• DEFICIENCY LIST

Caging of Animals in Germany

- By German “Tierschutzgesetz” (§1 and §2) caging pets in Germany is not allowed!
- Dogs: cannot be caged for extended periods. They need social interaction!
- Birds: Must be housed in large enough cages for natural behaviour!
- Small Mammals: must have space to move free!

- **ELECTRICAL POWER IN GOVERNMENT CONTROLLED QUARTERS**

Electrical power in Europe

The voltage level in Germany is 230 Volts

This is the normal German power outlet

230 Volt

U.S. electrical appliances normally are built for 120 Volts

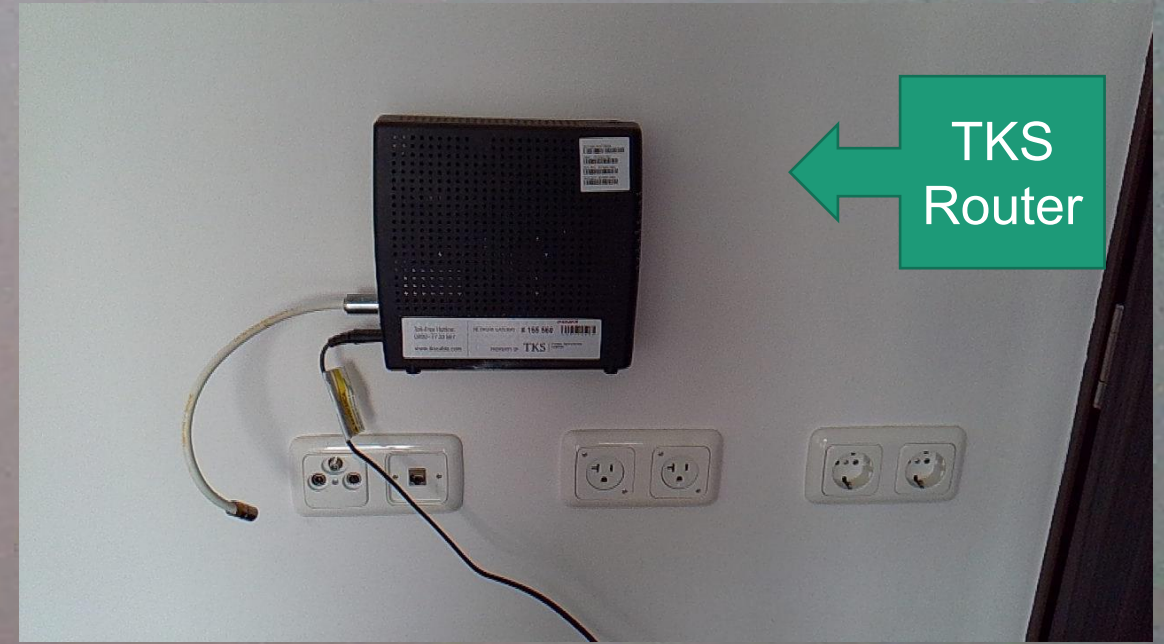

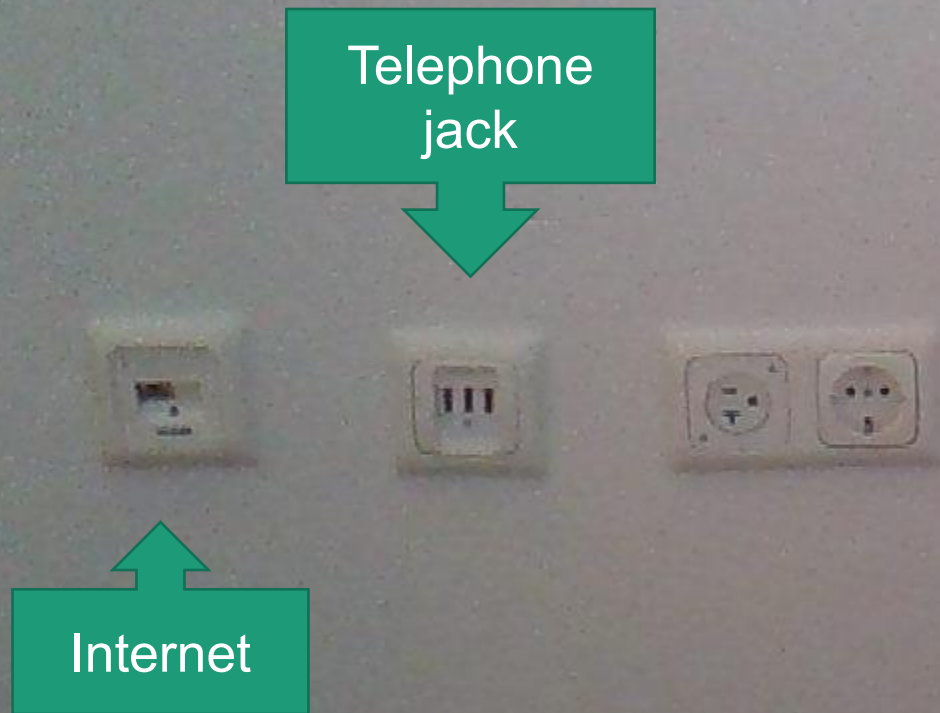

Do NOT use adapters!!

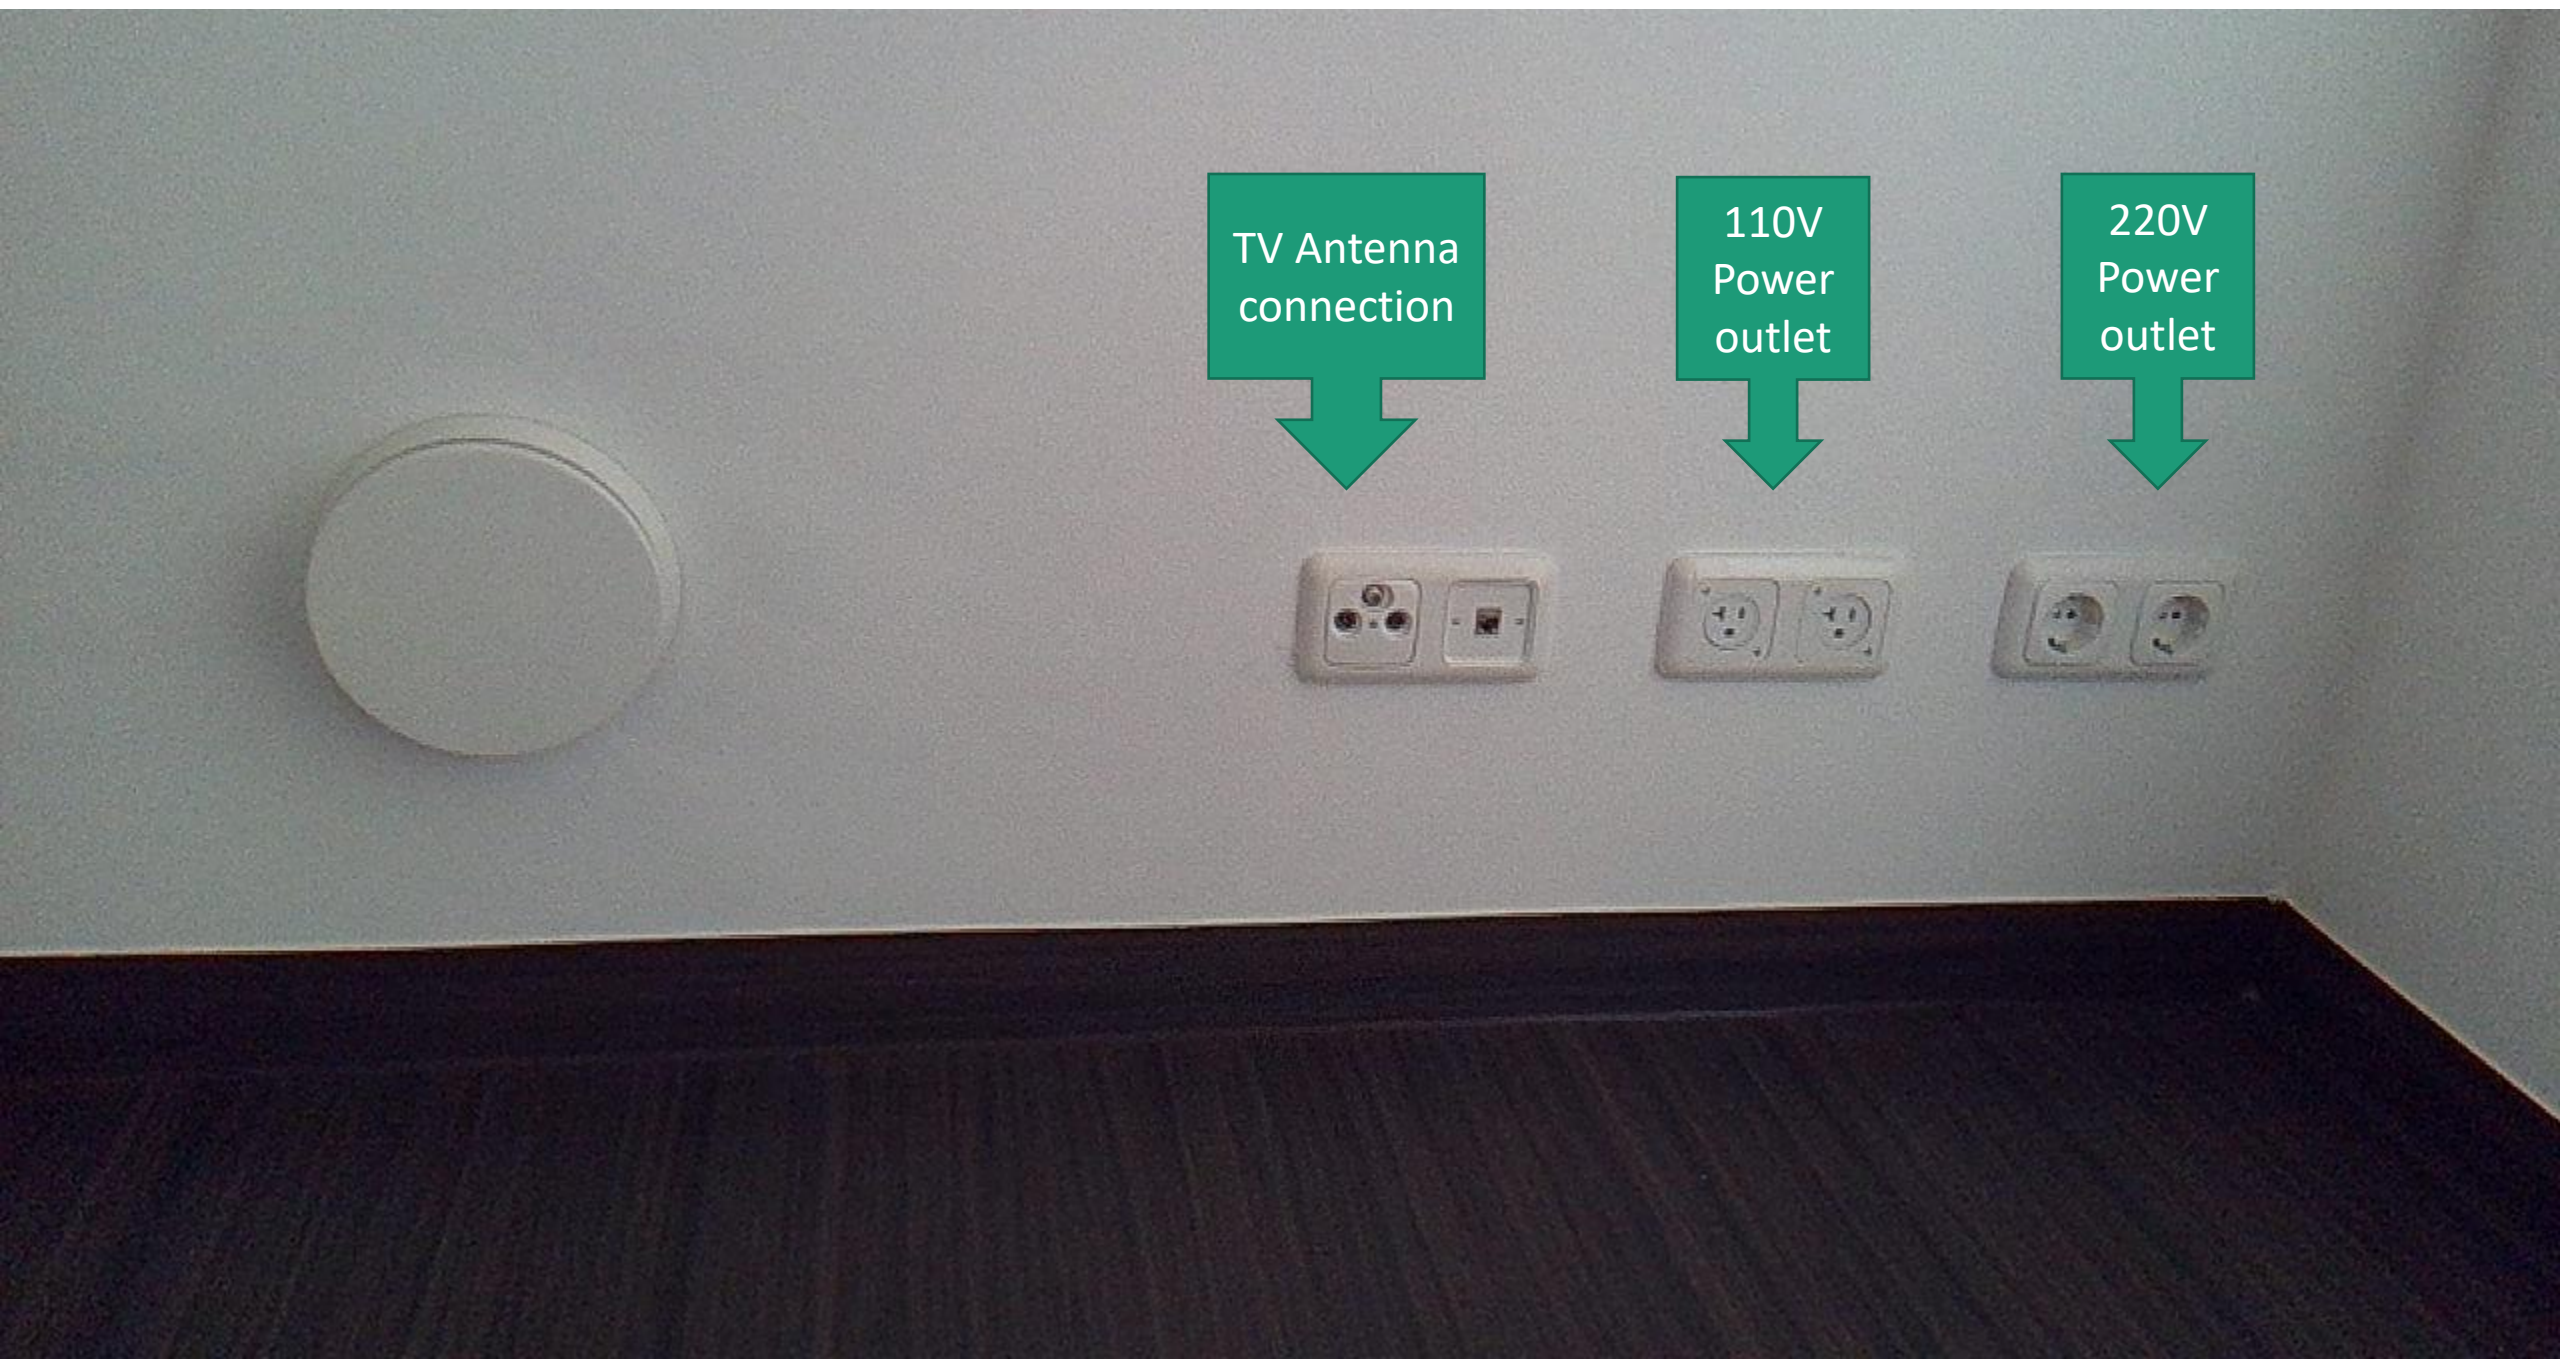

You will risk destroying your U.S. electrical appliances.

You will either need to use a 120 Volt outlet in your quarters
or a 230V/120V transformer if you use a 230V outlet.
