

EVERYONE IS A PEDESTRIAN

*A pedestrian was killed
every 70 minutes in traffic crashes in 2022*

WALKING SAFETY TIPS

- Follow the rules of the road and obey signs and signals.
- Walk on sidewalks whenever they are available.
- If there is no sidewalk, walk facing traffic and as far from traffic as possible.
- Cross streets at crosswalks or intersections. Look for cars in all directions, including those turning left or right.
- If a crosswalk or intersection is not available, locate a well-lit area where you have the best view of traffic.

Wait for a gap in traffic that allows enough time to cross safely and continue watching for traffic as you cross.

- Watch for cars entering or exiting driveways or backing up in parking lots.
- Avoid alcohol and drugs when walking; they impair your abilities and your judgment.
- Embrace walking as a healthy form of transportation - get up, get out and get moving.

**A PEDESTRIAN WAS KILLED
EVERY 70 MINUTES IN
TRAFFIC CRASHES IN 2022**

SAFETY TIPS FOR DRIVERS

- Look out for pedestrians everywhere, at all times.
- Use extra caution when driving in hard-to-see conditions, such as nighttime or bad weather.
- Slow down and be prepared to stop when turning or otherwise entering a crosswalk.
- Yield to pedestrians in crosswalks and stop well back from the crosswalk to give other vehicles an opportunity to see the crossing pedestrians so they can stop too.
- Never pass vehicles stopped at a crosswalk. There may be people crossing where you can't see.
- Never drive under the influence of alcohol and/or drugs.
- Follow the speed limit, especially around people on the street, in school zones and in neighborhoods where children are present.
- Be extra cautious when backing up and look for pedestrians.
