

FORT BRAGG ACTIVE DUTY MILITARY  
(within 180 days of ETS)  
*Spouses and local veterans are also eligible.*

Take advantage of **NO COST** construction industry training, certification and job placement through a new program at Fort Bragg!

Program Overview

**H**BI, a national leader for career training in the building industry, and the Fort Bragg Soldiers for Life/Transition Assistance Program are providing training, certification and placement in the construction industry.

Participants learn building construction technology, carpentry, electrical, painting, plumbing and other trades. Program graduates earn an industry-sponsored and validated pre-apprenticeship certificate.

In partnership with

Each participant in the HBI program are:

- **Connected** with professional and industry-credentialed instructors
- Screened and **Assessed** to develop an individualized training plan
- **Trained** in the multiplicity of jobs and careers in the industry
- **Certified** to perform in a high-growth construction career
- Prepared and ready to be **Placed** in quality construction jobs

Prepare yourself for the next step! Construction employers need qualified workers at all levels of the industry, including:

semi-skilled craft workers, apprentices, managers and subcontractors.

**Jobs are available!**
