## Introduction

In accordance with Stipulation (J.1.a.) of the *Amended Programmatic Agreement Among the United States Army, The State Historic Preservation Officer of Kentucky and the State Historic Preservation Officer of Tennessee regarding the Operation, Maintenance, and Development of The Fort Campbell Army Installation at Fort Campbell, Kentucky* (Amended December 2018), an annual report of all Army projects and activities carried out on the Kentucky portion of Fort Campbell, and reviewed by the Fort Campbell Cultural Resource Management Program (CRMP) must be submitted to the Advisory Council on Historic Preservation (ACHP), Installation Management Command-Readiness (IMCOM), and the Kentucky State Heritage Council offices (KY SHPO). The following report includes a list of projects and activities that have been reviewed for possible effects to historic properties, a determination of those effects, a summary of mitigation and/or treatment measures, and a summary of consultation activities performed by the CRMP in Christian and Trigg Counties, Kentucky.

## Planning

### *Integrated Cultural Resource Management Plan*

Fort Campbell CRMP has finalized the Integrated Cultural Resource Management Plan (ICRMP) after input from the KY SHPO, Tribes, and Public in May 2013. Fort Campbell will be completely updating the ICRMP to incorporate updated review procedures upon signature of a new Programmatic Agreement with both states and ACHP. The new Programmatic Agreement is expected to be finalized within the 2019 calendar year. Until that time, the ICRMP will be reviewed and updated annually. The yearly review of the ICRMP was completed in December 2018. The annual review of the ICRMP included updates to NRHP statuses of identified archaeological sites and a list of projects completed by Fort Campbell. The review also included updated contact information for pertinent Fort Campbell personnel, tribal contacts, and preservation office contacts. The annual update is uploaded on the public Fort Campbell Cultural Resources website.

### *Programmatic Agreements*

Fort Campbell has two programmatic agreements for operations that were amended in December 2018 to extend the agreement until December 31, 2019. *Programmatic Agreement Among the United States Army, The State Historic Preservation Officer of Kentucky and the State Historic Preservation Officer of Tennessee regarding the Operation, Maintenance, and Development of The Fort Campbell Army Installation at Fort Campbell, Kentucky* (Effective January, 2009) covers undertakings across the installation. This programmatic agreement for operations, maintenance and development are now valid through December 2019. The agreement outlines proper procedures and regulations for managing all undertakings within Christian and Trigg Counties, Kentucky. The CRMP is currently developing a new programmatic agreement for base operations which will incorporate management of the Clarksville Base Historic District. Fort Campbell has already begun coordinating with the Kentucky SHPO, Tennessee SHPO, and ACHP to provide comments and suggestions regarding the development of a new Programmatic Agreement. *Programmatic Agreement Between Fort Campbell and the Tennessee State Historic Preservation Office Regarding Development, Construction and Operations at Clarksville Base*

*Historic District* (Effective January, 2009) is for development undertakings within the Clarksville Base Historic District in Tennessee. A separate annual report is submitted for undertakings at Clarksville Base Historic District to the TN SHPO.

## **Staffing**

In July, 2018, Installation Management Command (IMCOM) Readiness Director disapproved a new contract providing on-site Cultural Resources services at Fort Campbell. The Director determined that the contract violated Title 10, Section 2461 of U.S. Code prohibiting converting functions designated for performance by DoD civilians to contractors. The contract supplying three (3) Secretary of the Interior (SOI) qualified Archaeologists to complete the majority of the requirements in this Programmatic Agreement ended on September 12, 2018. Fort Campbell has created and filled a new permanent Government position to help meet the workload requirements. This position was filled by Ms. Nicole Sorensen-Mutchie on January 22, 2019. Ms. Sorensen-Mutchie's Curriculum Vitae (CV) can be found in Attachment 1. The CV's of the previous Contract Personnel who worked at the installation until September are also included in Attachment 1. Fort Campbell is currently working to establish a Cooperative Agreement with Colorado State University to supplement the government personnel.

## **Inventory**

### *Overview*

Inventory of resources is a requirement under Section 110 of the National Historic Preservation Act. Under stipulations B.4 and B.6 of the *Operations Programmatic Agreement* (OPS PA), the CRMP must conduct a comprehensive inventory of archaeological sites and historic buildings on the installation. The CRMP maintains an extensive GIS database to keep track of archaeological sites, historic sites, historic buildings and cemeteries across the installation. This database organizes site information in a format that can be queried for various tasks, such as project review and assessment. . This database is made available to researchers in accordance with distribution requirements stipulated in the Archaeological Resources Protection Act (1979).

### *Historic Buildings*

The majority of Historic Buildings are characterized by being at least 50 years old, or older, from the current year. Therefore, as buildings approach the historic year range, they will need to be evaluated for NRHP eligibility to fulfill requirements of Section 110 of the National Historic Preservation Act.

Historic buildings at Fort Campbell include facilities classified as World War II temporary buildings, residences originally constructed as part of the Capehart and Wherry Housing programs, Unaccompanied Personnel Housing, and structures that were used as Cold War weapons and ammunition storage. All of these buildings are more than 50 years old and are considered through nation-wide Program Comments that allows the demolition and alteration of these remaining building types at Fort Campbell. All buildings on the installation will be assessed for eligibility for listing in the NRHP as they reach 50 years of age as funds allow.

*Architectural Evaluations*

There were no architectural evaluations completed at Fort Campbell during the reporting year. Any architectural evaluations that are completed within the 2019 calendar year will be submitted to the KY SHPO upon completion.

**Archaeological Investigation**

*Overview*

According to the OPS PA, areas that have been heavily disturbed and/or unsafe for survey are excluded from further archaeological survey. These areas include the Cantonment Area and Impact Areas. Some areas that have been previously inventoried for archaeological resources are being resurveyed due to various oversights and other documentation discrepancies of previous work. As funding is made available, more Phase I archaeological surveys and Phase II evaluations will continue at Fort Campbell.

*New Contracted Phase I Surveys and Phase II Site Evaluations*

Phase I surveys are being finalized in both Tennessee and Kentucky by New South Associates. Surveys were performed for initial site and artifact detection for both Historic and Prehistoric archaeological sites. The initial draft reports for these surveys have been provided to each State for comment to incorporate into the final report.

During the calendar year of 2018, three (3) phase I survey reports were sent to the KY SHPO for level of effort for the survey and concurrence with Fort Campbell’s eligibility determinations.

**Table 1. Phase I and Phase II Reports sent between January 2018-December 2018**

<b>Title</b>	<b>Result</b>	<b>Date</b>
<i>Phase I Archaeological Survey of 1070.8 Acres at Fort Campbell (Gregory et al. 2017)</i>	Concurrence on Level of Effort and Site Eligibility	February 22, 2018
<i>Final Report (In Support of) Phase I Archaeological Surveys of Multiple Training Areas at Fort Campbell, Kentucky/Tennessee (Pritchard 2018)</i>	Concurrence on Level of Effort and most Site Eligibility.	September 26, 2018
<i>DRAFT Phase I Archaeological Survey of 947.88 Acres, Fort Campbell, Christian and Trigg Counties, Kentucky (Gregory et al: 2018)</i>	No comments received in allotted time, moved to final production without SHPO comment	Received, February 29, 2019

### *In-House Archaeological Survey and Evaluation*

Fort Campbell Cultural Resources contract personnel also perform small scale Phase I archaeological survey and Phase II site evaluations. Phase I archaeological surveys are limited to five (5) acres in size, and occur on an as needed basis. These Phase II evaluations will be used to deliver eligibility recommendations to the SHPO on sites that have been recommended as *Potentially Eligible* by previous surveys. Survey information and site eligibility determinations will be forwarded to the KY SHPO upon completion.

During the calendar year 2018, no in-house archaeological reports were completed within Kentucky.

## **Project Review**

### *National Environmental Policy Act (NEPA) Review*

Fort Campbell primarily uses internal NEPA review as a clearing house for all projects within the installation. A critical part of the NEPA process is reviewing projects for potential effects to *Historic Properties*.

### *Record of Environmental Consideration (RECs)*

The Record of Environmental Consideration (REC) is an Army process for internal review of proposed projects in accordance with NEPA. The REC requires multiple disciplines to review projects to determine and comment on potential impacts including Cultural Resources.

The CRMP reviewed 77 REC documents in Kentucky, between January 2018 and December 2018. Most frequently, the proposed undertaking was reviewed internally in accordance with the OPS PA. RECs usually have no effect to historic properties or can be modified, through coordination with the CRMP, by the proponent to avoid effects to historic properties. The CRMP completes a "*Cultural Resources Comment Sheet*" for all RECs. Comment sheets describe, in detail, how an effect determination was made. All comment sheets are digitally signed by the Cultural Resources Program Manager. All comment sheets are maintained at Fort Campbell and are available for review upon request.

According to Stipulation 2.a. of the OPS PA, the FTC-CRO staff may inspect small areas not adequately surveyed for archaeological materials to determine the level of disturbance and the likelihood of any significant archaeological sites remaining. No RECs were reviewed under Stipulation 2.a in Kentucky during calendar year 2018.

A list of RECs reviewed and finalized by the CRMP are listed in Table 2. RECs are labeled by fiscal years; therefore, fiscal years 2018-2019 will be listed. All of the REC documents listed in this section were determined to have *No Effect to Historic Properties*. RECs that required further Section 106 Consultation are highlighted within the list.

**Table 2. RECS reviewed between January 2018-December 2018**

<b>REC #</b> <b>18-</b>	<b>TITLE*</b>
<b>20</b>	<b>Fort Campbell Railroad (Trestle) Bridge 49 Repair</b>
<b>31</b>	HWEA Alternative Natural Gas Main Easement
<b>33</b>	Bldg 6254 Sidewalk Installation
<b>34</b>	7237 Concrete Pad for ARFF Firefighters
<b>39</b>	BLDG 1160 Underground Electric
<b>42</b>	Johnson Field Backstop Demolition
<b>43</b>	Human Performance Renovation and Troop Aid Station
<b>44</b>	Cantonment Tree Planting
<b>46</b>	Repair building 6559 DA Photo Lab
<b>48</b>	Demolish Relocatable BLDGs
<b>53</b>	Brigade Support Battalion Division Engineer Tactical Assembly Area Setup and Dig Areas
<b>55</b>	326 BEB pull up bar install
<b>56</b>	SMB 18-030 (FTCKY FY18-2 Stationing Action)
<b>57</b>	AR 5-10 Stationing Action FY19-1 FORCE STRUCTURE ACTIONS
<b>77</b>	Repair Trench Drain at North Wash Rack Range 18
<b>80</b>	Post Wide Chiller Maintenance
<b>82</b>	Construct two Pavilions next to BLDG 6761 and between BLDGS 3106 & 3111
<b>84</b>	Security Fencing - ROCAs at Range 41 and Range 13
<b>86</b>	BLDG 7114 Reset
<b>87</b>	Replace Boiler - Bldg 3910
<b>88</b>	Replace boilers - BLDGS 6248, 7146, 6765, 6766, 6801
<b>90</b>	Bastogne Obstacle Course
<b>91</b>	Replace Boilers - BLDG 3069, 3071
<b>92</b>	BLDG 6474 Repair Roof and Gutters
<b>95</b>	Sitework for 3BCT Maintenance Facility Realignment
<b>98</b>	Replace PVI Boilers
<b>99</b>	Crash Site Remediation
<b>100</b>	Repair 14 Roofs
<b>101</b>	Modernize and Restructure Range 46
<b>102</b>	Remove obstacles in CAAF Exclusion Zone
<b>103</b>	Demolish the 134,000 SF warehouse awning - BLDG 6418
<b>105</b>	Replace Boiler - Bldg 7262

108	Repair Market Garden Road - Full Depth Reclamation
109	Replace Boiler - Bldg 7264
111	Complete Gas stove installation in old DFAC 7095
118	Reset Eichner Hall BLDG 7276
121	2019 Cantonment Tree Planting
122	Relocate four ARMAGs to BLDGs 6730, 6731, and 6733
123	5th SFG(A) Obstacle Course Fence
125	Replace Furnace Hanger 1 CAAF Bldg.7161
126	AR 5-10 Stationing Package, FY18-3 Force Structure Action
127	Repaint hanger doors at hanger 7152 and 7156
128	New Maintenance-Storage-Building at the Youth Sports Complex
129	Generator Maintenance IDIQ
130	AR 5-10 Stationing Package, 160th PDM Growth
132	Update and Replace Directional Signage on Cantonment
134	Replace Ceiling in Fuel Lab., Bldg. 7137
138	SPIDER IIA IOT Record test 20Sep-31Oct18 Trg areas 20,21,23,39
141	Construct a Pavilion on Johnson Field
142	CAAF REPAIR- DESTINY LIGHTING, HANGAR RAMP, 23-RUBBER REMOVAL
144	Replace water heater and storage tank Bldg 7163
146	Install a Small Culvert / Add Grading (Bldg 7063 Container Yard)
147	BLDGs / Structures to demolish in FY18 DRAFT List
148	Parking Lot Maintenance Bldg A5004
150	Power Line Tree Trimming
151	Reset Building 7274 & Installation of Hangar Fans
152	Replace Chillers BLDGS 6521 & 6525
155	Install Paint Booth Exhaust system Bldg 7257
157	Replacement of building A7297
159	DPT Sampling at Old Hospital Site, Bldgs 123, 125, 127
164	Angels - Swarmer Rd. Parking Lot Install
165	BLDGs to demolish in FY18 SET #1
166	BLDGs to demolish in FY18 SET #2
169	Forestry mowing FY18
170	Timber Stand Improvement
173	DoDEA Mahaffey Middle School Relocatables
175	FY 19 Prescribed Fire Management: Impact Area
176	FY 19 Prescribed Fire Management: Maneuver Areas
177	FY19 Forestry Timber Sales
178	Repair Railroad Closed-to-Traffic & Restricted Deficiencies

179	Demolish above ground trench at the Bayonet Assault course and haul dirt to a Relocatable footprint
182	Repair Building 7200, Suite 5
183	Construct APO Post Office to Co-Exist with Finance Bldg. 6739
185	Lincoln Parking Lot
<b>REC #</b>	<b>Title</b>
19-	
2	Implement Energy Conservation measures Post-wide
3	SMB 19-006, AR5-10, FY19-2 Stationing Action

\* Titles come directly from the REC document and are named by the proponent. The names are copied exactly to ensure consistency and may have typographical and/or spelling errors from the original document.

#### *Individual Section 106 Consultation*

Under Stipulation C.2 of the OPS PA, when undertakings are not exclusively reviewed by Fort Campbell personnel, an individual Section 106 consultation, per 36 CFR 800, with the KY SHPO must be performed before an undertaking can proceed. When a Section 106 Consultation is completed, it is forwarded to the SHPO for concurrence with the Army's effect determination.

The CRMP completed four (4) formal Section 106 consultations with Kentucky. A list of individual Section 106 Consultations completed is located in Table 3.

**Table 3. Section 106 Consultations sent between January 2017-December 2017 (REC Related)**

REC #	Title	Result	Date of Concurrence
18-020	Fort Campbell Railroad (Trestle) Bridge 49 Repair	Concurrence with <i>No Effect to Historic Properties</i>	May 24, 2018
18-093	Interior and Exterior Renovations at the Parrish House (Bldg 5001)	Concurrence with <i>No Adverse Effect to Historic Properties</i>	April 10, 2018
18-093_MOD*	Interior and Exterior Renovations at the Parrish House (Bldg 5001)_Trail realignment	Concurrence with <i>No Adverse Effect to Historic Properties</i>	May 21, 2018
18-124	Convert Lincoln School to DPW, LCOE & MICC, Bldg 3709	Concurrence with <i>No Adverse Effect to Historic Properties</i>	October 10, 2018

\* MOD: Modification of existing REC documents due to substantive changes.

### *Tennessee One Call*

The Tennessee One Call is an automated system that notifies installation personnel of any underground digging that will occur on the installation, in both Tennessee and Kentucky. This automated system notifies callers of any underground utilities buried within the project area. The CRMP receives automated Tennessee One Call tickets, via email, referencing geographical locations for review for potential impacts to cultural resources. The CRMP has 72 hours to respond via the automated system prior to the beginning of the project. Most Tennessee One Calls are placed for repair and/or maintenance to utility lines and satellite television installation. The CRMP reviewed 2035 Tennessee One Calls in 2018, all of which were determined to have *No Effect to Historic Properties*.

According to Stipulation 2.a. of the OPS PA, the FTC-CRO staff may inspect small areas not surveyed for archaeological materials to determine the level of disturbance and the likelihood of any significant archaeological sites are remaining. No Tennessee One Calls, in Kentucky, were reviewed requiring additional fieldwork in accordance with Stipulation 2.a.

### **Formal Correspondence**

The CRMP also developed formal correspondence packages with the KY SHPO regarding activities not covered through REC documents or Section 106 Consultations. Correspondence packages are summarized below.

**Table 4. Legal agreements sent between January 2018-December 2018**

<b>Title</b>	<b>Result</b>	<b>Date</b>
<b><i>DRAFT Programmatic Environmental Assessment for the Railway Maintenance and Repair of an Existing Railroad Spur Connecting Fort Campbell to Hopkinsville, Kentucky</i></b>	Concurrence that the PEA does not satisfy Section 106 of the NHPA	October 4, 2018

## Major Projects

### *Parrish House Volunteer Project*

In 2018 Fort Campbell Survivor Outreach Services was contacted by various community groups and representatives from Lowe’s Home Improvement stores. These groups wanted to provide funds and volunteer support for a project which would directly improve quality of life for Soldiers and Families on Fort Campbell. Fort Campbell and Volunteer representatives chose to rehabilitate the office of the survivor Outreach Services located in the NRHP *Eligible* Parrish House (Facility 5001). The renovation including new appliances, fixtures, painting, carpeting, landscaping, playground equipment, and historic interpretive signage. Formally reviewed under RECs 18-093 and 18-093\_MOD, Fort Campbell consulted with the Kentucky SHPO regarding the renovation to ensure that the renovations met the Secretary of the Interior’s Standards for rehabilitation. The SHPO concurred with the Installation’s determination of *No Adverse Effect to Historic Properties* on April 10, 2018 and May 21, 2018. Timely response and flexibility of the Kentucky SHPO allowed for a streamlined review and caused no delays in the implementation of this project. A rededication ceremony of the Parrish House was held in August, 2018 which included local media, senior leadership, and survivor families. Both Tennessee and Kentucky State Historic Preservation Officers were invited to the event, but both were unable to attend.

### *Bridge 49 replacement*

Bridge 49 is a wooden Trestle bridge located along a section of railway owned by the Fort Campbell, but not within the Installation. The Fort Campbell CRPM determined that the existing PA *Amended Programmatic Agreement Among the United States Army, The State Historic Preservation Officer of Kentucky and the State Historic Preservation Officer of Tennessee regarding the Operation, Maintenance, and Development of The Fort Campbell Army Installation at Fort Campbell, Kentucky* (Amended December 2018) did not apply to this undertaking. A section 106 Consultation was conducted with the Kentucky SHPO regarding demolition and replacement of Bridge 49. Additional fieldwork was conducted by in-house contracted CRM staff to locate any archaeological deposits or other *Historic Properties*. No archaeological deposits or standing structures were located within the project APE and the consultation was completed under REC 18-020. The KY SHPO concurred with Fort Campbell’s determination of *No Effect to Historic Properties* in a letter Dated May 24, 2018.

### *Renovation of Lincoln Elementary School*

Lincoln Elementary School was replaced by a new, modern, elementary school on Fort Campbell. After all students were transferred to the new school, Fort Campbell had to decide to reuse or demolish the old school. Fort Campbell decided to reuse the school for office/administrative space. In Accordance with Executive Order 13287: Preserve America, Fort

Campbell determined the best way to preserve the NRHP Eligible Lincoln Elementary School was to adaptively reuse the *Historic Property*. The renovation of the elementary school to office space was reviewed under REC 18-124. Fort Campbell consulted with the Kentucky SHPO regarding the renovation to ensure that the renovations met the Secretary of the Interior's Standards for rehabilitation. The KY SHPO concurred with Fort Campbell's determination of *No Adverse Effect to Historic Properties* in a letter Dated October 10, 2018.

#### *NAGPRA Consultation*

In 2018 Fort Campbell began the initial steps to complete its Sections 5, 6, and 7 requirements of the Native American Graves Protection and Repatriation Act (NAGPRA). This effort was facilitated by the St. Louis Corps of Engineers Mandatory Center of Expertise in curation (MCX). The MCX reviewed all known NAGPRA subject materials and remains as well as all suspected materials and remains from the installation. Twelve (12) Federally Recognized Tribes were invited to participate in the NAGPRA process. A formal, in-person, meeting was held on February 21, 2018 at Fort Campbell to discuss and solicit information from the Tribes. Through consultation with the Tribes, Fort Campbell decided that the remains are *Culturally Unidentifiable* in accordance with NAGPRA. The Federal Register notice of the decision, and repatriation of the remains are expected in 2019.

#### *Privatized Housing Programmatic Agreement Amendment*

In 2018 the Programmatic Agreement entitled *Programmatic Agreement Among Fort Campbell, Kentucky, Kentucky State Historic Preservation Officer, Tennessee State Historic Preservation Officer and the Advisory Council on Historic Preservation for the Privatization of Family Housing at Fort Campbell, Kentucky*, was amended to change the areas of responsibility of the privatized Housing partner. The amendment removed the NRHP Eligible Parrish House (5001) from the day to day responsibilities of the housing partner, Campbell Crossing LLC, and returned it to the Fort Campbell Garrison. There were also changes in the overall footprint of the areas managed by Campbell Crossing, none of which contained *Historic Properties* or intact archaeological deposits. The amended agreement was filed with the Advisory Council on Historic Preservation, the Tennessee SHPO, and the Kentucky SHPO on January 25, 2019.

#### *Adverse Effect: 15TR257*

In March 2013, the KY SHPO and ACHP were notified of an *Adverse Effect* to archaeological site 15TR257. In a letter dated April 25, 2013, the KY SHPO agreed with Fort Campbell's determination that site 15TR257 was *Eligible* for listing on the NRHP and that the impacts to the site constituted an *Adverse Effect*. In response to *Adverse Effect*, Fort Campbell is currently developing management strategies, in coordination with the KY SHPO, for inclusion in the new Programmatic Agreement for monitoring *Historic Properties* and all sites with human remains. The monitoring program will include all *Historic Properties* and sites with human remains once per year. All *Potentially Eligible* or unassessed sites will be monitored on a five (5) year rotation. These requirements will be formally codified in the new Programmatic Agreement and updated ICRMP.

## **Actions Not Reviewed by CRMP**

Between January 2018 and December 2018, no actions were completed by Fort Campbell personnel that did not follow established environmental review in Kentucky.

## **Public Outreach**

Between January 2018 and December 2018, the CRMP staff has organized and participated in several programs to promote awareness and stewardship of Cultural Resources at Fort Campbell. These events highlighted stewardship of Cultural Resources on the Installation and commitment of the US Army to preserving these resources.

### *Current Research in Tennessee Archaeology Annual Meeting*

On January 27, 2018, Fort Campbell CRM staff attended the Current Research in Tennessee Archaeology annual conference sponsored by the Tennessee Council for Professional Archaeology at Montgomery Bell State Park. Contract Archaeologist, Ms. Hillary Burt, M.A., RPA, presented a paper at the conference entitled *The Cemeteries of Fort Campbell: An Examination of Rural Burial Practices in the Southern United States in the 19th and 20th Centuries*. The paper utilized existing cemetery data from the installation to make conclusions about settlement and burial patterns in the region.

### *STEMposium*

On March 23, 2018, Fort Campbell CRM staff participated in STEMposium, an event sponsored by the Fort Campbell High School. The annual event brings employers and professionals in the sciences and engineering professions to the High School to promote education and careers in these fields. The CRMP displayed unprovenanced artifacts from the teaching collection as well as the documentary entitled: *The Barrens of Fort Campbell*. CRMP Archaeologists distributed pamphlets about careers in Archaeology and discussed education and training requirements with numerous students.

### *Earth Day*

On April 13, 2018, Fort Campbell CRM staff participated in an Earth Day event held on the installation at Werner Park. The event, sponsored by the Directorate of Public Works (DPW) Environmental Division, was attended by several hundred dependent children from local schools. The CRM staff displayed unprovenanced artifacts from the teaching collection and also had mock excavating activities to demonstrate field techniques for younger students.

### *TCPA Archaeology Day*

On September 9, 2018, Fort Campbell CRM staff participated in Archaeology Day event, sponsored by the Tennessee Council for Professional Archaeology at Bells Bend State Park. Fort Campbell provided blank, air dry clay discs as a medium to demonstrate precontact ceramic decoration techniques. An official count of participants was not kept, however, CRM staff gave out over 400 discs to children.

#### *Daughters of the American Revolution presentation*

On September 25, 2018, Mr. Ronald Grayson, M.A., RPA, Fort Campbell Cultural Resources Program Manager, gave a presentation to the Captain William Edmiston Chapter of the Daughters of the American Revolution in Clarksville, Tennessee. Mr. Grayson was invited to present to the Chapter by their President. The presentation entitled *Historic Preservation at Fort Campbell: A Basic Overview* provided a background on Historic Preservation legislation as well as some of the unique, significant properties on the Installation. The presentation was part of the organization's monthly meeting and was attend by approximately 30 people. Mr. Grayson presented the Chapter with a DVD of the documentary video *Barrens of Fort Campbell* as well as answered many questions about cemetery management and access.

#### *Clarksville and Montgomery County Retired Teachers Association presentation*

On October 18, 2018, Mr. Ronald Grayson, M.A., RPA, Fort Campbell Cultural Resources Program Manager, gave a presentation to the Clarksville and Montgomery county Retired Teachers Association in Clarksville, Tennessee. Mr. Grayson was invited to present to the Association by their President. The presentation entitled *Historic Preservation at Fort Campbell: A Basic Overview* provided a background on Historic Preservation legislation as well as some of the unique, significant properties on the Installation. The presentation was part of the organization's monthly meeting and was attend by approximately 100 people. Clarksville Mayor, the Honorable Kim McMillan was also in attendance.

#### *Clarksville and Montgomery County Historical Society presentation*

On November 19, 2018, Mr. Ronald Grayson, M.A., RPA, Fort Campbell Cultural Resources Program Manager, gave a presentation to the Clarksville and Montgomery County Historical Society in Clarksville, Tennessee. Mr. Grayson was invited to present to the Society by their President. The presentation entitled *Historic Preservation at Fort Campbell: A Basic Overview* provided a background on Historic Preservation legislation as well as some of the unique, significant properties on the Installation. The presentation was part of the organization's monthly meeting and was attend by approximately 60 people. Mr. Grayson presented the Society with a DVD of the documentary video *Barrens of Fort Campbell* as well as answered many questions about cemetery management and access.

## **Public Requests for Cemetery Information and Visits**

The Fort Campbell Cultural Resources Management Program periodically receives requests for information regarding cemetery information, genealogy, and cemetery access. Between January 2018 and December 2018, the CRMP staff received a total of eighteen (18) requests for information about cemeteries. A total of thirteen (13) requests were for genealogical, photographic, or other currently available information. Two (2) requests were for descendants to conduct a site visit facilitated by CRMP personnel. A total of three (3) requests were unable to be responded to due to the reduction in staffing from loss of contract personnel in September, 2018.

A prominent site visit occurred on May 8, 2018, involved the Emmy award winning comedian and documentarian W. Kamau Bell, his Mother Janet Cheatham Bell, and a CNN film Crew. The crew was filming a segment for the special *Finding Kamau Bell*, retracing Mr. Bell's family

history. The Bell family purchased a small farm in the late 1860's, in Montgomery County, Tennessee. The archaeological remains of the farm house and outbuildings are currently in Training Area 7 on Fort Campbell. CRMP archaeologists provided CNN with historical documents as well as led the crew, the Bells, and representatives of Fort Campbell Public Affairs to the site. The portion of the site visit was incorporated into the program exploring the Bells family history and aired on CNN and CNN online. <https://www.cnn.com/2018/06/06/us/united-shades-ancestry-finding-kamau/index.html>

## **Conclusion**

With the pending update of the Programmatic Agreement and implementation of the ICRMP, the CRMP can foster consistent and appropriate methods for Cultural Resource management. The CRMP will be coordinating with the KY SHPO on Programmatic Agreement updates and ongoing archaeological investigations. The Fort Campbell Garrison intends to increase onsite support through a cooperative agreement with Colorado State University in 2019 to have the capability of maintaining a consistent level of Cultural Resources management that has been performed at the installation for over 30 years. The Fort Campbell Cultural Resource Management Program hopes for continued improvement and efficiency in the management of Cultural Resources within the installation boundary.

Mr. Craig A. Potts  
Kentucky Heritage Council  
410 High Street  
Frankfort, KY 40601

Dear Mr. Potts:

In accordance with Stipulation (J.1.a.) of *Programmatic Agreement Among the United States Army, The State Historic Preservation Officer of Kentucky and the State Historic Preservation Officer of Tennessee regarding the Operation, Maintenance, and Development of The Fort Campbell Army Installation at Fort Campbell, Kentucky* (Amended December 2018) an annual report of all Army projects and activities carried out in the Kentucky portion of Fort Campbell, and reviewed by the Fort Campbell Cultural Resource Management Program (CRMP), must be submitted to the Advisory Council on Historic Preservation, Installation Management Command-Readiness and the Kentucky State Historic Preservation Office. The following report includes a list of projects and activities that have been reviewed for possible effects to historic properties, a determination of those effects, a summary of mitigation and/or treatment measures, and a summary of consultation activities performed by the CRMP in Christian and Trigg Counties, Kentucky for calendar year 2018.

It is the determination of the US Army that this report meets the requirements of Stipulation (J.1.a) of the aforementioned agreement for calendar year 2018. Please accept the enclosed annual report as meeting compliance with Stipulation (J) of the aforementioned agreement.

If you have any further questions, regarding this matter, please contact Mr. Ronald Grayson, Cultural Resources Program Manager at [ronald.i.grayson.civ@mail.mil](mailto:ronald.i.grayson.civ@mail.mil), or telephone 270-412-8174.

Sincerely,

Joseph P. Kuchan  
Colonel, U.S. Army  
Commanding
