What is IG Confidentiality?

People who ask the IG for help, make a complaint, provide evidence, assist an IG during an investigation or inspection, or otherwise interact with an IG often expect some degree of confidentiality. This expectation encompasses the IG's safeguarding of their identity and the nature of the contact with the IG. It also includes protection from reprisal.

The IG has a duty to protect confidentiality to the maximum extent possible, especially when you specifically request it. While the need for confidentiality and the measures necessary to protect it will vary with the circumstances, the IG will always give confidentiality priority attention.

However, it is important to remember that while safeguarding confidentiality is a priority with IGs, it cannot always be guaranteed. For more information on IG confidentiality, refer to AR 20-1 or call your local IG.
