### **COVID Team Effort:**

We need the support of all families to pre-screen students every single day. This is the #1 way we can reduce quarantines and school closures of any kind. Keep your students' home if:

1. They have symptoms of any kind, to include "allergies" or "sinus" symptoms.
2. They are awaiting a test for COVID
3. They are a close contact with anyone with COVID or someone who has notable COVID symptoms and is awaiting a test

Please help our schools by following these guidelines every day! If you have any questions or concerns, please contact your school, and speak to the nurse before sending your child to school. We can do this together!

## **Health Themes**

✓ **Warrior Care Month**

Each November, the Army honors wounded, ill and injured Soldiers and their Families by commemorating Warrior Care Month. Warrior Care Month highlights the resilience and strength of these Soldiers and their Families and caregivers. Throughout the month, the Army will host Military Caregiver Symposiums, a Resource Fair and other events honoring these men and women and their Families, communicating the Army's commitment to wounded, ill, and injured (WII) Soldiers, their Families and caregivers. Warrior Care Month increases awareness and understanding of Soldier Recovery Units as it commemorates Soldiers and Families for their service and sacrifice to the Nation.

### ✓ **National Diabetes Month**

According to the CDC, diabetes is the seventh leading cause of death in the United States. Adults aged 50 years or older with diabetes die 4.6 years earlier, develop disability 6 to 7 years earlier, and spend about 1 to 2 more years in a disabled state than adults without diabetes. About 34.2 million people—or 10.5% of the U.S. population—had diabetes (diagnosed or undiagnosed) in 2018. BACH patients who are diabetic may attend classes, which are presented on the first Tuesday and Thursday of each month. The classes are three hours and provide information about prevention, maintenance and control of diabetes. Patient's PCM must submit a referral to attend one of the classes.

### **Ongoing COVID-19 Updates**

#### ✓ **Third Dose vs. Boosters**

If you received the Pfizer-BioNTech COVID-19 vaccine for your two-dose primary series, the CDC recommends some individuals receive a single booster dose at least six months after the second dose. You can learn more here:

<https://www.cdc.gov/coronavirus/2019-ncov/vaccines/booster-shot.html>

If you have certain immunocompromising conditions, such as undergoing cancer treatment or taking medications which suppress your immune system, CDC recommends you get an additional dose of a mRNA vaccine at least 28 days after your second dose of a mRNA vaccine. You can learn more here: <https://www.cdc.gov/coronavirus/2019-ncov/vaccines/recommendations/immuno.html>

To schedule an additional dose or booster COVID vaccine, use the directions outlined on the Defense Health Agency Appointing Portal. This link is on the main page of hospital website at: <https://blanchfield.tricare.mil>.

#### ✓ **Mask Policy**

Wearing a mask remains a requirement within all Department of Defense medical facilities other than the following exceptions: children under two years old, while eating or drinking, or when alone in a room with the door closed. Visitors should frequently sanitize their hands before and after patient contact, restroom use, and touching high-contact surfaces.

#### ✓ **COVID Triage and Testing**

Blanchfield Army Community Hospital offers COVID triage weekdays **7:45 a.m. to 3:45 p.m.** and weekends **7:45 a.m. to 11:45 a.m.** via the hospital's appointment line at **270-798-4677**, option 2. COVID testing is available weekdays and DONSA's **8 a.m. to 3:30 p.m.** and weekends **8 a.m. to 11:30 a.m.** Services are available for Soldiers, Retirees and Family members assigned to a BACH or Fort Campbell medical home.

#### ✓ **COVID Vaccine available to 12 and older**

The COVID vaccine clinic, located at the Passenger Processing Center next to Campbell Army Airfield, is open weekdays from **6:30 a.m. to 3:30 p.m.** Vaccines are provided on a walk-in basis or you can save time by scheduling an appointment online at <https://blanchfield.tricare.mil> and follow the steps outlined on the hospital's website.

BACH is using the Pfizer vaccine, which is administered in two doses 21 days apart, so beneficiaries will need to return for the second dose. Second dose appointments may be scheduled through the Dose 2 link on the hospital's website. To schedule an additional dose or booster COVID vaccine, use the directions outlined on the Defense Health Agency Appointing Portal. This link is on the main page of hospital website at <https://blanchfield.tricare.mil>.
