

How can a School Liaison Officer (SLO) support your family during PCS?

-Transition Assistance: SLOs provide guidance on school selection, enrollment procedures, and transferring credits

-Alternative Schooling Options: They provide information on homeschooling, online schooling, and other educational alternatives.

-Youth Sponsorship Programs: SLOs can help connect incoming students with peers to help them adjust to new schools and communities.

-Special Education Support: SLOs offer resources and referrals for families with children requiring special education services.

What do I need to do to get SLO support?

Call or email your current installation's SLO and they will get you connected with your new duty station's SLO

Fort Carson's School Liaison Officer
