Attachment 1: 15TR0226 Tree Grinding Report

Attachment 2: Personnel Qualifications

Introduction

In accordance with Stipulation (J.1.a.) of the *Amended Programmatic Agreement Among the United States Army, The State Historic Preservation Officer of Kentucky and the State Historic Preservation Officer of Tennessee regarding the Operation, Maintenance, and Development of The Fort Campbell Army Installation at Fort Campbell, Kentucky* (Amended December 2017), an annual report of all Army projects and activities carried out on the Kentucky portion of Fort Campbell, and reviewed by the Fort Campbell Cultural Resource Management Program (CRMP) must be submitted to the Advisory Council on Historic Preservation (ACHP), Installation Management Command-Readiness (IMCOM), and the Kentucky State Heritage Council offices (KY SHPO). The following report includes a list of projects and activities that have been reviewed for possible effects to historic properties, a determination of those effects, a summary of mitigation and/or treatment measures, and a summary of consultation activities performed by the CRMP in Christian and Trigg Counties, Kentucky.

Planning

Integrated Cultural Resource Management Plan

Fort Campbell CRMP has finalized the Integrated Cultural Resource Management Plan (ICRMP) after input from the KY SHPO in May 2013. Fort Campbell will be completely updating the ICRMP to incorporate updated review procedures upon signature of the new Programmatic Agreement with both states and ACHP. The new Programmatic Agreement is expected to be finalized within the 2018 calendar year. Until that time, the ICRMP will be reviewed yearly. The yearly review of the ICRMP was completed in July 2017. The annual review to the ICRMP included updates to NRHP statuses of identified archaeological sites and a list of projects completed by Fort Campbell. The review also included updated contact information for pertinent Fort Campbell personnel, tribal contacts, and preservation office contacts. The annual update is uploaded on the Fort Campbell Cultural Resources website at:

<http://www.campbell.army.mil/Installation/Pages/Cultural-Resources.aspx>

Programmatic Agreements

Fort Campbell has two programmatic agreements for operations that were amended in December 2017 to extend the agreement until December 31, 2018. *Programmatic Agreement Among the United States Army, The State Historic Preservation Officer of Kentucky and the State Historic Preservation Officer of Tennessee regarding the Operation, Maintenance, and Development of The Fort Campbell Army Installation at Fort Campbell, Kentucky* (Effective January, 2009) covers undertakings across the installation. *Programmatic Agreement Between Fort Campbell and the Tennessee State Historic Preservation Office Regarding Development, Construction and Operations at Clarksville Base Historic District* (Effective January, 2009) is for development undertakings within the Clarksville Base Historic District. A separate annual report is submitted

for undertakings at Clarksville Base Historic District. These programmatic agreements for operations, maintenance and development are now valid through December 2018. The agreement outlines proper procedures and regulations for managing all undertakings within Christian and Trigg Counties, Kentucky. The CRMP is currently developing a new programmatic agreement for base operations. Fort Campbell has already begun coordinating with the KY SHPO, Tennessee SHPO, and ACHP to provide comments and suggestions regarding the development of a new Programmatic Agreement.

Inventory

Overview

Inventory of resources is a requirement under Section 110 of the National Historic Preservation Act. Under stipulations B.4 and B.6 of the *Operations Programmatic Agreement (OPS PA)*, the CRMP must conduct a comprehensive inventory of archaeological sites and historic buildings. The CRMP maintains an extensive GIS database to keep track of archaeological sites, historic sites, historic buildings and cemeteries across the installation. This database organizes site information in a format that can be queried for various tasks, such as project review and assessment.

Historic Buildings

Historic Buildings are characterized by being at least 50 years old, or older, from the current year. Therefore, as buildings approach the historic year range, they will need to be evaluated for NRHP eligibility to fulfill requirements of Section 110 of the National Historic Preservation Act.

Historic buildings at Fort Campbell include facilities classified as World War II temporary buildings, residences originally constructed as part of the Capehart and Wherry Housing programs (Unaccompanied Personnel Housing) and structures that were used as Cold War weapons and ammunition storage. All of these buildings are more than 50 years old and are considered through nation-wide Program Comments that allows the demolition and alteration of these remaining building types at Fort Campbell.

Architectural Evaluations

Several architectural evaluations are currently in progress. Architectural evaluations are being completed by Thomason and Associates. Fort Campbell will submit ongoing reports to the KY SHPO upon completion.

Table 1. One (1) architectural evaluation reports were completed during calendar year 2017.

Title	Result	Date
<i>Architectural Evaluations of Multiple Structures Fort Campbell, Kentucky: Kentucky Sites—Christian County, KY (Thomason 2017)</i>	Concurrence on Eligibility	October 9, 2017

Archaeological Investigation

Overview

According to the OPS PA, areas that have been heavily disturbed and/or unsafe for survey are excluded from further archaeological survey. These areas include the Cantonment Area and Impact Areas. Some areas that have been previously inventoried for archaeological resources are being resurveyed due to various oversights and other documentation discrepancies of previous work. As funding allows, more Phase I archaeological surveys and Phase II evaluations will continue at Fort Campbell.

New Contracted Phase I Surveys and Phase II Site Evaluations

A Phase I archaeological survey is currently under contract with Fort Campbell. Phase I surveys are being completed in both Tennessee and Kentucky by New South Associates and Environmental Resources Group (ERG). Surveys are being performed for initial site and artifact detection for both Historic and Prehistoric archaeological sites. After receiving the draft report for these surveys, the CRMP will be forwarding to the appropriate SHPO for comments.

During the calendar year of 2017, one (1) phase II evaluation report was sent to the KY SHPO for level of effort for the survey and concurrence with Fort Campbell’s eligibility determinations.

Table 2. Phase I and Phase II Reports sent between January 2017-December 2017

Title	Result	Date
<i>Phase II NRHP Evaluations of 12 Sites, Volume I and Volume II: Training Areas 00, 10, 19, 24, 26 and 42B, Fort Campbell, Christian and Trigg Counties, Kentucky, Montgomery County, Tennessee (Gregory 2016).</i>	Level of effort of identification and concurrence on site eligibility	May 12, 2017

In-House Archaeological Survey and Evaluation

Fort Campbell Cultural Resources contract personnel also perform small scale Phase I archaeological survey and Phase II site evaluations. Phase I archaeological surveys are limited to five (5) acres in size, and occur on an as needed basis. These Phase II evaluations will be used to deliver eligibility recommendations to the SHPO on sites that have been recommended as *Potentially Eligible* by previous surveys. Survey information and site eligibility determinations will be forwarded to the KY SHPO upon completion.

During the calendar year 2017, one (1) Phase I archaeological survey report was completed and forwarded to the KY SHPO for comment and site eligibility determinations.

Project Review

National Environmental Policy Act (NEPA) Review

Fort Campbell primarily uses internal NEPA review as a clearing house for all projects within the installation. A critical part of the NEPA process is reviewing projects for potential effects to historic properties.

Record of Environmental Consideration (RECs)

The Record of Environmental Consideration (REC) is an Army process for internal review of proposed projects in accordance with NEPA. The REC requires multiple disciplines to review projects to determine and comment on potential impacts.

The CRMP reviewed 104 REC documents in Kentucky, between January 2017 and December 2017. Most frequently, the proposed undertaking is reviewed internally, in accordance with the OPS PA. RECs usually have no effect to historic properties or can be modified, through coordination with the CRMP, by the proponent to avoid effects to historic properties. The CRMP completes a “*Cultural Resources Comment Sheet*” for all RECs. Comment sheets describe, in detail, how an effect determination was made. All comment sheets are digitally signed by the Cultural Resources Program Manager. All comment sheets are maintained at Fort Campbell and are available for review upon request.

According to Stipulation 2.a. of the OPS PA, the FTC-CRO staff may inspect small areas not adequately surveyed for archaeological materials to determine the level of disturbance and the

likelihood of any significant archaeological sites are remaining. No RECs were reviewed under Stipulation 2.a in Kentucky during calendar year 2017.

A list of RECs reviewed and finalized by the CRMP is attached. RECs are labeled in fiscal years; therefore, fiscal years 2017-2018 will be listed. One (1) REC document from FY 16 was finalized within FY 2017 (listed below). All of the REC documents listed in this section were determined to have *No Effect to Historic Properties*. RECs that required further Section 106 Consultation are highlighted within the list.

Table 4. RECS reviewed between January 2017-December 2017

REC #	TITLE
16	
113	Remove trees in Runway 23 - Transitional Surface Area CAAF
REC #17	TITLE
54	Chiller Replacement Building 7037
55	Replace decking on Training Area bridges 06675 and 06677
56	Range 44 Repair Bad Underground
57	BLDG 7034 Restore HRU1 and HRU2 to As-Built Specs, Recommission
60	Install fencing and barbed wire - R0020, R0021, R0023
61	BLDG 3301 Repair Leaking Metal Roof
64	SMB 17-017 Stationing Action AR 5-10
65	Range 28 Line of Sight
66	BLDG 95 Replace CRAC Unit 3
67	Improvements to Building 7199
69	FY17 Implement Grassland Management Plan
71	AMCOM Aircraft Wash Rack
73	Paint Booth Installation - Bldg 7257
75	Remove storm debris under bridges and culverts
76	Repair Perimeter fence - both the fence and erosion under the fence line
81	Drainage Repairs Rear of Building 07257
82	Building 6090 Wash Rack Diversion Valve Addition
84	BLDG 71005 Restroom Expansion
86	Install Target Coffins and Berms at Range 42B
91	Aviation Support Bn Hangar
95	Repair Railroad Bed South of Weststate Construction in Kentucky
96	BLDG 7157 Repair and Replace Molded Walls in Rm 17
97	BLDG 7034 Restore HRU1 and HRU2 to As-Built Specs & Recommission
98	Replace Water Heater at Bldg 06762

99	Replace Chiller BLDG 6106
100	Install Playground Equipment, Construct Playground
101	Rebuild Nightstalker Road
104	SMB 17-023 Fort Campbell USASOAC SOAAD AR 5-10 Realignment
105	BLDG 3303 and 5514 North and South Complex Bldg Remodel
106	Repair storm damage to Low Water Crossing at RNG 29
107	FY18 Tactical Equipment Maintenance Facility (PN 64296)
108	AMCOM Aircraft Paint Booth
109	RRB49 Trestle Bridge Geotechnical Investigation
110	New Gravel Motorpool Parking
114	Kalsu Drainage Improvement
116	SMB 17-026 Stationing Action at Fort Campbell KY
117	FY 17 Relocatables (3)Temp trailers near Bldg 71
118	BLDG 6254 - Basement HVAC System Replacement
120	Building Demolition
121	Replace Chiller at Bldg 07146
124	Install neutral conductors - 46th Street and 59th Street substations (PN 91413)
127	Quarter Mile Track Bldg 6101
131	ITAM FY17 Herbicide Management for Maintenance - Brush Control
132	ITAM FY17 Herbicide Management for Growth Inhibitor
134	PAL Fort Campbell - Richardson Complex Demolition
135	BLDG 7084 Reset
139	Paint Bldg Exterior and Repair Flooring Bldg 3068
140	Renovate Dust Collection System - BLDG 00089
141	SMB 17-036 Stationing Action at Fort Campbell KY
142	Patton Road Asphalt Repairs
143	Install a Turf Field Behind BLDG 6102
145	Interior Renovations BLDG 6102
146	Security Fence at the 160 SOAR flight line
147	New gravel surface motor pool area building 6242
150	Insulation Repair - BLDGS 7142 and 7144
151	Construct Concrete Pad for C-130 Trainer
152	Sanitary Sewer Lift Station Improvements
153	Paint Building Interior - Bldg 07048
155	Construct Outdoor Fitness & Play Area (Challenge Course) Bldg 80

156	Landgraf Hangar Modernization Phase II
158	Building 06254 Drainage Repairs
159	Renovate Sanchez Hall - Bldg 7283
160	Renovate Frank Hall - Bldg 7263
164	3 BCT Torri
167	Fire Station 3 - Apparatus Bay Extension
168	Fire Station 2 Addition and Renovation
170	Renovate Tank Repair Shop - Bldg 7273
173	Invasive Species Management – Tree of Heaven Eradication
174	Survey Control Points
181	Invasive Species Management - Kudzu Eradication
182	ITAM FY17 Herbicide Mgmt of Tree Sawing OP2-Range 47
186	BLDG 91 Post Office Addition
189	BLDG 868, 1501, 7037, 7979 Emergency Generators for Emergency Operations
190	Timber Stand Improvement
191	Gym Resets for BLDGS 3610, 3932, 6990, 6992, and 7540
193	Range 51 and Range 29 defensible space for wildland fire interface
196	FY17 Mechancial Clearing of Woody Material (Vertical Grinding)
197	Replace Static Free Flooring Tile BLDG 95
204	FY17 Forestry Mowing
205	Phase I Archaeological Survey of 1822 Acres
206	Upgrade Exchange Express Bldg 3000 - Add Hunt Brothers Pizza
207	Building 7257 Dehumidification Unit Install
208	2017 Spartan Race
209	FY 18 Prescribed Fire Management
212	Utility Privatization (UP) of Fort Campbell Exterior Electrical System
215	5th SFG(A) Motor Pool Expansion
216	Sanitary Sewer Lift Station LS3840 Improvements
218	Jib Crane Foundations Install Fac. 5640, 5641, 6077, 6055
219	18 FRP DEMO Unaccompanied Personnel Housing (UPH) Bldg's
220	FY18 FRP Demo
226	SMB 17-065, FY18 CECOM Stationing Action
228	Asphalt Repair at BLDG 3000 Gas Station
REC # 18-	Title
2	Demolish 28 Buildings

4	Demolish Six Asphalt and Concrete slabs
5	End of Year Paving Projects as Described in Project Description
6	Renewal of Easement DACA24-2-88-2 Christian County Water District
8	Johnson Field Pavilion (GD00707J)
11	Range 31 Multipurpose Machine Gun Range
15	Request ROA for Small Cell Antenna Poles (15)
19	Demolish 2 asphalt slabs and return to gravel
20	Fort Campbell Railroad (Trestle) Bridge 49 Repair
21	Demolish broken wall around Dumpster Enclosure at BLDG 5500
22	Bldg 4467 A,B Repair Underground Electrical
28	New parking and sidewalks at the new Youth Sports Complex

Individual Section 106 Consultation

Under Stipulation C.2 of the OPS PA, when undertakings are not exclusively reviewed by Fort Campbell personnel, individual Section 106 consultation, per 36 CFR 800, with the KY SHPO must be performed before an undertaking can proceed. When a Section 106 Consultation is completed, it is forwarded to the SHPO for concurrence with the Army effect determination.

The CRMP completed twelve (12) formal Section 106 consultations with Kentucky. A list of individual Section 106 Consultations completed is located in Table 5 and Table 6.

Table 5. Section 106 Consultations sent between January 2017-December 2017 (REC Related)

REC #	Title	Result	Date of Concurrence
REC 16-113	Remove trees in Runway 23 - Transitional Surface Area CAAF	Conditional concurrence of <i>No Effect to Historic Properties</i> , requested full Phase I Report (See Table 3)	March 16, 2017
REC 17-095	Repair Railroad Bed South of Weststate Construction in Kentucky	Concurrence with <i>No Effect to Historic Properties</i>	March 16, 2017

Infantry Platoon Battle Course Construction	Concurrence with <i>No Effect to Historic Properties</i>	July 25, 2017
Gas Line EA Consultation	KY SHPO does not Concur with two (2) sites; additional work requested (letter February 7, 2017)	N/A
Gas Line EA Additional Phase I and Phase II Consultation	KY SHPO requested to reserve final comment for final submission (letters August 16, 2017 and September 1, 2017)	N/A
Gas Line EA Final Submission	Concurrence with <i>No Adverse Effect</i>	November 10, 2017

Tennessee One Call

The Tennessee One Call is an automated system to serve as a notification for any underground digging that will occur on the installation, in both Tennessee and Kentucky. This automated system notifies callers of any underground utilities buried within the project area. The CRMP receives automated Tennessee One Call tickets, via email, referencing geographical locations for review for potential impacts to cultural properties. Most Tennessee One Calls are placed for repair and/or maintenance to utility lines and television satellite installation. The CRMP reviewed 3,035 Tennessee One Calls in 2017, all of which were determined to have *No Effect to Historic Properties*.

According to Stipulation 2.a. of the OPS PA, the FTC-CRO staff may inspect small areas not surveyed for archaeological materials to determine the level of disturbance and the likelihood of

any significant archaeological sites are remaining. No Tennessee One Calls, in Kentucky, were reviewed in accordance with Stipulation 2.a.

Formal Correspondence

The CRMP also developed formal correspondence packages with the KY SHPO regarding activities not covered through REC documents or Section 106 Consultations. Correspondence packages are summarized below.

Table 7. Legal agreements sent between January 2017-December 2017

Title	Result
<i>Amendment extending Programmatic Agreement for Operation, Maintenance and Development</i>	Signed

Parrish House: Remedial Actions

In May and August 2014, Fort Campbell consulted with your office regarding renovations to the Parrish House, a National Register of Historic Places *Eligible* property. The inadvertent discovery is detailed in the document entitled *Inadvertent Discovery: Parrish House Renovations* (sent to the KY SHPO on February 12, 2017.)

In January 2017, Fort Campbell provided the KY SHPO plans for repairing the moldings in the Parrish House. In a letter dated April 26, 2017, the KY SHPO concurred with the plans. In a letter dated July 24, 2017, Fort Campbell notified the KY SHPO that all remedial actions had been completed.

Scout RECCE Range Close Out

On May 31, 2012, the *Memorandum of Agreement Between the United States Army Garrison Fort Campbell and the Kentucky State Historic Preservation Officer Regarding the Development of a Scout RECCE Range at Fort Campbell, Trigg County, Kentucky* was signed by the KY SHPO. This MOA was created in response to the construction of a training range that will have an *Adverse Effect* on historic properties. The MOA included stipulations for completion of a documentary video, a reconditioned webpage for cultural resources at Fort Campbell, and a traditional technologies class presented for military personnel. All MOA stipulations have been completed. A summary report was provided to the KY SHPO in a letter dated April 11, 2017. In a letter dated June 8, 2017, the KY SHPO acknowledged that the completion of the mitigation measures stipulated in the MOA have been adequately completed.

Adverse Effect: 15TR257

In March 2013, the KY SHPO and ACHP were notified of an *Adverse Effect* to archaeological site 15TR257. In a letter dated April 25, 2013, the KY SHPO determined that site 15TR257 is Eligible for listing on the NRHP and that the impacts to the site constitute an *Adverse Effect*.

In response to *Adverse Effect*, Fort Campbell is currently developing management strategies, in coordination with the KY SHPO, for inclusion in the new Programmatic Agreement for monitoring *Historic Properties* and all sites with human remains. The monitoring program will include all *Historic Properties* and sites with human remains once per year. All *Potentially Eligible* or unassessed sites will be monitored on a five (5) year rotation.

Actions Not Reviewed by CRMP

Between January 2017 and December 2017, one (1) action was completed by Fort Campbell personnel that did not follow established environmental review. On June 27, 2017, Dr. Katherine Burnett, Ph.D., RPA, contract archaeologist, identified that timber grinding had occurred in the southeastern portion of archaeological site 15TR0226. Timber grinding had been previously reviewed by the CRPM. The work exceeded the originally reviewed project footprint. The work was completed under a contract for the Forestry Department. Timber grinding actions are considered non-ground disturbing activities. Dr. Burnett investigated the area to obtain a GPS boundary around the area of disturbance and to ensure no accidental disturbances to archaeological sites had occurred.

The action would have been reviewed internally, under the OPS PA, and approved by the CRPM as having *No Effect to Historic Properties*. Fort Campbell is continuing to develop internal controls to ensure proper environmental review is completed before projects are implemented. Additionally, stricter controls are being developed to ensure that work does not exceed previously reviewed project footprints.

Public Outreach

Between January 2017 and December 2017, the CRMP staff has organized and participated in several programs to promote the awareness and stewardship of cultural resources at Fort Campbell. CRMP staff participated in Fort Campbell's annual Earth Day in April 2017. The CRMP staff displayed artifacts from the teaching collection and also had mock excavating activities for the public.

In June 2017, Hillary Burt, CRMP contract archaeologist, presented independent research on cemeteries at Fort Campbell at the Association for Grave Stone Studies Conference in Tuscaloosa, Alabama. In September 2017, the Cultural Resources Program Manager, Ron Grayson, participated the 2017 Cherokee Archaeological Symposium, in Cherokee, North Carolina at the request of the Eastern Band of Cherokee Indians.

Conclusion

With the pending update of the Programmatic Agreement and implementation of the ICRMP, the CRMP can foster consistent and appropriate methods for cultural resource management. The CRMP will be coordinating with the KY SHPO on Programmatic Agreement updates and ongoing archaeological investigation. The Fort Campbell Cultural Resource Management Program hopes for continued improvement and efficiency in the management of cultural properties within the installation boundaries.
