**BETTER OPPORTUNITIES
FOR SINGLE SOLDIERS**

About BOSS

The mission of the BOSS program is to enhance the morale and welfare of single Soldiers, increase retention and sustain combat readiness. BOSS is the collective voice of single Soldiers through the chain of command, which serves as a tool for commanders to gauge the morale of single Soldiers regarding quality-of-life issues.

Garrison BOSS programs are managed by a Senior Enlisted Advisor, MWR Advisor and BOSS President. BOSS serves the Single Soldier Community - active, guard and reserve - and single parents, geographical bachelors, and other branches of service and Foreign Service Members.

BOSS Core Components

Recreation and Leisure

BOSS provides a wide variety of fun and engaging events for Soldiers to participate in. These events can include activities ranging from paintball to visiting other countries in Europe.

Quality of Life

Quality of Life includes those issues that Soldiers can directly or indirectly influence to enhance their morale, living environment, or personal growth and development. Through the BOSS program, Soldiers and leaders have a direct line to Garrison. BOSS is committed to upholding our 72-hour resolution guarantee, if you or your Soldiers are experiencing any Quality of Life issues, please report them to your unit BOSS Rep.

Community Service

BOSS makes a difference by volunteering in community projects and events across USAG Bavaria. Soldiers have the opportunity to earn volunteer hours, become closer to the Hohenfels community, and benefit the community as a whole.

Life Skills

Through the BOSS Program, Soldiers have the opportunity to take part in a wide variety of lifelong learning opportunities, from free classes teaching skills such as cooking and auto care to certifications and training in fields like scuba and sports at a fraction of the regular cost. The Life Skill initiative aims to provide Soldiers with skills and certifications that can benefit them both in and out of the Army for the rest of their lives.

Vigilance Message – Q3 & Q4 FY26

As we enter the Spring & Summer seasons, we urge you to guard against complacency and to communicate across your echelons and teams for continued awareness and increased vigilance against threats. Escalating tensions between the west, Iran, and Russia may increase harassment and intelligence collection targeting NATO personnel in the area of operations. Apply prudent individual protective measures in your daily lives for your security, safety, and well-being. Leaders should emphasize the need for DOW personnel, including family members, to minimize their signature by selecting clothing, luggage, and other items that blend with civilian population and stress the importance of OPSEC, including the thoughtful use of social media to help protect critical information. Lone actors, inspired sympathizers, and hybrid threat actors may view personnel as targets of opportunity or place them at collateral risk when attending festivals, sporting events, holiday markets, religious activities, and general gatherings. Please remain vigilant; take appropriate precautions; and report all suspicious activities, drone sightings, and threat indicators to chains of command, the MP or CID, Army Counterintelligence, or Host Nation Polizei.

Service remained a principle for the Post during 2nd Quarter. Mikayla and Kendall, the Post's VoD and Patriot's Pen winners, articulated their contributions to service with an essay and presentation.

Our Post honored service with ceremonies, promoting Americanism at Paws for Actions, and recruiting Veterans to attain 101% membership.

Lastly, our participation in the spirit of giving by serving with community organizations to enrich the holidays.

The third quarter focus is on social events to complement JMRC rotations and Post 2026 - 2027 preparations. Post games nights and luncheons resume in January to foster member engagement.
