# GET THE TRUTH ABOUT THC

Not sure what to believe about THC? As a Service member, it's important to know the truth.

## IT'S TIME TO GET THE FACTS.

### MYTH

THC is legal for me to use as a Service member.

### FACT

Like marijuana, CBD and hemp, THC is prohibited for Service members to use no matter the legal status of the product in your location or the claimed THC levels.

### MYTH

THC won't make me pop positive on a drug test.

### FACT

Using THC could result in a positive drug test. THC is often advertised that it won't make someone pop positive on a drug test, but it was added to the DOD drug testing panel in 2021.

### MYTH

THC is natural, so it's harmless to my health.

### FACT

Most THC is not natural and is made in a lab. Products often include harmful ingredients and chemicals (think: bleach, nail polish remover and other toxic things).

### MYTH

THC looks just like marijuana, so I'll know to stay away when I see it.

### FACT

THC products are commonly sold as edibles like gummies and candies, and in oils for vaping. Be sure to always review product ingredients and information before buying and using to limit risk.

### MYTH

THC is FDA approved.

### FACT

THC products have not been evaluated or approved by the FDA. In fact, there is growing concern across the country over its safety and an increase in reported problems from use.

Service members must know the real facts about THC and what they might lose when they use prohibited drugs.
