f. USAG Daegu Hazardous Material Management Plan, May 21.

g. Memorandum, DAIN-ISE, SUBJECT: Updated Web Compliance Assessment and Sustainment System - Enterprise (WEBCASS-E) Deployment and Implementation Interim Guidance, 1 Nov 23

2. Applicability:

a. All USAG Daegu Headquarters directorates and organizations, all installation support activities and organizations, and tenant units and organizations within USAG Daegu.

b. All permanently or temporarily active-duty military and reserve components at USAG Daegu.

c. All appropriated and non-appropriated funded US and Local National civilian employees working permanently or temporarily within USAG Daegu.

d. All Army and Air Force Exchange Service (AAFES) and all Defense Commissary Agency (DECA) employees working permanently or temporarily within USAG Daegu.

3. Purpose: To manage hazardous materials (HM) and/or hazardous waste (HW) in an environmentally acceptable manner to enhance mission readiness, reduce and prevent pollution by controlling and reducing the acquisition, use, handling, and disposition of HM and generation of HW. A HMMP supports supply chain integration concepts and Army sustainability objectives. It is consistent with AR 200-1 and 710-2 and with all applicable Federal, State, and local regulations and IMCOM guidance.

4. USAG Daegu envisions continual improvement of its ability to sustain the mission and protect the environment. This will be accomplished by:

a. Identifying and documenting operations, processes and products that have environmental impacts.

b. Establishing centralized management and visibility of HM and associated wastes.

c. Establishing an HMMP committee to plan for, oversee, and recommend policy and procedural changes that directly affect USAG Daegu operations. HMMP committee will consist of representatives from the Environmental Division, Safety, Industrial Hygiene, LRC Hazardous Material Control Point (HMCP) and Fire Department and meet quarterly basis to ensure effective HM management.

d. Implementing integrated operations installation wide.

e. Using EESOH-MIS/Hazardous Material Identification and Disposal System (HMIDS) to manage and track HMMP operations, as a source of information to document conformance with goals and objectives and as a compliance reporting tool.

5. Specific business practices incorporated into the USAG Daegu HMMP will include, but is not limited to:

a. Establishment of an Authorized User/Use List (AUL) to document the identification, documentation, and approval of processes using HM and/or generating HW to control HM used on the garrison to anticipate regulated waste streams.

b. Centralize HM management and procurement consistent with the AUL.

c. Use of EESOH-MIS/HMIDS to manage and track HMMP operations, as a source of information to document conformance with goals and objectives and as a compliance reporting tool.

d. Ensure Hazard Communication (HAZCOM), Environmental Officer, and HM/HW Handler training is provided.

6. USAG Daegu activities, tenants, and personnel are required to comply with this policy, as well as all applicable Federal, State, and local laws and regulations. Accordingly, this document directs all activities, tenants, and personnel to implement a sound HMMP consistent with all policies and procedures.

7. The point of contact is the Environmental Division at 763-5361.
