DOL VETS TAP opportunities at Serco

Support and work with the U.S. Military in Germany

The Department of Labor (DOL) Veterans' Employment and Training Service (VETS) program requires contractor services to support transitioning Servicemen and women through its highly successful Transition Assistance Program (TAP). This is where Serco comes in. Under DOL VETS TAP, Serco offers job assistance workshops, employment counseling, apprenticeship program placements, and employer outreach to assist transitioning military members, veterans, and military spouses in finding employment.

Employment Facilitator on the DOL VETS TAP program

As an Employment Facilitator, you will:

- Providing transitioning Servicemembers (Active, Reserve, National Guard), family members, and Veterans a comprehensive understanding of preparing for civilian employment, job searching, job application processes, networking, technical training opportunities, credentialing, and assistance in preparing for civilian employment and participation in technical programs and schools; and who can conduct large group instruction and provide counseling on the job search process.
- Guide the transitioning Military Servicemembers in identifying goals while also assisting them with recognizing any employment or education gaps.
- Teaching and/or instructing Military personnel transition to civilian professional and vocational occupations.

How to apply

You can search our careers page with a specific job ID number, or you can filter your search by category, position type, or location. If you have been identified as a qualified candidate, you'll find a streamlined application process.

Employment for Military Spouses

Military spouses are highly skilled, motivated, and flexible professionals with a strong work ethic. Zeiders enjoys helping them leverage their unique talents and cultural affinity with our career opportunities. We see that the specific responsibilities of military life add to the experiences and diversity of thought of military spouses as employees.

Frequent relocations and obligations during deployment may lead to resume gaps. We understand that military spouses are involved in activities and volunteer roles and gain additional skills and talents through these efforts. Highlighting volunteer work and adding the variety of jobs that provide added experience and align with skills is a good way to ensure their resumes and applications truly reflect their abilities.

Many Zeiders employees retain employment through multiple moves and duty station changes. Military spouses join us with a purpose; they want to make a difference to the service members, Veterans, and families we support.

Zeiders team:

65% military affiliated 40% military spouses 25% Veterans

Our Talent Acquisition team includes Veterans and Military Spouses who understand the needs of these communities

13 years with MSEP Military Spouse **Employment Partner**

Why We Hire Veterans

Veterans bring a wealth of real-world life experience to the workforce. They understand the challenges and commitments of military service and the impact that this lifestyle has on the extended military family. Zeiders legacy of empowering individuals and families in ways that make a positive difference in their own lives, and in their communities, coordinates perfectly with the background that Veterans bring to their employers.

Cross-walking the wide variety of skills developed through service is key to helping Veterans find the right career opportunity. As a Best for Veterans employer, we understand how to translate these skills into career options that ensure Veterans find another way to serve with an organization where they can develop their skills and grow.

Our long-standing dedication to military quality of life means we offer services to the military and veteran communities that are comprehensive and meaningful in terms of individual impact while connecting Veterans with fulfilling and meaningful careers.

"Transitioning out of the military was difficult for me; I missed the sense of team and camaraderie. I have found it here at Zeiders."

Family Child Care (FCC)

The Family Child Care (FCC) program is an integral part of the Child and Youth Services (CYS) childcare system available on Army garrisons. FCC provides quality home-based care for children 4 weeks to 12 years old and is offered in government owned and government leased housing located on post.

FCC has unique qualities that make it a preferred choice for many Families. It offers flexible hours: full-day, part-day, extended /overnight, weekend and hourly care in a comfortable home setting. FCC also offers a 15% cost savings compared to Child Development Centers and School Age Care fees.

FCC Providers are vetted and only the best qualified candidates are recommended for certification. Providers must complete background checks and regular home inspections as a part of certification. They also receive paid ongoing training for professional development.

Army policy requires that anyone providing care on a regular basis for more than 10 hours per week must be certified through Child and Youth Services as an FCC provider.

Providing unauthorized childcare in government owned/leased housing puts you at risk of losing your housing privileges. Unauthorized childcare by an uncertified person puts your child at risk.

For more information on how to register your children in the FCC Program visit MCC.COM.

Announcing New Bonuses for FCC Providers!

We're offering two bonuses to qualified FCC providers!

Relocation Bonus: Up to a \$1000 relocation bonus will be provided to FCC providers who successfully relocate their home business to a gaining installation. Providers will receive payments over a twelve-month period. Payments will begin upon home certification and enrollment of at least two children who are unrelated to the provider. Payments will be disbursed monthly with an initial payment of \$120 and \$80 thereafter (for the next eleven months). If the home closes or certification is lost during this time, all remaining payments will be forfeited.

Recruitment Bonus: Up to a \$1000 recruitment bonus will be provided to FCC Providers who successfully open their homes. Providers will receive payments over a twelve-month period. Payments will begin upon home certification and enrollment of at least two children who are unrelated to the provider. Payments will be disbursed monthly with an initial payment of \$120 and \$80 thereafter (for the next eleven months). If the home closes or certification is lost during this time, all remaining payments will be forfeited. This is a one-time incentive.

Most In Demand Jobs in Germany

Germany is one of the world's leading economies and a hub of innovation, industry, and technology. As the country continues to grow, so does the demand for skilled professionals across various industries. If you're planning to build your career in Germany, understanding the job market trends is essential. Here's a detailed overview of the **most in-demand jobs in Germany in 2025**, including salary expectations, qualifications, and the industries that need skilled workers the most.

1. Healthcare Professionals (Doctors and Nurses)

Why This Job is in Demand:

Germany faces a growing shortage of healthcare workers due to its aging population. With hospitals, clinics, and elderly care facilities struggling to fill positions, healthcare professionals remain at the top of the most in-demand jobs in Germany in 2025.

Roles and Requirements:

- **Nurses**: Candidates with B1 or B2-level German language proficiency and a nursing degree (or Ausbildung) are highly sought after.
- **Doctors**: Specializations like internal medicine, anesthesiology, and surgery are in demand. Foreign doctors must clear the German medical licensing exam.

Average Salary:

Nurses: €33,000 – €40,000/year
 Doctors: €70,000 – €120,000/year

2. IT Specialists and Software Developers

Why This Job is in Demand:

Germany is at the forefront of technological innovation, driving demand for skilled IT professionals. From automation and artificial intelligence to cybersecurity, companies need specialists to keep up with global advancements.

Roles and Requirements:

- Software Developers: Expertise in programming languages like Java, Python, and C++.
- IT Security Specialists: Focus on safeguarding data and networks.
- Data Scientists: Skilled in analytics, AI, and big data tools.

Average Salary:

Software Developers: €50,000 – €80,000/year
 IT Security Specialists: €60,000 – €90,000/year

3. Engineers

Why This Job is in Demand:

Germany is known as the "Land of Engineers," but there's a growing skills gap in fields like mechanical, electrical, and civil engineering. Engineers are crucial for industries like automotive, manufacturing, and construction. Roles and Requirements:

- Mechanical Engineers: Specializing in machinery and automotive technology.
- Electrical Engineers: Expertise in renewable energy and automation.
- Civil Engineers: Focus on urban development and infrastructure projects.

Average Salary:

Mechanical Engineers: €50,000 – €75,000/year
 Electrical Engineers: €55,000 – €85,000/year

4. Skilled Trades and Technicians

Why This Job is in Demand:

Germany's dual education system emphasizes apprenticeships, but the country still faces a shortage of skilled tradespeople in areas like plumbing, electrical work, and mechatronics.

Roles and Requirements:

- **Electricians**: Expertise in maintaining and installing electrical systems.
- Mechatronics Technicians: A mix of mechanical and electrical skills.
- Plumbers and HVAC Technicians: Focus on water, heating, and cooling systems.

Average Salary:

• Technicians: €35,000 – €50,000/year

5. Green Energy and Sustainability Experts

Why This Job is in Demand:

As Germany shifts toward renewable energy and sustainable development, professionals in green energy, environmental science, and sustainability consulting are in high demand.

Roles and Requirements:

- Renewable Energy Engineers: Solar and wind energy system specialists.
- Sustainability Consultants: Advising companies on eco-friendly practices.
- Environmental Scientists: Addressing climate change challenges.

Average Salary:

Renewable Energy Engineers: €50,000 – €75,000/year

6. Financial Analysts and Accountants

Why This Job is in Demand:

Germany's robust economy and global businesses require financial experts to manage investments, taxes, and compliance.

Roles and Requirements:

- Accountants: Knowledge of international financial reporting standards (IFRS).
- Financial Analysts: Expertise in market trends and investment strategies.
- Tax Consultants: Understanding German tax laws.

Average Salary:

Financial Analysts: €50,000 – €70,000/year

7. Education Professionals

Why This Job is in Demand:

As Germany aims to improve its education system and integrate more international students, there's a growing need for teachers, especially in STEM fields and English language instruction.

Roles and Requirements:

- **STEM Teachers**: Focus on science, technology, engineering, and math.
- English Instructors: Fluency in English and relevant certifications (e.g., TEFL).

Average Salary:

• Teachers: €40,000 – €55,000/year

8. Logistics and Supply Chain Managers

Why This Job is in Demand:

Germany's position as a global trade leader requires professionals who can manage supply chains efficiently. Roles and Requirements:

• Logistics Managers: Coordinating shipments and warehousing.

• Supply Chain Analysts: Streamlining operations for cost efficiency.

Average Salary:

• Logistics Managers: €45,000 – €65,000/year

Why Focus on the Most In-Demand Jobs in Germany in 2025?

Germany's shortage of skilled professionals opens incredible opportunities for those willing to relocate. Learning the German language is often a key step in securing these roles, as most jobs require at least B1-level proficiency. Additionally, Germany's visa-friendly policies, such as the EU Blue Card, make it easier for international workers to move and settle.

Turns out, many organizations at U.S. Army Garrison Bavaria need help. Organizations such as your **Soldier Family Readiness Group, American Red Cross**, nearby **DoDEA Schools, USO, MWR** and the **Directorate of Human Resources** have volunteer openings ranging from assistant administration and leadership to after-school sports coaches and special events coordinators.

Many of these positions coincide with the work of paid employees and — often after demonstration of dedication and proficiency — evolve into employment.

These volunteer opportunities are regularly uploaded by organizations across the Bavarian garrison onto an interactive — and now mobile-friendly — web-portal called Army Family Web Portal.

Army Family Web Portal, which you can visit at https://vmis.armyfamilywebportal.com, is a comprehensive resource for military families, providing those new to the military community with information on Army-specific programs and instant access to online trainings.

The website is also home to the volunteer database known as the Volunteer Management Information System, or VMIS, where interested spouses, family members or retirees can search and apply for current volunteer opportunities on installations and interact with volunteer coordinators.

Much like an online job listing, VMIS demonstrates the community's demand for volunteer engagement and allows individuals to identify and pursue positions compatible with their background and objectives. Whether you are a young professional seeking office experience, a teenager looking to support the surrounding region, or a seasoned specialist, many on-post offices offer relevant opportunities and desperately depend on your support.

A bit of advice: When you do settle in a volunteer position, be sure your employer and you sign a <u>Volunteer Agreement (DD Form 2793)</u>. This spells out your responsibilities. But more importantly, the fine print protects you "for certain purposes relating to compensation for injuries occurring during the performance of approved volunteer services." Ensure everyone signs it and keep in your records.

Here's how to apply for a volunteer position using VMIS:

Step 1: Register for an Army Family Web Portal Account

- o Go to https://vmis.armyfamilywebportal.com/
- o Select "Register" at the top right
- o Complete the registration form

TIP: For subsequent account access, simply click "Login" at the top right

Step 2: Access VMIS

Click "Volunteer Tools" from the top right

Step 3: Locate Your Installation

- Click "Advanced Search" to enter the garrison's name or, using the CONUS or OCONUS map, click the state or country where the garrison is located
- o Identify your "Community" (ex: USAG Bavaria)

Step 4: Narrow the Search

- Choose the country or state of the installation from the "State/Region" drop box (ex: Germany or Armed Forces Europe)
- Enter the zip code of your installation in "Postal Code" (ex: 09114 for Grafenwoehr and 09112 for Vilseck)

TIP: To explore numerous opportunities, select "All" for the Organization Group and Organization drop boxes

Step 5: Apply

- Select the position of interest, review the job description and click "Apply" at the top right corner of the application.
- o Fill out the application and click "Submit"

Paid Federal Intern Program

Background

The Student Intern Program provides college students an exciting opportunity to explore federal employment. The program attracts talented college students from across the country and immerses them in the values-based culture and important work of Army Civilians. Unlike Soldiers, Army Civilians are federal employees who are not required to enlist, wear a uniform, or complete military training.

Eligibility Requirements

- U.S. Citizen
- Ability to obtain and maintain a clearance (if required)
- Current student enrolled in a full-time degree program

About the Program

The Student Intern Program is aimed at current college students pursuing undergraduate or graduate degrees. These students are given the opportunity to gain hands-on experience in federal employment and are exposed to the diverse career paths and opportunities within the Army Civilian workforce.

<u>Full-time Hours</u>: Interns work full-time, typically 40 hours per week for up to 12 weeks over the summer. They earn \$15.00 - \$25.13 per hour depending on qualifications, location, and position.

<u>Tuition Assistance</u>: Interns in STEM and difficult- tofill positions may also receive up to \$10,000 per academic year as tuition assistance.

<u>Hiring Bonuses</u>: Some difficult-to-fill positions may also pay a hiring bonus of \$1,000 or more.

The Student Intern Program welcomes applicants majoring in a variety of fields including:

- Architecture
- Biology
- Business Administration
- Business Communications
- Cognitive Science
- Computer Science
- Data Science
- Engineering
- Economics
- English

- Finance/Accounting
- Geology

My Career Advancement Account Helping Spouses Reach Career Goals

Did you know?

Military spouses may use their My Career Advancement Account Scholarship at any approved institution to receive assistance with the costs of national tests for course credits required for a degree approved under the program (including the College Level Examination Program tests).

For more information, visit https://mycaa. militaryonesource.mil/mycaa/.

For additional resources and frequently asked questions, visit https://mycaa.militaryonesource.mil/mycaa/resources.

What is the My Career Advancement Account Scholarship?

The My Career Advancement Account Scholarship is a workforce development program that provides up to \$4,000 in financial assistance to eligible military spouses for the pursuit of a license, certification or associate degree or for continuing education courses to maintain a license or certification necessary for employment. The MyCAA Scholarship is part of the Defense Department Spouse Education and Career Opportunities program, which offers comprehensive coaching, information, tools and resources to support military spouses in meeting their career and education goals.

Who is eligible for MyCAA?

- Spouses of active-duty service members and spouses of National Guard and reserve service members on Title 10 orders in pay grades E-1 through E-9, W-1 through W-3 and O-1 through O-3.
- Spouses who have completed high school or obtained a GED.

You can continue your approved education and training plan if your sponsor is promoted.

Fast facts

- The My Career Advancement Account Scholarship provides a maximum tuition benefit of \$4,000 with an annual fiscal year cap of \$2,000 to assist eligible military spouses who need professional credentials to meet their career goals.
- The My Career Advancement Account Scholarship will pay for tuition and testing fees.
- You have a three-year time limit to use your My Career Advancement Account Scholarship funding, which begins on the start date of the first course taken.
- NOTE: Programs only leading to a certificate are not eligible for the My Career Advancement Account Scholarship. You must be in pursuit of a recognized postsecondary credential.

How to establish an account with the My Career Advancement Account Scholarship

Spouses can visit the My Career Advancement Account Scholarship website at https://mycaa.militaryonesource.mil/mycaa and provide the required **Spouse Profile** information. All scholarship participants are required to use DS Logon to access their accounts. Military spouses enrolled in the Defense Enrollment Eligibility Reporting System are eligible for a DS Logon account. For information about creating a DS Logon premium account, click on the Need Support? button at the DS Logon page: https://myaccess.dmdc.osd.mil/identitymanagement/app/login.

What about schools and training providers?

Schools and training providers interested in participating in the My Career Advancement Account Scholarship program can call 334-517-6160 for assistance or visit the For Institutions resource page on the My Career Advancement Account Scholarship website at https://mycaa.militaryonesource.mil/mycaa/school-resources/for-institutions for program eligibility and participation information.

Where to get additional information or assistance

Call 800-342-9647 and ask to speak with a SECO career coach or advisor from 7 a.m. to 10 p.m. ET Monday through Friday or from 10 a.m. to 5 p.m. ET on Saturday.

You can also connect directly with a SECO career professional about your unique career or education needs by clicking the Live Chat link on MySECO.MilitaryOneSource.mil at the top of any page. The SECO Career Center can help spouses:

- Explore career interests, evaluate school options and compare programs of study, including costs.
- Review and approve spouse education and training plans.
- Make allowable changes to career goals and coursework.

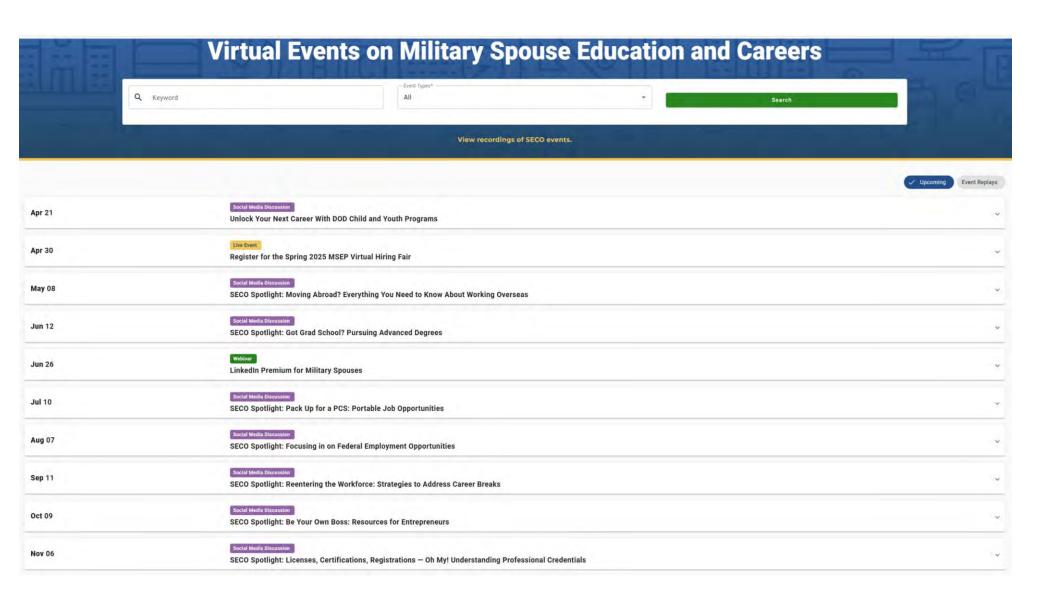

Career coaching services are not available on federal holidays.

TRANSITION ASSISTANCE PROGRAM

U.S. DEPARTMENT OF LABOR • VETERANS' EMPLOYMENT AND TRAINING SERVICE

TRANSITION EMPLOYMENT ASSISTANCE FOR MILITARY SPOUSES AND CAREGIVERS (TEAMS)

Transition Employment Assistance for Military Spouses and Caregivers (TEAMS) workshops are conducted by the Department of Labor (DOL) Veterans' Employment and Training Service (VETS) as a part of the Transition Assistance Program (TAP).

TEAMS empowers military spouses and caregivers with an employment portfolio to address the specific employment needs and barriers they face. Spouses of service members experience unemployment and underemployment due to multiple factors including frequent moves, lack of education, and licensing and credential portability issues. Each year approximately 90,000 military spouses are impacted by their service members' military transition while approximately 200,000 are impacted annually by Permanent Change of Station moves.

TEAMS is a specially designed curriculum consisting of 10 highly focused employment workshops to assist military spouses and caregivers with identifying and addressing common employment barriers, learning about specialized programs, and exploring available resources.

All TEAMS workshops are free, instructor-led training sessions delivered by trained facilitators both in-person and virtually, and at a variety of times, to provide maximum flexibility for busy spouses stationed worldwide.

Current workshops are:

- Marketing Me: This two-hour workshop is focused on exploring networking opportunities and developing a job hunt plan
- **Career Credentials**: This two-hour workshop defines professional licensing/credentials and identifies portability resources
- Your Next Move This two-hour workshop defines and explore career opportunities
- Mastering Resume Essentials A four-and-a-half hour workshop creates your most effective resume for the career you want
- Federal Hiring This two-hour workshop uses online resources to explore federal employment
- Interview Skills This two-hour workshop prepares you for those hard to answer questions
- Salary Negotiations This two-hour workshop teaches salary and compensation negotiation skills
- LinkedIn Profiles This two-hour workshop creates a profile that markets your professional brand
- LinkedIn Job Search This two-hour workshop gives insider knowledge and explores LinkedIn features
- **Flexible Job Options** This two-hour workshop demonstrates how to explore and secure legitimate, career-building flexible job options

For more information about TEAMS, visit dol.gov/teamsworkshops or email MilSpouse@dol.gov.

10 CAREER LESSONS YOU LEARN TOO LATE

(Don't wait until it's too late.)

1. YOUR COMPANY ISN'T LOYAL.

→ Loyalty goes to profits, not people. Always build your career on value—not promises.

3. JOB TITLES DON'T EQUAL INFLUENCE.

→ People respect actions and results, not titles.

5. FEEDBACK ISN'T PERSONAL.

→ Real growth comes from feedback, not praise. Embrace criticism.

7. PERFECTIONISM SLOWS YOU DOWN.

→ Real success comes from speed, iteration, and improvement—not perfection.

9. GREAT CAREERS HAVE BOUNDARIES.

→ Burnout doesn't build careers. Clear boundaries and deliberate rest do.

2. HARD WORK ALONE WON'T GET YOU PROMOTED.

→ Promotions go to visible impact, not quiet effort.

4. BUSY ISN'T SUCCESSFUL.

→ Impact means doing fewer things, better—not doing everything.

8. YOU WON'T SUCCEED ALONE.

→ Lone wolves burn out. The best careers grow through relationships.

YOUR NETWORK IS YOUR NET WORTH.

→ Great opportunities are never
 advertised. They're shared privately.

10. WAITING TO BE NOTICED GUARANTEES INVISIBILITY.

→ Self-advocacy isn't optional. It's essential.
