MEMORANDUM FOR SEE DISTRIBUTION

SUBJECT: Army Directive 2019-26 (Implementation of Changes to the Soldier for Life - Transition Assistance Program)

1. References:

- a. Title 10, United States Code (U.S.C.), section 1142.
- b. Title 10, U.S.C., section 1144.
- c. Department of Defense Instruction 1332.35 (Transition Assistance Program (TAP) for Military Personnel); February 29, 2016; Incorporating Change 1, Effective November 9, 2018.
- d. Army Regulation (AR) 600-81 (Soldier for Life - Transition Assistance Program), 17 May 2016.

2. Purpose. This directive implements improvements to the Transition Assistance Program mandated by the National Defense Authorization Act (NDAA) for Fiscal Year 2019 (FY19). Effective 1 October 2019, commanders will ensure compliance with the new policies and procedures.

3. Applicability. This directive applies to the Regular Army, Army National Guard/Army National Guard of the United States (ARNG), and U.S. Army Reserve (USAR).

4. Background. AR 600-81 requires all Soldiers in the Regular Army and the Active Guard Reserve Program to complete the Soldier for Life (SFL) - Transition Assistance Program (TAP) process before the separation date on their DD Form 214 (Certificate of Release or Discharge From Active Duty). ARNG and USAR Soldiers serving 180 continuous days or more on active duty pursuant to Title 10 must also complete the SFL-TAP process before the separation date on their DD Form 214. Soldiers serving on active duty pursuant to Title 10 for training and professional education are not required to complete SFL-TAP, nor are members of the ARNG serving pursuant to Title 32.

5. Policy. Effective 1 October 2019, all Soldiers must begin the TAP process no later than 365 days before the date of their anticipated transition from active duty. Reserve component Soldiers with more than 180 days of continuous service but less than 365 days of mobilization must complete the self-assessment and individualized initial counseling (described in paragraph 5a) during pre-mobilization, initial mobilization, or as soon as possible thereafter.

**SUBJECT: Army Directive 2019-26 (Implementation of Changes to the Soldier for Life - Transition Assistance Program)**

a. Eligible Soldiers must conduct a self-assessment and receive individualized initial counseling in person or through video from the Army TAP Virtual Center NLT 12 months before their anticipated transition or separation from active duty. Soldiers deployed to an austere environment may conduct a telephone or Virtual Center (non-video) initial counseling session if sufficient equipment or bandwidth is not available to support video counseling.

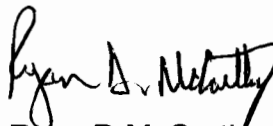

b. SFL-TAP counselors will use Soldier self-assessment results and individualized initial counseling sessions to assign Soldiers to one of three distinct career readiness tiers. Tier levels factor in Soldier needs, including their overall preparedness to successfully transition from active duty. Transition tier levels, each with specific Career Readiness Standards (CRS), are described in the enclosure. Commanders must ensure their Soldiers complete the appropriate CRS associated with their assigned transition tier (see enclosure).

c. Installation Transition Services Managers must provide SFL-TAP classrooms in support of the four 2-day career tracks listed in the enclosure. Commanders will ensure that all transitioning Soldiers attend their selected career track. Major changes and new requirements for SFL-TAP are outlined in the enclosure.

6. Instructional Model. Pursuant to DoD Instruction 1332.35 and AR 600-81, installation commanders will ensure that the primary TAP instructional delivery mode their Soldiers use will be based on the "distributive" model (spread out over 12 or more months for maximum benefit). The 5-day consecutive instructional model for TAP will be used by eligible ARNG and USAR Soldiers mobilized for less than 18 months and for all other eligible Soldiers only in exceptional instances, such as involuntary, short-notice, and unanticipated separations.

7. Proponent. The Deputy Chief of Staff, G-1 is the proponent for this policy and will publish implementing guidance for the NDAA-mandated changes to TAP before 1 October 2019. The Deputy Chief of Staff, G-1 will incorporate the provisions of this directive into AR 600-81 within 2 years of the date of this directive. This directive is rescinded upon publication of the revision to AR 600-81.
