## Halloween Safety Tips

Halloween is a fun and exciting time for our community, and the Directorate of Emergency Services wants to ensure everyone has a safe night. By keeping these three safety tips in mind, we can all contribute to a secure and enjoyable celebration.

Trick-or-Treat hrs.  
1700-1900 hrs.

### 1 Stay Visible

- Wear light-colored or reflective clothing so you are easily seen by drivers.
- Stay within well-lit areas and use a flashlight.
- Make safe costume choices - ensure children's costumes allow them to see and move freely.

### 2 Be Aware

- Drivers: Drive with extreme caution, especially in neighborhoods and near event areas.
- Trick-or-Treaters: Cross only at corners or designated crosswalks. Always look both ways before crossing and never dart out from between parked cars.

### 3 Check Your Treats

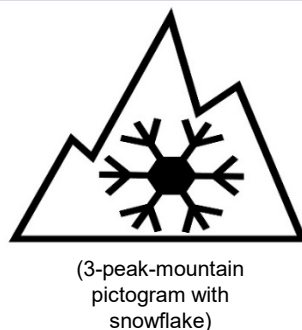

- Only visit homes with their lights on, as this indicates they are participating.
- Never enter a stranger's home or vehicle.
- Do not eat any treats until you are home and an adult has inspected them.
- Children under 12 should always be accompanied by a trusted adult.

✓ Your safety is our top priority. Thank you for helping keep Halloween safe and fun for all!

## It's not even Fall, and I'm Prepping the Car for Winter?!

The general rule of “von O bis O” (from O to O) for installing winter tires, means snow tires should be put on in October and remain on until Ostern (Easter). German law requires that vehicles have “adequate tires” for winter driving.

- ❖ Winter tires must be marked with the Alpine-Symbol (a 3-peak mountain with a snowflake in the center).
- ❖ All-season tires or winter tires marked with M+S that are produced prior to 2018, **no longer approved** as of Sept. 30, 2024.
- ❖ The law also apply to motorbikes, trucks and buses, regardless of whether the driver is the owner or is renting the vehicle. All of these vehicles must be equipped with winter tires if you drive in snow or icy conditions.
- ❖ Having an accident without winter tires will result in a **fine of 60 to 100 euros**. Insurance companies may not pay for damages caused by the accident
- ❖ German Police also conduct safety checks from time to time, if caught without the proper winter tires could also result in an on-the-spot **fine of 60 to 100 euros**.

## Winter Road Conditions in USAG Bavaria

Personnel must understand and adhere to the Garrison's winter road conditions policy, as outlined in USAREUR Regulation 385-55. A key component of this policy is the **Road Condition Status**, which is communicated through a color-coded system:

- Green:** All-clear. Roads are clear, and you can proceed with normal driving.
- Amber:** Drive with caution. Expect poor road conditions and allow for extra travel time.
- Red:** All non-mission-essential travel is prohibited. Expect significant road hazards and possible closures.

## 3<sup>rd</sup> Party Housing Inspections

- **Who:** 100% of all Family housing on Army installations
- **What:** Congress has mandated that 100% of all Family housing on Army installations will be inspected by an independent, third-party contractor retained by the Department of the Army.
- **When:** Inspection Windows are:
  - USAG Bavaria (Garmisch): 22-23 January 2026
  - USAG Bavaria (Hohenfels, On Post): 26-30 January 2026
  - USAG Bavaria (Tower Barracks/Rose Barracks, On Post): 2-12 February 2026
  - USAG Bavaria (Tower Barracks/Rose Barracks, Off Post): 24 February – 13 March 2026
  - USAG Bavaria (Hohenfels, Off Post): 9-13 March 2026
- **Where:** Inspections include the entire perimeter and interior rooms of homes.
- **Why:** To ensure the Army's housing assets are safe and habitable.
- **How:**
  - Residents will be required to schedule inspection appointments using a web-based QR code
  - The scheduling tool will open 5-6 weeks before inspections begin
  - Further instructions will be provided through social media and banners through the garrison

## FAMILY ADVOCACY PROGRAM MISSION

The New Parent Support Program is a function of the Army's overall Family Advocacy Program (FAP) mission. FAP supports Soldier and Family readiness by helping establish healthy family relationships and identifying/managing the impact of challenges on these relationships to prevent and reduce child and partner maltreatment. Support services such as NPSP can proactively address the concerns and challenges that new families may face during pregnancy and early childhood.

The FAP NPSP enhances parent-child relationships, children's emotional and social adaptability, and parents' self-sufficiency and resilience.

## FAP NPSP GOALS

- **Safety:** Educate and provide services and parent support to promote military Family safety and well-being
- **Personnel Preparedness:** Contribute to the development of adaptable and interdependent Soldiers and Families
- **Self-Sufficiency:** Support Soldier and Family member adaptation to the military environment
- **Community Cohesion:** Encourage the development of active social connections and participation in the Army community
