**FOR IMMEDIATE RELEASE**

## Public Service Announcement

### **4ID conducts month-long training on post, at Piñon Canyon Maneuver Site**

**FORT CARSON, Colo.** – The 4th Infantry Division will conduct a month-long training exercise on both Fort Carson and at the Piñon Canyon Maneuver Site, located approximately 30 miles northeast of Trinidad, beginning May 1.

The exercise, referred to as Ivy Mass, is expected to intermittently generate noise and dust throughout the day and into the evening.

Since September, the 4th Inf. Div. has incrementally tested components of the Army's Next Generation Command and Control ecosystem during five Ivy Sting training exercises on Fort Carson. Each exercise increased in complexity and scale with the goal of providing commanders with the integrated data they need to make more, better and faster decisions on the battlefield.

Fort Carson is dedicated to being good neighbors and will continue to inform the public about training events that may affect surrounding communities. We will continue to listen to our community and work through any noise issues that may arise. We strive to balance our training requirements while respecting our neighboring communities.

Noise complaints should be directed to the Fort Carson Public Affairs Office at 719-526-9849.

***For more information contact the Fort Carson Public Affairs Office at 719-526-7525. After hours, please contact the 24-hour Fort Carson Operations Center at 719-526-5500 and ask for the On-Call Public Affairs Officer.***
