

Team Detroit Arsenal,

Hoping you all had a productive day. While we are still working some network challenges, we have noted some improvements.

The Detroit Arsenal Board of Directors met today and we are setting our telework target in line with the President's guidance to plan out to 30 APR. As we get closer to that date, we'll provide another update to the workforce.

We are all dealing with this pandemic on both professional and personal levels. I would like to encourage you to take a break from the news every now and then. Pause and take the time to unwind, take care of yourself and connect with others. Make sure you are checking in with your coworkers, your supervisor and your loved ones.

What is on my mind is those of you who need support to get through the coming days. I want you to know that there are a number of ways to reach out –Our Employee Assistance Center, our Army Community Service Office, our Army Substance Abuse Program, the Chaplain's office, and Military OneSource. Please use your resources if you need them, we want to help. I am very proud of the caring, smart and talented teammates who provide these services, and I often count on them for their good counsel and guidance. You can depend on them too.

PAO was kind enough to recap some contacts below on how to access services that are operating by appointment, and if you haven't seen our Garrison webpage, it includes an installation phone book. The webpage phonebook can be found here: <https://home.army.mil/detroit/index.php/contact/phonebook>

As always, the most up to date info on COVID19 can be found at: <https://www.tacom.army.mil/covid19>

We need to take care of both the mission and our personal well-being, that is what I am thinking about, and I hope you are too.
