

Weapons Catalog

9MM plastic pistol

Full-scale, three dimensional plastic replica of a U.S M9. This device can be used for drill and ceremony, instruction, physical training, drown proofing, vehicle searches, op for players, and demonstrations.

DVC# T 07-099

PN# 691001C099146

M16 A2 plastic weapon

Full-scale, three dimensional plastic replica of M16A2. This device can be used for drill and ceremony instruction, physical training, vehicle searches, op for players, and demonstrations.

DVC# T 07-083B

PN# 691001C066392

PM-50 mock pistol

Full-scale, three dimensional plastic replica. This device can be used for instruction, vehicle searches, op for players, and demonstrations.

DVC# T 20-50

PN# 691001C118020

M4 plastic carbine

Full-scale, three dimensional plastic M4 Carbine. This device can be used for drill and ceremony instruction, physical training, vehicle searches, op for players, and demonstrations.

DVC# T 07-096

PN# 692001C066414

Weapons Catalog

AK-47 mock weapon

Full-scale, three dimensional plastic replica of an AK47, the most common weapon used by the opposing forces. This device can be used for instruction, vehicle searches, op for players, and demonstrations.

DVC# T 20-006

PN# 692001C054602

SVD sniper rifle

Full-scale, three dimensional plastic replicas of a Dragonov sniper rifle. This device can be used for instruction, vehicle searches, op for players, and demonstrations.

DVC# T 20-018

PN# 691001C11837

RPK squad machine gun

Full-scale, three dimensional plastic replica of a Soviet RPK. This device can be used for instruction, vehicle searches, op for players, and demonstrations.

DVC# T 20-007

PN# 691001C117909

RPG-7 launcher w/ grenade

Full-scale, three dimensional plastic replicas of a RPG-7. This device can be used for instruction, vehicle searches, op for players, and demonstrations.

DVC# T 20-005

PN# 691001C117900

SA-18 grail

DVC# T 20-014
PN# 691001T000857

JAVELIN Dummy round

Inert weighted dummy JAVELIN round that can be used with the unit owned CLU to train gunners.

DVC# T 07-093
PN# 691001C118936

AT-4 Inert Launcher

Inert tube for AT-4 training.

DVC# T 07-106
NSN# 6920012736081

2:1 Scale M16A2 Rifle

For classroom training on the M16 Family of weapons.

DVC# L FB20-98

Weapons Catalog

XM2A MG SIMULATOR

The device provides simulated machine gun fire for training, thus adding realism to day or night training maneuvers and conditioning soldiers to the sound and flash of weapons fire. They operate on oxygen and propane.

DVC# L FB07-05

Riddle sighting device

Weapon training support device for use during basic rifle marksmanship training.

DVC# T 07-087

XM-10 IED blast simulator

The devices are noise simulators which can be used in all types of combat courses. They can be used to simulate the noise of artillery and mortar fire, demolitions, and mines. They operate on oxygen and propane and remote electric firing.

DVC# L FB06-01

Shadow box

A wooden crate device that provide a position cradle for firing and aiming the weapon. This device is used for basic rifle marksmanship training.

DVC# L FB07-02B

Weapons Catalog

M15 sighting device

Weapon training support device for use during basic rifle marksmanship training.

Target box paddle

Soldiers practice with this device to insure that they can find the same aiming point each time they fire. Soldiers look through the sights of a rifle, (in a cradle), and tell in which direction they need to move the paddle.

DVC# L 07-086

Sighting device

A metal frame that attaches to the rear of the M16A1/A2 rifle carrying handle. A piece of smoked plexiglass is inserted in the frame to allow a coach to view the Soldier's aiming point.
