

NCOA MISSION

The XVIII ABN Corp and Fort Bragg NCO Academy will provide professional military education that develops enlisted leaders who are fit, disciplined, and well-educated professionals that return to their formations ready to lead from the front and meet the complex challenges of their Operating Environments.

NCOA VISION

We will continue to remain a fully accredited institution that provides Fort Bragg tenant units and the Eastern Region with doctrine based instruction supporting formations for the Global Response Force, Special Operations, and Theater Support elements. We will be a learning institution of world class NCOs and Department of Army Civilians that effectively collaborate, communicate, and establish a positive learning environment necessary to provide Commanders with an intellectual and flexible future Corp of Non-Commissioned Officers. We will ensure ALL learners are treated with dignity and respect before, during, and after their attendance. We will provide quality, relevant, rigorous, and effective learning experiences through outcome-oriented instructional strategies that foster critical thinking and initiative. We will provide operationally relevant content which extends learning beyond the institution in a career-long continuum to reinforce the 21st Century Soldier competencies in order to sustain a professional, ethical, NCO Corps. We will maintain and enforce standards and discipline providing a firm and fair command climate that encourages self development for our staff and faculty, caring for our learners, facilitators, staff and our Families.

NCOA COMMAND PHILOSOPHY (N.C.O.S.)

Never compromise standards

- be honest, be candid, and be tactful
- be professional and always make the necessary correction

Create a positive classroom/work environment

- smile and enjoy your profession
- communicate face to face whenever possible

Open to change and new ideas

- respect the opinion of others and listen to their thoughts; promote critical thinking
- always treat others with dignity and respect

Set the example

- be a team player and help those around you succeed
- be better than you were yesterday and build a legacy others will emulate
