

U.S. Army On-Line Remedial Driver Training Instructions

- The U.S. Army's Remedial Drivers Training (RDT) has been redesigned to be a more effective and efficient online course without compromising the standards.
- The RoadRageous™ RDT is an advanced, behavior-focused program designed to address the root causes of aggressive driving. This course empowers drivers to acknowledge and change negative habits by providing a toolkit for better decision-making behind the wheel. The goal is to reduce aggressive driving incidents and prevent repeat offenses through a combination of expert instruction and interactive training.

How To Register

You must first register by going to the Army Installation Registration System (AIRS).

<https://airs.safety.army.mil/> (CAC Required *ONLY* for AIRS Registration)

After your registration in AIRS is approved, you will receive an email containing instructions to create your IMPROV Learning account.

The course must be completed within 30 days from registering.
