

The Netherlands reopens further with coronavirus entry passes

Enough people have been vaccinated for the coronavirus measures to be relaxed. As of 25 September, people no longer have to stay 1.5 metres from others. You will need a coronavirus entry pass for places that will get busier, such as restaurants and bars, events, music venues, theatres and cinemas.

From 25 September you will need a coronavirus entry pass for:

Food and drink venues such as restaurants, bars and sports clubhouses*

Open between 06.00 in the morning and 00.00 at night.

Entertainment allowed.

No maximum number of visitors.**

Events such as festivals and professional sports matches

Outdoors: no maximum number of visitors.

Indoors with assigned seats: no maximum number of visitors.

Indoors without assigned seats: up to 75% capacity and no later than 00.00.

Arts and culture, such as music venues, theatres and cinemas

No maximum number of visitors.**

* Coronavirus entry passes are not required in outdoor seating areas and in a certain number of other, specific locations. For more information, go to rijksoverheid.nl/coronatoegangsbewijs.

** Indoor events without assigned seats: up to 75% capacity and no later than 00.00.

How the coronavirus entry pass works:

Step 1 Download the CoronaCheck app.

Step 2 Log in with DigiD or enter your retrieval code.

Step 3 Retrieve your proof of vaccination, proof of recovery or negative test result.

Step 4 After retrieving your proof you will get a unique QR code. This is your coronavirus entry pass.

Step 5 Show your coronavirus entry pass and your ID if the venue requires this.

If you want a paper coronavirus entry pass instead, go to CoronaCheck.nl/print.

If you don't have proof of vaccination or proof of recovery, get a free test no more than 24 hours before entry via testenvoortoeegang.nl.

Face masks required

On public transport.

On private passenger transport.

In certain places at airports and on aircraft.

Advice to work from home

Work from home if you can, and go to the office if you must

Wash

Wash your hands often.
Cough and sneeze into your elbow.

Distance

1.5 metres remains a safe distance.
Don't shake hands.

Ventilate

Ensure a good flow of fresh air.

Test

COVID-19 symptoms? Stay at home. Get tested as soon as possible.
