✓ **Dynamic Discs Veterans for Vets Disc Golf Tournament-16 Jan 21**

Following in the footsteps of the Trilogy Challenge, Veterans for Vets is a new event designed to meet three goals. First, it gives disc golfers a chance to play in an organized event during the winter months. Second, it provides an awesome environment for a disc golfer without any tournament experience to play in an organized event. Finally, it provides an opportunity for a local disc golf community to raise money that gets returned to that same community to organizations tasked with serving veterans!

#### **✓ Cervical Health Awareness Month**

Nearly 13,000 women in the United States are diagnosed with cervical cancer each year, but the disease is virtually always preventable with vaccination and appropriate screening (Pap and HPV tests).

Screening can find changes in the cervix before cancer develops. It can also find cervical cancer early—when it's small, has not spread, and is easiest to cure. Another way to help prevent cervical cancer in the future is to have children vaccinated against human papilloma virus (HPV), which causes most cases of cervical cancer.
