Pre-Validation Training is the Soldier's responsibility and should be completed prior to arrival at the CRC. All tasks are required to the prescribed level of learning (i.e. watch a video, view a briefing, successfully complete an on-line quiz, etc.). If not complete, personal time will be limited. Individuals who arrive at the CRCs without pre-certification will receive the required training at the CRC. Successful completion of each block of instruction provided will render the user a self-validation completion certificate. Soldiers must bring copies of their certificates with them to the CRC. The CRC will ensure that all necessary training is conducted prior to deployment.

NOTE: If you experience difficulties with accessing any links to CBTs, please contact CRC Operations at 915-568-6694.
