MEMORANDUM FOR RESIDENTS OF FORT DETRICK HOUSING.

SUBJECT: Residents can sign up for Army emergency notification system.

All residents of Fort Detrick housing now have access to ALERT!, the Army-wide government-operated mass warning and notification system.

ALERT! is used to notify Service Members, their families, employees and housing residents of emergencies at Fort Detrick and Forest Glen Annex. Users should expect to receive messages from the system during emergencies, severe weather events, and various situations that require dissemination of information to affected persons on our installations.

Residents are encouraged to sign up to receive notifications by contacting their Resident Managers and providing their contact information, which will be manually entered into the ALERT! system. Service Members, DoD civilians and contactors with a Common Access Card (CAC) and access to a government network can update their information in ALERT! by visiting: <https://alert.csd.disa.mil>.

We encourage all residents to take advantage of this opportunity, to keep themselves and their families informed and safe during emergencies.
