Commander's Marquee

Commander's Marquee (North and South Post) are continuously updated with Garrison, Command news and information as well as F&MWR events. Check these signs every time you drive by.

Caroline Alert & Spotsy Alert

Both Caroline and Spotsylvania County use the everbridge mass notification platform for critical communications during a major crisis or emergency. Everbridge Mass Notification supports over 100 different multi-modal delivery methods with voice recording, text to speech conversion in multiple languages, push notifications, rich text formatting, and SMS. This type of system is used to provide external news and information to the public.

Fort A.P. Hill has the ability to send Garrison information and alerts to both counties via everbridge. This is a free service from Caroline and Spotsylvania Counties. By signing up for this service, you ensure you will get the latest information in an event, first.

Bulletin Boards & Digital Displays

Everything from Command policies to F&MWR events are posted around the garrison on bulletin boards located in almost every building. Take the time to read the posted information. If the bulletin board in your area is not being updated with Command Information or F&MWR events that you received via email but don't see it on the bulletin board, adopt it, update it, and cause communication for effect!

Ways We Communicate

Fort A.P. Hill Public Affairs Office

Building 179
Fort A.P. Hill, VA 22427
Phone: (804) 633-8120 (DSN 578)
Email: usarmy.aphill.imcom-atlantic.mbx.pao@mail.mil

Staying Informed

Staying informed on Fort A.P. Hill could never be easier. The Garrison has both internet connectivity, an intranet, internal alert system as well as external alert systems, an official website, and multiple social media platforms to keep you abreast of U.S. Army and Garrison news and information.

There are two types of information staff should be familiar with; first and foremost are emergency notifications from the Command Group and/or the Emergency Operations Center. Second, Federal, State and Local news and information that we need to be aware of.

E-mail

While the number of email accounts being created continues to rise, email use continues in a downward trend.* Email is a simple yet powerful way to communicate and share news and information. Garrison personnel should utilize email to maximize the sharing of news and information at all levels.

*The Radicati Group, Inc. Email Statistics Report 2013-2017.

Fort A.P. Hill Official iSportsman

Individuals wishing to hunt, be a hunt observer, fish, trap, cut firewood, scout, or any other type of dispersed recreation such as biking, hiking or bird watching will be required to create a user profile on the iSportsman website obtain appropriate permits and check in and out of areas using the iSportsman system. Regulations, maps, permit sales, open and closed areas, reservations for tomorrow's hunting

checking in and out of Areas, harvest totals and more are available on this website.

Garrison Alert (Formerly AtHoc)

Alert can reach your desktop, your desk phone or your cell. No matter where you go, you will receive up-to-the-minute news and information via this system. This system is normally used to provide internal news and information to the Garrison.

Garrison Alert allows the Garrison to create its own permission-based network to establish interoperable communication with staff and other organizations in our community. This crisis communication network is the best and fastest way to get emergency information quickly and efficiently. Every employee should update their profile frequently so as to stay informed.

Note: All Garrison issue communications devices are required to be registered with Alert.

Fort A.P. Hill Intranet

The Garrison intranet is built with Microsoft SharePoint. You can use it as a secure place to upload, organize, share, and access information from almost any device. The Intranet is a great place to share information with your, coworkers, your directorate, or the whole garrison. The intranet is one internal location where you can communicate with your peers and others the news and information your directorate needs to share with individuals, specific work groups, directorates or the entire garrison staff.
