Restricted Driving and License Reinstatement Requests

- Restricted or Reinstatement Request Memorandum signed by O-4 or higher (Please see templates)
- Completed ASAP/Prime for Life Certificate
- Remedial Driver's Training Certificate (Should be within 45 days of packet submission. DTTS will not accept a certificate older than 90 days)
- AE Form 190-1K signed by O-4 or higher
- Print out of respective state's DMV web page showing valid stateside license
- Any pertinent additional documents

Restricted Packets for suspended (not revoked) will be submitted directly to DTTS Licensing

All documents regarding the above requests will be sent to USAG Bavaria Traffic Management and Collision Investigations at:

usarmy.bavaria.id-europe.mbx.des-tmci-investigators@army.mil

Requests take approximately 2-3 weeks to process.

All vehicles must have a valid non-operational vehicle registration, unless jointly owned. If your vehicle(s) are not properly registered, your packet will be denied. Additionally the Military Police will check the Law Enforcement record of your case, if the case has not been closed out with a commanders action, your request will be denied.
