MEMORANDUM FOR SEE DISTRIBUTION

SUBJECT: United States Army Garrison (USAG) Daegu Command Policy Letter #26-31, Environmental Compliance Inspection

1. References:

a. AR 200-1, Environmental Protection and Enhancement, 13 Dec 07.

b. US Forces Korea (USFK) Manual 4715.05, Korea Environmental Governing Standards, 26 August 2024.

c. Technical Manual 38-410, Storage and Handling of Hazardous Materials, 4 Mar 2020.

2. Applicability: This policy applies to all personnel assigned or attached to USAG Daegu Headquarters Directorates and organizations, all installation support activities, tenant units, organizations, and personnel within USAG Daegu.

3. Purpose: To establish a standardized internal USAG Daegu environmental compliance inspection program that assures compliance with Department of Defense, US Army, and USFK environmental rules, regulations, standards, and directives.

4. Responsibilities:

a. Directorate of Public Works (DPW), Environmental Division will:

(1) Conduct environmental inspections to include an internal Environmental Performance Assessment System (EPAS) assessment annually and an external EPAS assessments of facilities within USAG Daegu every three years.

(2) Frequency of inspections will be based upon the organization's environmental activities. Organizations with high-risk operations will be inspected quarterly. Those with mid-level risk will be inspected semi-annually. All other organizations will receive an annual Environmental Compliance Inspection to ensure compliance with all applicable environmental regulations and policies.

(3) A written inspection report and recommended corrective action will be provided to the Unit Commander or Director, Environmental Officer (EO) and/or

designated POC of the inspected organization within ten (10) working days after completion of the inspection.

(4) Provide assistance and technical expertise in correcting deficiencies observed during inspections and assessments.

b. Unit Commanders and Organization Director/Manager will:

(1) Appoint in writing a primary and alternate unit or organizational Environmental Officer (EO) and ensure they successfully complete the EO training within three (3) months of being appointed. Unit EO should be E5 Sergeant or above or equivalent civilian.

(2) Implement the corrective actions for all identified discrepancies within proper time frame. The Following table provides time guidelines for correcting the Environmental Compliance Inspection (ECI) findings.

Finding Category:	Guideline (Time to Correct)
Documents and Record keeping	1 month
Operational Control	3 months
Signs, label and marking	1 month
Training	3 months

(3) Provide an EO to accompany all environmental inspectors and assessors during environmental audits.

(4) Ensure all spills are reported to the Environmental Division.

(5) Train all assigned personnel in environmental awareness.

c. Organization EOs will:

(1) Conduct monthly self-compliance inspections using the USAG Daegu Compliance Inspection Checklist in the enclosure. Ensure compliance with environmental governing standards and conform to Garrison Environmental policies.

(2) Ensure that Unit EO attends the initial USAG Daegu Environmental Officer's training every three (3) years and a refresher training every year when Unit EO not took the initial training. Attendance at another IMCOM Installation's Environmental Officer's Course may be accepted in fulfilling this training requirement. However, refresher training must be attended to go over Korea/USAG Daegu specific information and requirements.

(3) Ensure proper management of hazardous materials, hazardous waste, and follow regulations and Standard Operating Procedures (SOP) for these materials and waste.

(4) Ensure any changes in policy, procedures, and environmental information are disseminated to all personnel within the organization.

(5) If the unit/organization operates a Hazardous Waste Accumulation Point or fuel delivery truck(s), Unit EO must conduct an annual spill drill and environmental awareness training for unit personnel to include installation environmental programs, policies and spill response procedure and reporting process. The training record must be presented during the Environmental Compliance Inspection.

(6) All personnel who use, handle or store hazardous materials will be trained in accordance with DoDI 6050.05.

(7) Ensure required documentation and records are maintained.

(8) Inform the Unit Commander, director or supervisor and USAG Daegu Environmental Division of any environmental problems, issues, potential violations, legalities, or POL Spills in spill report form.

(9) Submit a Unit Corrective Action Plan (UCAP) to the DPW Environmental Division within ten (10) working days after receipt of inspection results and findings. UCAPs are maintained as part of the inspection record for three years.

5. The point of contact is the Environmental Division at 763-5361.
