2. PURPOSE. To provide guidance on requirements and procedures for IT management and acquisition.

3. APPLICABILITY. This policy applies to all Garrison Directorates and staff elements.

4. POLICY.

a. It is essential for the Garrison to have a managed and coordinated acquisition strategy for IT in order to create an effective and efficient organization that minimizes risk to the Command and maximizes information age delivery of mission services.

b. All Soldiers and Civilian employees of the Garrison must ensure that IT hardware, software and services are acquired and implemented using the procedures defined by the IMCOM, Army Material Command, Department of the Army and the Department of Defense.

c. This policy applies to the procurement of IT services, hardware or software regardless of funding source or appropriation. It applies to contracts, service level agreements, partnerships, intergovernmental service agreements as well as Government Purchase Card (GPC) purchases. No Garrison employee will direct or
