We're hiring!

Position: Program Associate

Location: Remote (open to applicants globally)

Salary: \$60,000 – \$74,000 USD per year

Deadline: May 29, 2026

Description

Join People Powered to help communities around the world have a greater say in the decisions that affect their lives!

As Program Associate, you will support the design and delivery of People Powered's global capacity-building programs that help governments, civil society organizations, and community leaders adopt, strengthen, and scale participatory democracy. People Powered works internationally to expand people's power in public decision-making through approaches such as participatory budgeting, citizen assemblies, participatory policymaking, and participatory planning.

In this role, you will help turn ambitious ideas into practical support for changemakers.

You play a hands-on role in implementing training programs, accelerators, and learning cohorts that connect participants across countries and sectors. This may include coordinating sessions, supporting participants, managing logistics, tracking progress, and helping ensure every learning experience runs smoothly and has a meaningful impact.

You also will create and curate content for People Powered's tools, online resource library, training courses, mentorship initiatives, and peer-learning activities — developing materials that are accessible, engaging, and grounded in real-world practice. From guides and case studies to learning exercises and program resources, your work will help practitioners find what they need to create more inclusive and effective democratic processes.

This is a highly collaborative role for someone who is organized, curious, and motivated by learning. You will work closely with People Powered's staff team, member organizations, and partners across regions — contributing to a global movement that is reimagining how democracy works.

If you are excited by the idea of combining strong project delivery, creative content development, and international collaboration in the service of a more participatory, equitable, and responsive world, we would love to hear from you!

Adapt and compile content on participatory democracy for the online resource center, Participation Playbook, and other resources.
- Develop, configure, and deliver webinars and asynchronous courses under the guidance of other staff and partners.
- Recruit participants for online learning opportunities with other staff members.
- Support participants in effectively using People Powered resources and capacity-building programs through regular communication, problem-solving, and reminders.
- Manage content updates and community interactions through the learning management system. Track program progress through project and data management tools, with the assistance of other staff members.
- Support planning and coordination of technical improvements of People Powered resources, including the development of new technology with partners and developers.

We understand that military spouses are involved in activities and volunteer roles and gain additional skills and talents through these efforts. Highlighting volunteer work and adding the variety of jobs that provide added experience and align with skills is a good way to ensure their resumes and applications truly reflect their abilities.

Many Zeiders employees retain employment through multiple moves and duty station changes. Military spouses join us with a purpose; they want to make a difference to the service members, Veterans, and families we support.

Why We Hire Veterans

Veterans bring a wealth of real-world life experience to the workforce. They understand the challenges and commitments of military service and the impact that this lifestyle has on the extended military family. Zeiders legacy of empowering individuals and families in ways that make a positive difference in their own lives, and in their communities, coordinates perfectly with the background that Veterans bring to their employers.

Cross-walking the wide variety of skills developed through service is key to helping Veterans find the right career opportunity. As a Best for Veterans employer, we understand how to translate these skills into career options that ensure Veterans find another way to serve with an organization where they can develop their skills and grow.

Our long-standing dedication to military quality of life means we offer services to the military and veteran communities that are comprehensive and meaningful in terms of individual impact while connecting Veterans with fulfilling and meaningful careers.

"Transitioning out of the military was difficult for me; I missed the sense of team and camaraderie. I have found it here at Zeiders."

Family Child Care (FCC)

The Family Child Care (FCC) program is an integral part of the Child and Youth Services (CYS) childcare system available on Army garrisons. FCC provides quality home-based care for children 4 weeks to 12 years old and is offered in government owned and government leased housing located on post.

FCC has unique qualities that make it a preferred choice for many Families. It offers flexible hours: full-day, part-day, extended /overnight, weekend and hourly care in a comfortable home setting. FCC also offers a 15% cost savings compared to Child Development Centers and School Age Care fees.

FCC Providers are vetted and only the best qualified candidates are recommended for certification. Providers must complete background checks and regular home inspections as a part of certification. They also receive paid ongoing training for professional development.

Army policy requires that anyone providing care on a regular basis for more than 10 hours per week must be certified through Child and Youth Services as an FCC provider.

Providing unauthorized childcare in government owned/leased housing puts you at risk of losing your housing privileges. Unauthorized childcare by an uncertified person puts your child at risk.

For more information on how to register your children in the FCC Program visit MCC.COM.

Announcing New Bonuses for FCC Providers!

We're offering two bonuses to qualified FCC providers!

Relocation Bonus: Up to a \$1000 relocation bonus will be provided to FCC providers who successfully relocate their home business to a gaining installation. Providers will receive payments over a twelve-month period. Payments will begin upon home certification and enrollment of at least two children who are unrelated to the provider. Payments will be disbursed monthly with an initial payment of \$120 and \$80 thereafter (for the next eleven months). If the home closes or certification is lost during this time, all remaining payments will be forfeited.

Recruitment Bonus: Up to a \$1000 recruitment bonus will be provided to FCC Providers who successfully open their homes. Providers will receive payments over a twelve-month period. Payments will begin upon home certification and enrollment of at least two children who are unrelated to the provider. Payments will be disbursed monthly with an initial payment of \$120 and \$80 thereafter (for the next eleven months). If the home closes or certification is lost during this time, all remaining payments will be forfeited. This is a one-time incentive.

BECOMING A VOLUNTEER

VOLUNTEER

Turns out, many organizations at U.S. Army Garrison Bavaria need help. Organizations such as your **Soldier Family Readiness Group**, **American Red Cross**, nearby **DoDEA Schools**, **USO**, **MWR** and the **Directorate of Human Resources** have volunteer openings ranging from assistant administration and leadership to after-school sports coaches and special events coordinators.

Many of these positions coincide with the work of paid employees and — often after demonstration of dedication and proficiency — evolve into employment.

These volunteer opportunities are regularly uploaded by organizations across the Bavarian garrison onto an interactive — and now mobile-friendly — web-portal called Army Family Web Portal.

Army Family Web Portal, which you can visit at <https://vmis.armyfamilywebportal.com>, is a comprehensive resource for military families, providing those new to the military community with information on Army-specific programs and instant access to online trainings.

The website is also home to the volunteer database known as the Volunteer Management Information System, or VMIS, where interested spouses, family members or retirees can search and apply for current volunteer opportunities on installations and interact with volunteer coordinators.

Much like an online job listing, VMIS demonstrates the community's demand for volunteer engagement and allows individuals to identify and pursue positions compatible with their background and objectives. Whether you are a young professional seeking office experience, a teenager looking to support the surrounding region, or a seasoned specialist, many on-post offices offer relevant opportunities and desperately depend on your support.

A bit of advice: When you do settle in a volunteer position, be sure your employer and you sign a [Volunteer Agreement \(DD Form 2793\)](#). This spells out your responsibilities. But more importantly, the fine print protects you “for certain purposes relating to compensation for injuries occurring during the performance of approved volunteer services.” Ensure everyone signs it and keep in your records.

VOLUNTEER

Here's how to apply for a volunteer position using VMIS:

Step 1: Register for an Army Family Web Portal Account

- Go to <https://vmis.armyfamilywebportal.com/>
- Select “Register” at the top right
- Complete the registration form

TIP: For subsequent account access, simply click “Login” at the top right

Step 2: Access VMIS

Click “Volunteer Tools” from the top right

Step 3: Locate Your Installation

- Click “Advanced Search” to enter the garrison’s name or, using the CONUS or OCONUS map, click the state or country where the garrison is located
- Identify your “Community” (ex: USAG Bavaria)

Step 4: Narrow the Search

- Choose the country or state of the installation from the “State/Region” drop box (ex: Germany or Armed Forces Europe)
- Enter the zip code of your installation in “Postal Code” (ex: 09114 for Grafenwoehr and 09112 for Vilseck)

TIP: To explore numerous opportunities, select “All” for the Organization Group and Organization drop boxes

Step 5: Apply

- Select the position of interest, review the job description and click “Apply” at the top right corner of the application.
- Fill out the application and click “Submit”

ADDITIONAL RESOURCES

2. Does the Army consider a Home-Based Business competition to MWR or AAFES?

A recent Army directive states that HBBs are not to be considered competitors to AAFES or the Commissary. These agencies are no longer in the HBB approval process and cannot be a reason for HBB disapproval.

3. Can I have a Home-Based Business if I live outside the United States?

Yes, local government licensing requirements, host nation requirements, status of forces agreements (SOFA), military postal service restrictions, and installation advertising practices must be considered when deciding whether to approve HBB applications. Just like in the US, HBB owners are responsible for obtaining and maintaining licenses.

4. I just PCS'd to a new installation but operated a Home-Based Business at my last duty station. Do I still have to submit an application?

Yes, you must receive approval to operate your home-based business at your new installation. Senior commanders are highly encouraged to approve requests for HBBs when the business owner demonstrates authority to operate the same business at a previous duty station and that all local licenses and other legal requirements are met. Make sure your application says you operated your HBB at your previous installation.

HOME BASED BUSINESS

"People are always my #1 priority".

- General James C. McConville,
Army Chief of Staff

SPOUSE EMPLOYMENT

is a key part of Army Family quality of life – Home Based Businesses (HBBs) can be an important contributor.

HBBs allow spouses to work from their Army quarters, developing rewarding careers that follow them through PCS moves. The wide span of HBBs operated by Army spouses includes:

- Car repair service
- Hairdressing and hairstyling
- Pet grooming and pet sitting
- Massage therapy
- Retail sales from home

HBB owners need to obtain approval from the garrison commander or senior commander. We've recently streamlined the process to make it quicker and easier.

Not everyone who works from home operates an HBB though. If you work remotely from your home, you probably don't need approval. Other examples of businesses that don't need approval are

- Bookkeeping and tax preparation
- Personal training conducted outside the home
- Photography, graphic design and advertising services

- Tutoring and music instruction
- Entertainment or travel planning
- Housecleaning and lawn care
- Selling items from multi-level marketing (MLM) companies

HOME BASED BUSINESS APPROVAL IS QUICK AND EASY!

The Army's new standardized HBB application template streamlines the approval process. Of course, installations are still required to adhere to local and state laws and regulations regarding home business operations, so check into those, too.

HERE'S THE PROCESS:

Step 1: Obtain the HBB Application

Visit the Garrison DFMWR or go online to download your HBB application and any required additional forms.

Step 2: Complete the Application

This includes visiting and obtaining approval from installation agencies like the customs office and community housing manager. The application should identify the agencies, but ask your DFMWR representative if you have questions. If you need any additional documentation (like licensing or certifications), get that, too.

Step 3: Turn in the Application

Once you've completed your paperwork, submit the application to your Garrison DFMWR. Keep a copy of the completed application for your own records.

Within 60 days, you should get notification of approval. Simple!

GET APPROVED NOW!

If you operate an HBB on post and aren't yet approved, now's the time to get official.

- We've recently streamlined processes, so they're easier than ever. You can get approved within 60 days.
- Moving your HBB from another installation? If you were approved there, the process is even easier!
- Official on-post offering from AAFES and the Commissary no longer consider HBBs competition, and you don't have to gain their approval.
- New Army guidance directs installations to "find a way to say yes" to HBB owners – so we're prepared to make this easy for you.
- Operating an HBB from your quarters without approval can violate policy and get you in trouble.

Don't delay. Get your Home Based Business registered today by contacting DFMWR!

FAQs

1. Do Home-Based Business owners have to obtain any special insurance or licenses?

The HBB owner is responsible for obtaining the necessary permissions, applicable licenses, and liability insurance. The HBB owner is also responsible for any damages to third parties arising from the conduct of the business.
