

BASE SUPPLY CENTER™

Your Procurement Solution

The AbilityOne® Base Supply Center™ (BSC) program harnesses the resources of a nationwide network of providers to offer thousands of quality products to government and military customers.

Today, more than 150 BSCs located on military bases and federal installations across the country offer one-stop shopping to military personnel and federal employees. Convenient locations allow personnel to walk in, select needed supplies and, in most cases, have them delivered on-base or in the office that same day.

When you purchase SKILCRAFT® and other AbilityOne products at your local BSC, you **help thousands** of people who are blind or have significant disabilities live more independent lives through rewarding careers.

Support the AbilityOne Program by Shopping at BSCs

The AbilityOne® Program is one of the nation's largest employment resources for people who are blind or have significant disabilities, providing employment opportunities to more than 45,000 people, including approximately 3,000 veterans.

Purchasing products at your local BSC creates and sustains hundreds of jobs for people who are blind or have significant disabilities, producing and shipping products, providing services, and in many cases, staffing the BSCs.
