Fighting Load Carrier Standard

MOLLE Will be looped and fastened properly.

The FLC/TAP/ATAP will at minimum have the ability to carry the combat load of an M4. The IFAK will be located on the Soldiers non firing side and the utility/Canteen pouch is not mandatory but recommended. Do not remove any unit markings and ensure all straps are stowed using retainer bands or tape (no bright colored tape). The IOTV or MSV is not a Substitute.

Assault Pack / Ruck Standard

MOLLE Will be looped and fastened properly.

Soldiers will use the issued MOLLE/MOLLE 4K ruck. Do not remove any unit markings and ensure all straps are stowed using retainer bands or tape (no bright colored tape).
