## **Introduction**

In accordance with Stipulation (J.1.a.) of the *Amended Programmatic Agreement Among the United States Army, The State Historic Preservation Officer of Kentucky and the State Historic Preservation Officer of Tennessee regarding the Operation, Maintenance, and Development of The Fort Campbell Army Installation at Fort Campbell, Kentucky* (Amended December 2017), an annual report of all Army projects and activities carried out on the Tennessee portion of Fort Campbell, and reviewed by the Fort Campbell Cultural Resource Management Program (CRMP) must be submitted to the Advisory Council on Historic Preservation (ACHP), Installation Management Command-Readiness (IMCOM), and the Tennessee State Historic Preservation Office (TN SHPO). The following report includes a list of projects and activities that have been reviewed for possible effects to historic properties, a determination of those effects, a summary of mitigation and/or treatment measures, and a summary of consultation activities performed by the CRMP in Montgomery and Stewart Counties, Tennessee.

## **Planning**

### *Integrated Cultural Resource Management Plan*

Fort Campbell CRMP has finalized the Integrated Cultural Resource Management Plan (ICRMP) after input from the TN SHPO in May 2013. Fort Campbell will be completely updating the ICRMP to incorporate updated review procedures upon signature of the new Programmatic Agreement with both states and ACHP. The new Programmatic Agreement is expected to be finalized within the 2018 calendar year. Until that time, the ICRMP will be reviewed yearly. The yearly review of the ICRMP was completed in July 2017. The annual review to the ICRMP included updates to NRHP statuses of identified archaeological sites and a list of projects completed by Fort Campbell. The review also included updated contact information for pertinent Fort Campbell personnel, tribal contacts, and preservation office contacts. The annual update is uploaded on the Fort Campbell Cultural Resources website at:

<http://www.campbell.army.mil/Installation/Pages/Cultural-Resources.aspx>

### *Programmatic Agreements*

Fort Campbell has two programmatic agreements for operations that were amended in December 2017 to extend the agreement until December 31, 2018. *Programmatic Agreement Among the United States Army, The State Historic Preservation Officer of Kentucky and the State Historic Preservation Officer of Tennessee regarding the Operation, Maintenance, and Development of The Fort Campbell Army Installation at Fort Campbell, Kentucky* (Effective January, 2009) covers undertakings across the installation. *Programmatic Agreement Between Fort Campbell and the Tennessee State Historic Preservation Office Regarding Development, Construction and Operations at Clarksville Base Historic District* (Effective January, 2009) is for development undertakings within the Clarksville Base Historic District. A separate annual report is submitted

for undertakings at Clarksville Base Historic District. These programmatic agreements for operations, maintenance and development are now valid through December 2018. The agreement outlines proper procedures and regulations for managing all undertakings within Montgomery and Stewart Counties, Tennessee. The CRMP is currently developing a new programmatic agreement for base operations. Fort Campbell has already begun coordinating with the TN SHPO, Kentucky SHPO, and ACHP to provide comments and suggestions regarding the development of a new Programmatic Agreement.

## **Inventory**

### *Overview*

Inventory of resources is a requirement under Section 110 of the National Historic Preservation Act. Under stipulations B.4 and B.6 of the *Operations Programmatic Agreement (OPS PA)*, the CRMP must conduct a comprehensive inventory of archaeological sites and historic buildings. The CRMP maintains an extensive GIS database to keep track of archaeological sites, historic sites, historic buildings and cemeteries across the installation. This database organizes site information in a format that can be queried for various tasks, such as project review and assessment.

### *Historic Buildings*

Historic Buildings are characterized by being at least 50 years old, or older, from the current year. Therefore, as buildings approach the historic year range, they will need to be evaluated for NRHP eligibility to fulfill requirements of Section 110 of the National Historic Preservation Act.

Historic buildings at Fort Campbell include facilities classified as World War II temporary buildings, residences originally constructed as part of the Capehart and Wherry Housing programs (Unaccompanied Personnel Housing) and structures that were used as Cold War weapons and ammunition storage. All of these buildings are more than 50 years old and are considered through nation-wide Program Comments that allows the demolition and alteration of these remaining building types at Fort Campbell.

### *Architectural Evaluations*

Two (2) Architectural evaluations were completed by Thomason and Associates during the 2017 calendar year. There are no architectural evaluations currently in progress at Fort Campbell. Any architectural evaluations that are completed within the 2018 calendar year will be submitted to the TN SHPO upon completion.

**Table 1. Architectural reports sent between January 2017-December 2017**

<b>Title</b>	<b>Result</b>	<b>Date</b>
<b>Historic Architectural Evaluations of Multiple Structures (in Montgomery County, TN) For Campbell, Kentucky-Modification 1 (Thomason 2017)</b>	Concurrence on Eligibility	3 May 2017
<b>Historic Architectural Evaluations of multiple Structures Fort Campbell, Kentucky Tennessee Sites—Montgomery County, TN (Thomason 2017)</b>	Concurrence on Eligibility	22 March 2017

## **Archaeological Investigation**

### *Overview*

According to the OPS PA, areas that have been heavily disturbed and/or unsafe for survey are excluded from further archaeological survey. These areas include the Cantonment Area and Impact Areas. Some areas that have been previously inventoried for archaeological resources are being resurveyed due to various oversights and other documentation discrepancies of previous work. As funding allows, more Phase I archaeological surveys and Phase II evaluations will continue at Fort Campbell.

### *Legacy Investigations*

During calendar year 2017, two (2) reports were revised and sent to the TN SHPO for level of effort for the survey and concurrence with Fort Campbell’s eligibility determinations.

**Table 2. Legacy Reports sent between January 2017-December 2017**

<b>Title</b>	<b>Result</b>	<b>Date</b>
<b>Management Report for the Tennessee Portions of Six Previously Insufficient Archaeological Reports Conducted for the Environmental Division of the Fort Campbell Military Reservation, Kentucky-Tennessee (Meredith and Mickwee 2015)</b>	Level of Effort and Site Concurrence	3 October 2017
<b>Archaeological Site Detection Survey of 860 Acres of Cantonment and Training Area Lands at Fort Campbell, Christian County, Kentucky and Montgomery County Tennessee (Tippett et al 2010)</b>	Level of Effort and Site Concurrence	24 March 2017

### *New Contracted Phase I Surveys and Phase II Site Evaluations*

A Phase I archaeological survey is currently under contract with Fort Campbell. Phase I surveys are being completed in both Tennessee and Kentucky by New South Associates and Environmental Resources Group (ERG). Surveys are being performed for initial site and artifact detection for both Historic and Prehistoric archaeological sites. After receiving the draft report for these surveys, the CRMP will be forwarding to the appropriate SHPO for comments.

During the calendar year of 2017, two (2) survey and evaluation reports were sent to the TN SHPO for level of effort for the survey and concurrence with Fort Campbell’s eligibility determinations. A list of all completed Phase I and Phase II reports are listed below.

**Table 3. Contracted Phase I and Phase II reports sent between January 2017-December 2017**

<b>Title</b>	<b>Result</b>	<b>Date</b>
<b>Phase I Archaeological Survey of 970 Acres in Sukchon Drop Zone Training Area 21, Fort Campbell, Montgomery County, Tennessee (Gregory et al 2017)</b>	Level of Effort and Site Concurrence	24 March 2017
<i>Phase II NRHP Evaluations of 12 Sites, Volume I &amp; II: Training Areas 00, 10, 19, 24, 26, 42B, Fort Campbell, Christian and Trigg Counties, Kentucky, Montgomery County, Tennessee (Gregory 2016)</i>	Level of Effort and Site Concurrence	6 February 2017

### *In-House Archaeological Survey and Evaluation*

Fort Campbell Cultural Resources contract personnel also perform small scale Phase I archaeological survey and Phase II site evaluations. Phase I archaeological surveys are limited to five (5) acres in size, and occur on an as needed basis. These Phase II evaluations will be used to deliver eligibility recommendations to the SHPO on sites that have been recommended as *Potentially Eligible* by previous surveys. Survey information and site eligibility determinations will be forwarded to the TN SHPO upon completion.

During the calendar year 2017, no in-house archaeological reports were completed within Tennessee.

## **Project Review**

### *National Environmental Policy Act (NEPA) Review*

Fort Campbell primarily uses NEPA review as a clearing house for all projects within the installation. A critical part of the NEPA process is reviewing projects for potential effects to historic properties.

### *Record of Environmental Consideration (RECs)*

The Record of Environmental Consideration (REC) is an Army process for internal review of proposed projects in accordance through NEPA. The REC requires multiple disciplines to review projects to determine and comment on potential impacts.

The CRMP reviewed 135 REC documents in Tennessee, between January 2017 and December 2017. Most frequently, the proposed undertaking is reviewed internally, in accordance with the OPS PA. RECs usually have no effect to historic properties or can be modified, through coordination with the CRMP, by the proponent to avoid effects to historic properties.

According to Stipulation 2.a. of the OPS PA, the FTC-CRO staff may inspect small areas not surveyed for archaeological materials to determine the level of disturbance and the likelihood of any significant archaeological sites are remaining. One (1) REC, in Tennessee, was reviewed in accordance with Stipulation 2.a. A summary of the fieldwork completed by the FTC-CRO for the REC is located in Attachment 1.

A list of RECs reviewed and finalized by the CRMP is listed in Table 5. RECs are labeled in fiscal years; therefore, fiscal years 2017-2018 will be listed. All of the REC documents listed in this section were determined to have *No Effect to Historic Properties*. RECs that required further Section 106 Consultation are highlighted within the list.

**Table 4. RECS reviewed January 2017-December 2017**

<b>REC #</b>	<b>Title</b>
<b>17-</b>	
<b>53</b>	Sabre ACP
<b>58</b>	Upgrade Arms Vault door and replace rusted embossed sidewall panels - BLDG 2745
<b>59</b>	Replacement of system 2 HVAC unit - BLDG 7940
<b>62</b>	Construct DPW Industrial Maintenance and Heating Refrigeration Shop
<b>63</b>	Construct DPW Electric Shop
<b>64</b>	SMB 17-017 Stationing Action AR 5-10
<b>68</b>	BLDG 6077 Install 208 - 3 Phase Electric
<b>69</b>	FY17 Implement Grassland Management Plan
<b>70</b>	BLDG 6479, 6640 & 6848 Water Infiltration Repairs
<b>72</b>	Replace Chiller at BLDG 5380
<b>74</b>	Construct 1st BCT Memorial between TN and KY Ave
<b>75</b>	Remove storm debris under bridges and culverts
<b>76</b>	Repair Perimeter fence - both the fence and erosion under the fence line
<b>77</b>	Helicopter Crash Site Cleanup - Craig Village Rd
<b>78</b>	TSAAS Running Trail Beautification
<b>79</b>	Building 43 Joint Use
<b>80</b>	Facility Repairs to Bldg 5207
<b>83</b>	Remove and Replace Fencing around Forestry Bldg
<b>85</b>	BLDG 6730-33 Hammerhead Barracks to Admin Conversion
<b>87</b>	Repair Ballast adjacent to Outlaw Field
<b>88</b>	Reinstate License - Clarksville-Montgomery County Regional Authority Airport
<b>89</b>	WyoTech Lease with Renovation
<b>90</b>	BLDG 6759, 6760, 6765 and BLDG 6759 Reset
<b>92</b>	BLDG 6995 Seal Exterior Brick & Repaint Interior CMU Walls
<b>93</b>	Install HVAC in Gym Building 7540
<b>94</b>	Change to License United Services Organizations (USO)
<b>100</b>	Install Playground Equipment, Construct Playground
<b>102</b>	Replace deck on Bridge 06666 and BR025 (On The Line Road) to support MRAPS
<b>103</b>	Boy Scout Eagle Project
<b>104</b>	SMB 17-023 Fort Campbell USASOAC SOAAD AR 5-10 Realignment
<b>105</b>	BLDG 3303 and 5514 North and South Complex Bldg Remodel
<b>107</b>	FY18 Tactical Equipment Maintenance Facility (PN 64296)
<b>111</b>	Repair TSAAS Rappel Tower

<b>112</b>	BLDG 39 Reset_MOD
<b>113</b>	Expand RNEC Director's Office - Bldg 856
<b>115</b>	Repair and Replace Underground Primary at Range 28
<b>116</b>	SMB 17-026 Stationing Action at Fort Campbell KY
<b>119</b>	BLDG 6650 Repair Aluminum Skin
<b>120</b>	Building Demolition
<b>122</b>	Install Concrete Pad for Tactical Radar Sabre Heliport
<b>123</b>	Building 6645 Modifications
<b>125</b>	BLDG 6633 Repair Roof, Doors and Walls
<b>126</b>	Construct CIF Warehouse Addition - Bldg 5216
<b>128</b>	Perimeter Fencing to Enclose the Access Road Leading to Gate 1
<b>129</b>	Remediation of Mildew and Repairs in Buildings 6752, 6753 and 6754
<b>130</b>	R0031 Repair and Refurbish Tower
<b>131</b>	ITAM FY17 Herbicide Management for Maintenance - Brush Control
<b>132</b>	ITAM FY17 Herbicide Management for Growth Inhibitor
<b>133</b>	Demolition of Bldg 5611
<b>136</b>	Fencing on BLDG 9018 RNG 28
<b>137</b>	Ranges 61, 62 and 63 Roof Repair
<b>138</b>	Water Heater Replacement - BLDG 202
<b>141</b>	SMB 17-036 Stationing Action at Fort Campbell KY
<b>144</b>	Access Trail for Troop Maneuvers into Cassidy MOUT within TA14
<b>148</b>	FTC Historical Foundation - Bldg 2604 Dreyer Field House License
<b>152</b>	Sanitary Sewer Lift Station Improvements
<b>154</b>	SOF UAS Apron and Taxiway Expansion
<b>157</b>	Culvert replacement on 7 Installation road locations
<b>161</b>	Woodlawn Baptist Church Parking Lot Encroachment
<b>162</b>	Brass Deformer Equipment
<b>163</b>	Project Caddy Shack
<b>165</b>	BLDG 8001-8003, 8009-8014 Update ASP Earth Covered Magazines
<b>166</b>	Construct two gates at the 160 SOAR SHOC Pad - Training Area 03
<b>169</b>	BLDG 7555 Install Conduit Underside of Breezeway
<b>171</b>	Replacement Heating System Maintenance Area Bldg 7504
<b>172</b>	Range 37 Medical Simulations Training Center - EFMB) Lanes
<b>173</b>	Invasive Species Management – Tree of Heaven Eradication
<b>174</b>	Survey Control Points
<b>175</b>	FY17 COCOON Relocatable Smart Shelter - Bldg 6227
<b>176</b>	Verizon Wireless in-building system at BACH
<b>177</b>	Repair Multi-Purpose Court in Destiny Park
<b>178</b>	HVAC System Replacement Bldg T-39
<b>179</b>	Lake Kyle Food Plots
<b>180</b>	Install weatherproof membranes - Ammo Supply Point

181	Invasive Species Management - Kudzu Eradication
183	Multi-Use Helicopter Training (MUHT) - PN 87438
184	Align Railroad Track
185	Repair Sinkhole, Mabry Road at East End
187	Training Area 28 Waterfowl Pond Development
188	Sukchon DZ Prairie Restoration
189	BLDG 868, 1501, 7037, 7979 Emergency Generators for Emergency Operations
190	Timber Stand Improvement
191	Gym Resets for BLDGS 3610, 3932, 6990, 6992, and 7540
192	BLDG 7825, 8001 thru 8060 Test Lightning Protection System
193	Range 51 and Range 29 defensible space for wildland fire interface
194	Utility Privatization - Contractor Site - Office Shop Storage Site Only
195	Building 868 Replace HVAC System
196	FY17 Mechanical Clearing of Woody Material (Vertical Grinding)
198	Repair Erosion Maintenance in Basin Structure at BLDG 7973 Dental Clinic
199	Repair and Stabilize fallouts vicinity of Class 5 Injection between Thunder Blvd and Loop Road
200	2017 SWIM I - Repair Basins at BLDGS 7402 7404 7409
201	2017 SWIM I - Thunder Blvd Troop Mall (7970) Basin
202	Soldier for Life Support PEB
203	Repair Building 7825
204	FY17 Forestry Mowing
205	Phase I Archaeological Survey of 1822 Acres
208	2017 Spartan Race
209	<b>FY 18 Prescribed Fire Management</b>
210	Removing Carpet and replacing with New Carpet - BLDG 6633
211	Remove Lake Taal Dam
212	Utility Privatization (UP) of Fort Campbell Exterior Electrical System
213	Demolish BLDG 5611 (Paint Booth)
<b>213 MOD</b>	MOD Demolish BLDG 5611 (Paint Booth) - Add BLDGs 2110 and 7856
214	Soil Borings - Multi-Use Helicopter Training (MUHT)
217	5th SFG(A) Range 51 Overhead
218	Jib Crane Foundations Install Fac. 5640, 5641, 6077, 6055
220	FY18 FRP Demo
221	Emergency Switch Repair
223	Paint Ball Field- Use of nonbio bbs vs bio bbs
224	Repair three culverts on road ditch line - Not Blue Line streams
225	Lease to American Fed of Govt Employees Union - Bldg 875
226	SMB 17-065, FY18 CECOM Stationing Action

227	Rebuild Carentan Road
229	Range 1 SOF complex
<b>REC #</b> <b>18-</b>	<b>Title</b>
1	New 60' signal tower, Bldg 6760 on Ashau Valley Rd (GF318757J)
2	Demolish 28 Buildings
3	Additional 10 BLDGs to Demolish (in addition to the original 28)
4	Demolish Six Asphalt and Concrete slabs
5	End of Year Paving Projects as Described in Project Description
7	Repair Building 2261
9	Construct Restroom at the Challenge Course
10	Replace culvert on Jordan Springs Road over Noah's Creek Branch
12	Training Objectives Clarksville Base
13	Underground Storage Tank Removals
14	Bldg 7510 Bathroom Floors
15	Request ROA for Small Cell Antenna Poles (15)
16	Sinkhole - Air Assault Street & Kentucky Avenue
17	Field Mowing in Training Areas 2 and 6
18	Lease for Veterans Transition Center (The Bridge) Project
19	Demolish 2 asphalt slabs and return to gravel
23	Range 44 Underground Electrical
24	Renovate Mann Theater (HSMCC), Bldg 5740
25	Bunker Training Complex
26	Subterranean Training Complex
27	Demolish Bldg 877

### *Individual Section 106 Consultation*

Under Stipulation C.2 of the OPS PA, when undertakings are not exclusively reviewed by Fort Campbell personnel, individual Section 106 Consultation, per 36 CFR 800, with the TN SHPO must be performed before undertaking can proceed. When a Section 106 Consultation is completed, it is forwarded to the SHPO for concurrence with the Army effect determination.

The CRMP completed four (4) formal Section 106 consultations with Tennessee. All four (4) Section 106 consultations for Tennessee were determined to have *No Adverse Effect to Historic Properties* or *No Effect to Historic Properties*. A list of individual Section 106 Consultations completed is listed below.

**Table 5. Section 106 Consultations: REC Related**

<b>REC #</b>	<b>Title</b>	<b>Result</b>	<b>Date of Concurrence</b>
<b>17-088</b>	Reinstate License - Clarksville-Montgomery County Regional Authority Airport	<i>No Effect to Historic Properties</i>	3 May 2017
<b>17-209</b>	FY 18 Prescribed Fire Management	<i>No Effect to Historic Properties</i>	19 October 2017

**Table 6. Section 106 Consultations: Not REC Related**

<b>Title</b>	<b>Result</b>	<b>Date of Concurrence</b>
Timber Harvest in Training Area 13	<i>No Effect to Historic Properties</i>	21 April 2017
Timber Sale in Training Areas 22 and 23	<i>No Effect to Historic Properties</i>	22 August 2017

### *Tennessee One Call*

The Tennessee One Call is an automated system to serve as a notification for any underground digging that will occur on the installation, in both Tennessee and Kentucky. This automated system notifies callers of any underground utilities buried within the project area. The CRMP receives automated Tennessee One Call tickets, via email, referencing geographical locations for review for potential impacts to cultural properties. Most Tennessee One Calls are placed for repair and/or maintenance to utility lines and television satellite installation. The CRMP reviewed 2019 Tennessee One Calls in 2017, all of which were determined to have *No Effect to Historic Properties*.

According to Stipulation 2.a. of the OPS PA, the FTC-CRO staff may inspect small areas not surveyed for archaeological materials to determine the level of disturbance and the likelihood of any significant archaeological sites are remaining. Two (2) Tennessee One Calls, in Tennessee, were reviewed in accordance with Stipulation 2.a. The results of this fieldwork are located in attachments 2 and 3.

## Formal Correspondence

The CRMP also developed formal correspondence packages with the TN SHPO regarding activities not covered through REC documents or Section 106 Consultations. Correspondence packages are summarized below.

Table 7. Legal agreements sent between January 2017-December 2017

Title	Result	Date
<i>Amendment extending Programmatic Agreement for Operation, Maintenance and Development</i>	Signed	January 5, 2018
<i>Amendment extending Programmatic Agreement for Operation, Maintenance and Development of Clarksville Base Historic District</i>	Signed	January 5, 2018

### *Childers House Adverse Effect*

A Section 106 Consultation was conducted with the TN SHPO regarding the vacancy of the Childers house due to the expansion of nearby range safety areas. Fort Campbell determined that the abandonment of the Childers House constitutes an *Adverse Effect to Historic Properties*. In March 2014, the TN SHPO concurred with this determination. Fort Campbell has developed, in coordination with the TN SHPO and invited concurring parties, a Memorandum of Agreement (MOA) to mitigate the *Adverse Effect*. The TN SHPO signed the MOA in October 2017. Fort Campbell is currently working on completing stipulations outlined in the MOA. The TN SHPO will be contacted accordingly during this process.

### *Sukchon Drop Zone*

In April 2014, five (5) archaeological sites were impacted by training events performed by the 278<sup>th</sup> Armored Cavalry Regiment in Sukchon Drop Zone. In a letter date November 5, 2014, Fort Campbell determined that all archaeological sites in the southern portion of the drop zone would be evaluated for eligibility for listing on the NRHP. Phase II evaluations of thirteen (13) sites was conducted by New South Associates, Inc. The final report was forwarded to the TN SHPO on December 16, 2016. The TN SHPO concurred with the level of effort of the evaluations completed and concurred with site eligibility determinations in a letter dated January 10, 2017.

## **Actions Not Reviewed by CRMP**

Between January 2017 and December 2017, two (2) actions were completed by Fort Campbell personnel that did not follow established environmental review. The actions would have been reviewed internally, under the OPS PA, and approved by the CRPM as having *No Effect to Historic Properties*. Fort Campbell is continuing to develop internal controls to ensure proper environmental review is completed before projects are implemented. Additionally, stricter controls are being developed to ensure that work does not exceed previously reviewed project footprints.

### *Clearing in Training Area 11*

In January 2017, the Environmental Division Forestry Supervisor contacted the CRPM regarding vegetation clearing that had exceeded a previously reviewed project footprint, in Montgomery County, Tennessee. The work exceeded the originally reviewed project footprint from REC 16-028. Work was completed by the Integrated Training Area Management (ITAM) staff (Range Division). Dr. Katherine Burnett, Ph.D., RPA, contract archaeologist, investigated the area to obtain a GPS boundary around the area of disturbance and to ensure no accidental disturbances to archaeological sites had occurred.

After identifying where clearing had occurred, the CRPM determined that the area had been adequately surveyed for archaeological resources, and that there were no *Historic Properties* within the cleared area. There were no archaeological sites or cemeteries impacted by the current clearing. This action was determined to have *No Effect to Historic Properties*.

### *Ground Disturbance in Training Area 20*

In August 2017, Dr. Katherine Burnett, Ph.D., RPA, contract archaeologist, identified an area in Training Area 20, in Montgomery County, Tennessee that had been disturbed by deep vehicle tracks. The work was not previously reviewed by the CRPM. It is likely that the damage was completed by an unknown military unit. The disturbance was identified during routine archaeological site monitoring. Dr. Burnett investigated the area to obtain a GPS boundary around the area of disturbance and to ensure no accidental disturbances to archaeological sites had occurred. An investigation was conducted to determine which military unit completed the damage, however, the responsible personnel could not be identified.

After identifying where the ground disturbance had occurred, the CRPM determined that the area had been adequately surveyed for archaeological resources, and that there were no *Historic Properties* within the cleared area. There were no archaeological sites or cemeteries impacted by the ground disturbing activities. This action was determined to have *No Effect to Historic Properties*.

## **Public Outreach**

Between January 2017 and December 2017, the CRMP staff has organized and participated in several programs to promote the awareness and stewardship of cultural resources at Fort Campbell. CRMP staff attended the Current Research in Tennessee Archaeology annual meeting in January 2017 and participated in the poster session. CRMP staff participated in Fort Campbell's annual Earth Day in April 2017. The CRMP staff displayed artifacts from the teaching collection and also had mock excavating activities for the public.

In June 2017, Hillary Burt, CRMP contract archaeologist, presented independent research on cemeteries at Fort Campbell at the Association for Grave Stone Studies Conference in Tuscaloosa, Alabama. In September 2017, Ms. Burt and Amanda Gill, CRMP contract archaeologist, participated in the Tennessee Historic Preservation Conference in Franklin, Tennessee. Additionally, in September 2017, the Cultural Resources Program Manager, Ron Grayson, participated the 2017 Cherokee Archaeological Symposium, in Cherokee, North Carolina at the request of the Eastern Band of Cherokee Indians.

## **Conclusion**

With the pending update of the Programmatic Agreement and implementation of the ICRMP, the CRMP can foster consistent and appropriate methods for cultural resource management. The CRMP will be coordinating with the TN SHPO on Programmatic Agreement updates and ongoing archaeological investigation. The Fort Campbell Cultural Resource Management Program hopes for continued improvement and efficiency in the management of cultural properties within the installation boundary.

DEPARTMENT OF THE ARMY  
HEADQUARTERS, UNITED STATES ARMY GARRISON, FORT CAMPBELL  
39 NORMANDY BOULEVARD  
FORT CAMPBELL, KENTUCKY 42223-5617

March 16, 2018

Office of the Garrison Commander

Mr. E. Patrick McIntyre, Jr., Executive Director  
Tennessee Historical Commission  
2941 Lebanon Road  
Nashville, Tennessee 37243-0442

Dear Mr. McIntyre:

In accordance with Stipulation (J.1.a.) of the *Amended Programmatic Agreement Among the United States Army, The State Historic Preservation Officer of Kentucky and the State Historic Preservation Officer of Tennessee regarding the Operation, Maintenance, and Development of The Fort Campbell Army Installation at Fort Campbell, Kentucky* (amended December 2017) an annual report of all Army projects and activities carried out in the Tennessee portion, and reviewed by the Fort Campbell Cultural Resource Management Program (CRMP), must be submitted to the Advisory Council on Historic Preservation, Installation Management Command-Readiness and the Tennessee State Historic Preservation Office. The enclosed report includes a list of projects and activities that have been reviewed for possible effects to historic properties, a determination of those effects, a summary of mitigation and/or treatment measures, and a summary of consultation activities performed by the CRMP in Montgomery and Stewart Counties, Tennessee for calendar year 2017.

It is the determination of the US Army that this report meets the requirements of Stipulation (J.1.a) of the aforementioned agreement for calendar year 2017. Please accept the enclosed annual report as meeting compliance with Stipulation (J) of the aforementioned agreement.

If you have any further questions, regarding this matter, please contact Mr. Ronald Grayson, Cultural Resources Program Manager at [ronald.i.grayson.civ@mail.mil](mailto:ronald.i.grayson.civ@mail.mil), or telephone 270-412-8174.

Sincerely,

Joseph P. Kuchan  
Colonel, U.S. Army  
Commanding
