

IED Catalog

IED Training Kit

Kit contains different types of Iraqi training munitions. The intent is that while training, a unit will be exposed to a wide variety of IEDs. The munitions in the kit are interchangeable to reflect the weapon of choice used in the area of operation.

Inert suicide vest

A full-scale replica of a vest with inert pipe bombs, nails and nuts for shrapnel, and an alarm. This device will alert the students when the trigger device is pressed.

DVC# L 001-160

IEDES NON-PYRO Set

The purpose of the IEDES 1 Training System is to provide visual and audio signature effects that realistically replicate combat situations, in support of Explosive Hazard Defeat (EHD) training objectives. Training is required to use this device.
