### COMMANDER'S HIGHLIGHT

The first ship coming from the U.S. transporting U.S. Army equipment in support of DEFENDER-Europe 20 arrived this week at the port of Bremerhaven, Germany. DEFENDER-Europe 20 deploys a division-size combat-credible force from the U.S. to Europe. It flexes our ability to deploy, draw equipment, move personnel and equipment across the theater, and then spread out across the region to establish intermediate staging bases with multinational forces at various annual exercises. It's heading our way at the Grafenwoehr Training Area and our camps. I thank all the employees and families that attended our town halls this past week hosted by 7ATC. In addition to supporting the exercise, my priorities to you are in mitigating the traffic congestion, service reductions and medical/dental services. Stay connected to our website and social media pages for more on how this exercise will impact you.
