

THIS WEEK 20-24 FEBRUARY 2023

POWER MANAGEMENT

The terrain in front of us was rising and we could not get the helicopter to climb, so I tried to increase the collective, which only caused the low-rotor horn to sound. I was getting ready for the impact when, amazingly, we started to ascend because we had finally gotten above effective translational lift and barely cleared the terrain.

WHAT'S NEW

DRIVER'S TRAINING TOOLBOX

The U.S. Army Combat Readiness Center developed the Driver's Training Toolbox to assist commanders, examiners and instructors in the management of driver training. The toolbox provides a central location for the materials necessary to establish and maintain an effective driver training program.

WEAPONS HANDLING

In what can only be explained as a juvenile lack of judgment, I suddenly thought about scaring Kevin. I walked out just as he was stepping onto the porch and, without explanation, pointed my pistol at him.

NEEDLESTICK MISHAPS

Needlestick accidents are dangerous and should be treated as medical emergencies. Careful handling of contaminated needles can prevent injury and reduce the risk of infection when performing critical job requirements.

PRODUCTS & TOOLS

Learn the safety culture and climate within your organization.

A family of information technology systems that underpins the Army Safety and Occupational Health Management System.

Great resource for finding a local riding association, and learning to be a safer rider.

An interactive, easy-to-use, automated system designed to assist users with the application of risk management.

Make your Soldiers aware of the off-duty hazards they'll face with the Off-Duty Safety Awareness Presentation.

A collection of resources to aid commanders and leaders in the management of range operations and safe weapons handling.

DID YOU KNOW?

RISK MANAGEMENT is always looking for contributors to provide ground, aviation, driving and off-duty safety articles. Don't worry if you've never written an article for publication. Just write about what you know and our editorial staff will take care of the rest. Your story might just save another Soldier's life. Click the **SUBMIT AN ARTICLE** tab below to share your story.
