2. **Applicability.** This policy applies to all Department of Defense uniformed and civilian personnel assigned or attached to the U.S. Army Contracting Command (ACC) Enterprise.

### 3. Policy.

a. I am committed to the fair and equal employment of individuals with disabilities. Reasonable Accommodations are the key to this non-discriminatory policy. Many individuals with disabilities can work without accommodation, other qualified applicants and employees may face barriers to employment without the accommodation process. This policy ensures qualified individuals with disabilities that require accommodations, are provided a reasonable accommodation, except when such accommodation would cause an undue hardship. A disability with regard to an individual, is (1) a physical or

mental impairment that limits one or more major life activities of such individual; (2) a record of such an impairment; or (3) being regarded as having such an impairment.

b. Reasonable Accommodation is defined as; any change in the work environment or the way things are customarily done that would enable a qualified individual with a disability to enjoy equal employment opportunities. Section 501 of the Rehabilitation Act of 1973 prohibits federal agencies from discriminating against job applicants and employees based on disability and requires agencies to engage in affirmative employment for individuals with disabilities.

c. Employees and applicants for employment with disabilities will be afforded the opportunity to request a reasonable accommodation to enable them to perform the essential functions of a job or apply for employment within the organization. The reasonable accommodation process begins when an individual makes either an oral or written request for an accommodation. The request may be made by the individual, a family member or a health professional on behalf of the individual. To request an accommodation, an individual may use “plain English” and does not need to mention the Rehabilitation Act or “reasonable accommodation.” An individual with a disability may request a reasonable accommodation at any time during the application process or during the period of employment. All requests should be processed within 30 business days.

d. Employees with Targeted/Severe Disabilities will be afforded the opportunity to request PAS, if needed, in addition to reasonable accommodations during work hours and job-related travel. PAS includes services pertaining to eating, putting on/removing clothing, maneuvering, traveling, support in work-related duties, such as reading and note-taking and other related needs in performing activities of daily living, depending on the limitations of the employee(s). PAS are “functional” services not “medical” services nor medical care. The process for requesting PAS, the process for determining whether PAS are required, and the organization’s right to deny based on undue hardship, are the same as for any reasonable accommodation request.

e. Upon receipt of a request for an accommodation, the supervisor should contact the ACC Equal Employment Opportunity (EEO) Office or servicing EEO Office immediately to seek assistance on the proper processing of the request. Processing of accommodations are not the responsibility of Human Resources Office (HRO), nor Human Resource Specialists. If requests are received by the HRO, the EEO Office should be contacted immediately.

e. Employees who perceive they are victims of discrimination based on disability should report it immediately through their supervisory chain of command and must report the incident to the EEO Office within 45 calendar days of the alleged discriminatory act.
