MEMORANDUM FOR All Personnel Owning Pets within the USAG Bavaria Footprint

SUBJECT: USAG Bavaria Policy Letter #9, Pet Ownership Responsibilities in Government Quarters

1. Pet ownership brings great joy to many people in our community. It also brings several responsibilities. Pet ownership in Government quarters is a privilege, subject to revocation in specific instances of policy violation.
2. Owners of pets will comply with the enclosed policy to maintain and control their pets in and outside of Government quarters. Service members who violate portions of this policy that impose a specific obligation on individual community members with respect to their pets, may be subject to adverse administrative action or punishment under the Uniform Code of Military Justice. Civilian pet owners who violate this policy may be subject to adverse action in accordance with AE Regulation 27-9, Misconduct by Civilians.
3. POC for this policy is the USAG Bavaria Housing Division Chief or the designated representative, DSN 526-4301, CIV 09641-70-5264301.

CHRISTOPER R. DANBECK
COL, AR
Commanding

Policy for pet owners in the USAG Bavaria

1. Pets will be on a leash when outside of government quarters unless in designated off-leash areas sponsored by the garrison. All pets, when outside the quarters, will be accompanied by the owner or his or her responsible representative capable of controlling the pet. Young children under the age of 12 without adult supervision will be considered incapable of controlling the pet. Every dog that has the tendency to attack persons or other animals will be muzzled and kept on a short leash when out of quarters. Dog biting incidents must be reported to the Military Police and followed up through the owner's chain of command.
2. Pets will be exercised, i.e. walked or run on a leash, outside of the immediate vicinity of the housing area, and a minimum of 15 feet away from buildings, defined/signed playground boundaries, community picnic areas, and resident parking.
3. Dogs and cats will not be allowed to relieve themselves on balconies, playgrounds, or within 25 feet of family housing buildings. Pet owners will clean up excrement from their pets. Building coordinators will designate pet walk areas. Pet owners are responsible for carrying the means and supplies needed for immediate pet toileting clean up and disposal.
4. Pets will not be housed or locked in or on balconies, in basement or attic storage rooms, spare rooms, or building playrooms. Pets will not be tied to stair railings, pipes, shrubbery, or trees in or around family quarters.
5. Pets will be fed only in the owner's apartment, not on landings or stairwells.
6. No more than two dogs or cats or combination thereof are authorized per dwelling unit. Other domestic pets, including goldfish, hamsters, and birds, may be kept in Army Family Housing. Barnyard animals or exotic pets, such as snakes, lizards, tarantulas, etc., are prohibited without advance written approval by the installation veterinarian and the housing manager. Permission to house more than two pets or other than those specified will be requested in writing to the Housing Office.
7. Owners are required to register their pets with the installation veterinary treatment facility (VTF) within 14 days of the pet's being acquired or arriving in Germany. The owner must present evidence of the pet's current vaccinations (to include rabies) at the time of registration, maintain a record, and update required vaccinations as necessary. A vaccinated animal will receive a rabies tag that will be worn by the animal at all times.
8. If an animal bites or scratches any person, the animal's owner is required to present their pet to the on-post VTF for a pre- and post- rabies quarantine exam in accordance with AR 40-905. This is a no-cost visit to the owner, provided that rabies vaccination is up-to-date at the time of the bite quarantine. Owners will comply with the veterinarian's directives for a ten-day at-home quarantine following any bite or scratch incident.

9. In accordance with host nation laws, the following class I canines are prohibited from entering Germany, and are prohibited from residing in government-controlled housing. Any mixed breeds containing bloodlines of class I canines are also classified as class I canines.

- a. Pit Bull Terrier
- b. American Staffordshire Terrier
- c. Staffordshire Bull Terrier
- d. Tosa Inu
- e. Bandog

10. There are specific restrictions regarding class II breed canines. For a list of these breeds and additional information regarding class I and II dogs, personnel should contact the installation's Veterinary Treatment Facility. The chain of command will ensure assigned personnel adhere to host nation regulations concerning class I canines.

11. The owner is liable for animal abandonment or animal disposal by inhumane means. Animal maltreatment may result in disciplinary action. Pet owners may be liable under host nation civil laws for any damage to property or injury to persons caused by an animal, whether the animal is in the owner's possession, lost, or abandoned. Liability insurance is recommended for all pets. In cases where owners of pets are negligent in the care or supervision of their pets, immediate action will be taken to have the Soldier and/or pet or pets removed from government housing.

12. Breeding or maintaining animals for commercial purposes (i.e., raising and selling animals for money) on government property is prohibited.

13. Stray animals found on post will be taken to the Military Police. Military Police will transport the animal to the local German Tierheim (shelter). The veterinary clinic will scan the animal for a microchip or provide emergency medical care for stabilization if necessary. The veterinary clinic cannot house stray animals.

14. Residents witnessing pet policy violations in their area by unknown persons or residents not in their building should report the violation to the Housing Office. Pet policy violations within the building will be handled in the following manner:

- a. First Infraction: Written warning from Building/Area Coordinator
- b. Second Infraction: Action from the Housing Manager

c. Third Infraction: Referral to Garrison Commander for possible loss of pets and/or quarters privileges.

15. All community members are encouraged to help keep their buildings, sidewalks, yards, and playgrounds cleaned of pet excrement, which can create various hazards. Any individual who witnesses a violation of pet excrement policy (see paragraph 3 above) should attempt to correct the violator when possible and report any person who fails to comply with this policy to the Housing Office.

16. In accordance with AE regulation 27-9, the Garrison Commander will consider the following guidelines for violations of the pet excrement policy for personnel who fail to clean up after their pets. The Garrison Commander has the discretion to prescribe an alternate "restitution and rehabilitation" if necessary to address the particular facts and circumstances of the infraction:

- a. First Infraction - Letter of warning to pet owner.
- b. Second Infraction - Minimum 8 hours of community service.
- c. Third Infraction - Minimum 40 hours of community service.
- d. Fourth Infraction - Pet will be barred from U.S. facilities.
