The Benefits of a Micro Market/URU

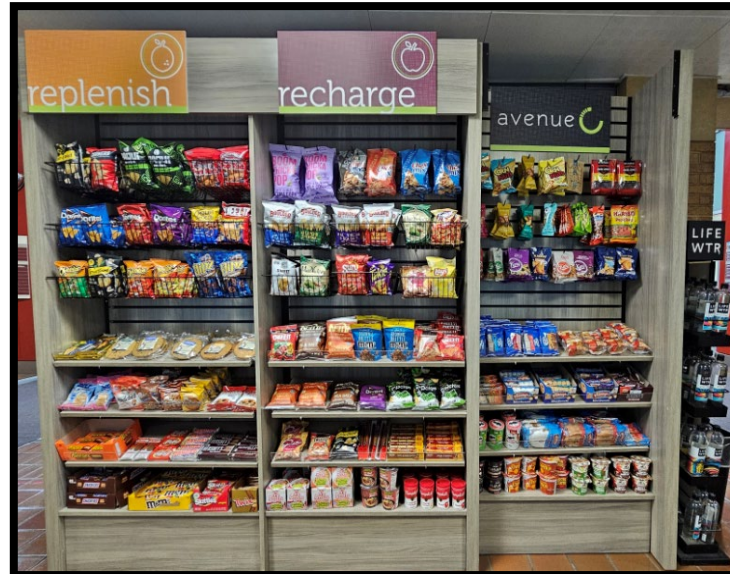

➤ **BENEFITS:**

- **Having a micro market is like having your own customized market place right on site. It offers a great variety of products and the ultimate in convenience**
- **Micro markets can offer hundreds of product selections to boost sales that may not work in traditional vending including new SKUs, crisp salads, fresh sandwiches and wraps, fruit, vegetables, hummus, dairy products, sundries, and more with 24/7 availability.**
- **Micro markets can be a cashier free, customized solution for your work place**
- **Micro Market Products Available**
- **In a typical micro market you will find:**
 - **Fresh crisp salads and fruit**
 - **Deli sandwiches, subs, soups and meal options**
 - **Premium beverages, sparkling drinks and juice varieties**
 - **Popular snacks, candies, gum and mints**
 - **Low-calorie, low-fat healthy alternatives**
 - **Breakfast sandwiches, pastries and cereals**
 - **Ice cream and other frozen treats**
 - **Some over the counter medicine and sundry items**
