

AN AMAZING FUTURE WITH SIEMENS HEALTHINEERS AWAITS

About Siemens Healthineers:

Siemens Healthineers is looking for talented individuals destined to usher in the next era of healthcare. We live in a moment of remarkable change and opportunity. The convergence of data and technology is transforming healthcare and life sciences organizations in every way.

Are you transitioning now or in the next 12 months, if so these opportunities are for you!!! Full training provided to build a rewarding career awaits you.

We are seeking Field Technicians, Field Engineers, and Customer Support Engineers throughout the United States as well as some remote opportunities.

- Any experience in testing, repairing, and maintaining of medical equipment or biomedical experience is a plus
- Some electronics and computer experience is recommended
- Must hold a current valid driver's license and a good driving record, plus a willingness to work different shifts as business needs dictate
- Ability to travel and provide service in assigned geography, as well as periodic travel for training

We will be hosting an exciting interactive information session on April 27th. There will be a morning session (9AM -11AM Est) and an afternoon session (2PM – 4PM Est) Learn about the roles , hear personal success stories and learn how to take the next step.

Do not miss this great start to your career. To attend please email so we can ensure you receive details – We will respond with an invite to the events.
