The 3Rs of Explosives Safety

Recognize – Recognizing when you may have encountered a munition is key to reducing the risk of injury or death. If you encounter or suspect you may have encountered a munition, consider it extremely dangerous. Remember, munitions are sometimes hard to identify.

Retreat – If you encounter a munition, do not approach, touch, move or disturb it, but immediately and carefully leave the area following the same path on which you entered. If you can, mark the general area, not the munition, in some manner with a hat, piece of cloth, or tying a piece of plastic to a tree branch.

Report – When you think you may have encountered a munition, notify USAG Daegu Military Police at 0503-364-5911 (Commercial).

DON'T FORGET

Munitions are dangerous and may not be easily recognizable. Never touch, move or disturb munitions or suspected munitions.
