

Join the Program!

For either program you choose to participate in, the benefits are worth it! Participating in either program is easier than you think. Simply visit your Community Office with a copy of the Service Member's deployment orders, let us know which option you are interested in, and we will walk you through the rest.

Our friendly, knowledgeable staff will be able to answer any questions you have and explain the full benefits to you and your family.

Let us care for you while your loved one is away. Convenience, comfort, and support are all a part of our community when your loved one is called to serve our Country

OPTION ONE: 01

Let Us Be Your Storage!

Sometimes, families decide to go home during a deployment to be closer to family and friends, but this decision can also put extra burden on family members.

Families are paying to move and store personal belongings, instead of being able to spend the much-needed quality time with their Service Members before and after deployment.

LET US MAKE IT EASIER! ✓

1. Keep your home with everything inside to reduce stress on your family.
2. Save money!
3. We perform routine maintenance checks to ensure everything is working properly while you are away.

OPTION TWO: 02

Stay with Us!

Families who decide to stay with us during a deployment can enroll in our **Deployed Service Member Punch Card Program!** This program provides services to families so the burden can be lifted from the spouse and children.

From lawn care to gift wrapping, Campbell Crossing has you covered! Our Punch Card Program offers a variety of options for those honey do list items in your home; tailored to meet the needs of your family.
