Answers to Community Questions

1. Can someone please explain why we are unable to turn left directly onto Bismarck Kaserne?

   In 2015 a Department of Defense assessment identified safety concerns with the Katterbach and Bismarck crossover. To mitigate those concerns, the ability to turn left and right from B14 was eliminated. At this time, there is no capability to conduct appropriate searches of vehicles entering Bismarck or Katterbach without potentially impeding traffic on B14 or presenting a safety concern to our security professionals and community. However, the garrison staff will continue to identify opportunities to enhance existing Access Control Points and is currently working to build a pedestrian bridge between the two Kasernes.

2. Why isn’t BLDG 5510 (former CDC) converted into an indoor play area for small children? Ansbach needs more indoor play areas for small children.

   Building 5510 is marked for future development as part of the Garrison Master Building Plan.

   The MWR Stakeholder Meeting is an opportunity for community members to comment on Family and MWR and some other Quality of life issues. The Ansbach Showcase serves as an opportunity for dialogue concerning needs for services.
Information on German Playgrounds

- **www.spielplatznet.de** is a privately operated website with information on playgrounds in Germany. The website is in German, but the search features are intuitive and easy to master.

- On the main page, in the green field with the word Spielplätze (playgrounds), you can enter a location you would like to search, e.g. Ansbach.

- In the next cell, use the drop down menu to select the type of playground you would like to search for from the following choices:
  
  - Alle Type
  - Indoorspielplätze
  - Wasserspielplätze
  - Abenteuerspielplätze
  - Ballplätze
  - Rodelberge
  - Kletterparks
  - Skateplätze
  - Freizeitparks
  - Tischtennisplatte
  - Kindergeburstage
  - Mehrgenerationsspielplätze
  
  - **Indoor Playground**
  - **Waterparks**
  - **Adventure Playgrounds**
  - **Multipurpose with ball court(s)**
  - **Sledding Hills**
  - **Climbing Parks**
  - **Skate Parks**
  - **Amusement Parks**
  - **Ping Pong Tables**
  - **For Children's Birthdays**
  - **Multigenerational Playground**

- **A search for Indoor Playgrounds in Ansbach returns ten selections within a 25 mile radius.**

5. Test Drinking Water for Legionella:

- When: 1-10 April 2019; detailed schedule of sampling is TBD
- Where: AFH, UPH, AFH-transformed and regular barracks and other buildings with aerosolized warm drinking water – (e.g. clinics, gyms, DFACs, laundry, food courts, lodging, fire centers, schools)
- Why: The Final Governing Standard for Germany requires annual monitoring of Legionella at occupied facilities containing showers or other activities where warm drinking water is aerosolized. If results for Legionella species are not problematic within the annual monitoring for 3 consecutive years, the appropriate DoD medical authority can grant longer monitoring intervals of up to 3 years. The goal is to obtain approval for monitoring every 3 years. We are in the second year (2019). Results from the first year (2018) were not problematic.
- How: Sampling and analysis is performed by a IMCOM-E contracted firm. DPW personnel will assist in enabling access, tracking compliance, and be responsible for mitigation actions.
- Sampling must be conducted in two showers furthest from the heating unit (boiler) of each sampled facility.

6. Housing Survey

- 15 January - 15 February 2019
- Link to survey sent directly to Housing Occupants’ address provided during in-processing
- Survey link is provided in the e-mail; due to security firewalls, survey link cannot open on government computers - if address is .mil the Soldier must send to his/her personal email to access the link and complete the survey
- Survey consists of approximately 40 questions concerning general questions about the housing, facilities and surrounding grounds and takes about 10-15 minutes to complete
WHAT: Cross Functional Team – a group of people interested in reducing our environmental footprint one step at a time.

WHEN: Monthly meetings; third Wed. of the month at 9:30 a.m.

WHERE: DPW Conference room, Bldg 5843A, 3rd floor

REMARKS: We welcome employees, Soldiers, veterans and family members to attend and help develop good ideas to reduce our solid and hazardous waste, and our energy and water use. Bring new ideas and enthusiasm to change your work space, office, shop, home, school or the garrison!

A few good ideas have included the Community Gardens, Plastic Free Week, the Bee Initiative, motion sensors in the launderette and more!

Applied Suicide Intervention Skills Training (ASIST): 27-28 FEB at Katterbach Chapel

This two days training will produce the first line of caregivers, Gate Keepers. This training is for Soldiers, Civilians and Families. **We can take 30 people.** Any trained person who is willing to be an advocate for another person contemplating suicide. Gatekeepers are trained to recognize the signs of someone in distress and get them to help. ASIST is designed for caregivers seeking to prevent the immediate risk of suicide. The emphasis of the ASIST workshop is on suicide first aid. To provide lifesaving actions until medical or professional help is obtained. The training gave the learner the skills to help keep a person safe right now.

**Influenza**
- There have been 427 new cases of Influenza in Germany the first week of 2019. There have been cases in our community some of them have been serious. The severity of the disease is increased by not having the vaccine, being under the age of 3 or over the age of 50, and tobacco use.
- Vaccines are available and we strongly encourage everyone to get vaccinated if they have not been.

**JOES Survey**
- JOES Survey is a way for us to receive your feedback and improve your medical experience.

**Secure Messaging**
- Secure Messaging is a great tool to expedite your medical care and communicate with your provider. Please enroll at [https://tricare.mil/securemessage](https://tricare.mil/securemessage) so we can better serve your healthcare needs.

**Norovirus**
- Norovirus is a disease that infects the gastro-intestinal tract. It causes vomiting and diarrhea and is very contagious.
- We had 2,283 cases of norovirus in Germany the first week of 2019. 243 of those are Bavaria. We encourage individuals to take steps to prevent the disease.
- The best prevention is hand washing with soap and water. Particularly after coming in contact with an infected individual. You can also clean the personal items and living areas of infected individuals with a bleach solution.
- Please encourage individuals with symptoms to avoid contact with others until they have been symptom free for at least 24 hours.
