

Influenza Vaccines for 2025-2026 Flu Season

Evans Army Community Hospital

Be a FLU FIGHTER!

- Influenza viruses commonly circulate starting late Fall in the U.S.
- The BEST WAY to protect yourself is to get your FLU SHOT!
- Annual influenza vaccination is recommended for all persons aged 6 months and older who do not have contraindications

Medically Ready Force... Ready Medical Force

When can I get the Flu shot?

Prioritization

- MEDDAC/Healthcare providers
- Deploying units; Active Duty
- High-risk
- All other DoD beneficiaries

Active Duty / Tenant Units

- Vaccination decentralized to units with medical assets
- Units without organic medical assets coordinate with APHN for support
