VEOA):** You are eligible for this appointing authority if you are: a preference eligible (defined in title 5 U.S.C. 2108(3)); OR a veteran who substantially completed 3 or more years of active service; AND your latest discharge must be issued under honorable conditions (this means an honorable or general discharge).
- ✓ **Veterans Recruitment Appointment (VRA):** You are eligible for this appointing

authority if you are a: disabled veteran; OR veteran who served on active duty in the Armed Forces during a war, or in a campaign, or expedition, for which you received an authorized campaign or expedition badge or medal; OR veteran who, while serving on active duty in the Armed Forces, participated in a United States military operation for which you were awarded an Armed Forces Service Medal (AFSM); OR veteran who has separated from active service within the last three years. NOTE: The highest grade level you may be appointed under this authority is GS-11 or equivalent

- ✓ **NAF Interchange eligible**: Currently serving on a NAFI position without time limitation or have been involuntarily separated from such appointment without personal cause within the preceding year.
- ✓ **Non Status Eligible**: This includes overseas limited and temporary employees. All applicants without personal competitive status are considered non-status eligible, and may apply for positions open to all US citizens.
