# Mass Warning Notification System

## AR 525-27, para. 9-5.c.(1)(b)

- **DoD military, civilian, and contract personnel will ensure their personal contact information (including for after duty hours) are entered into the installation's Mass Warning Notification System (ALERT!) and verified every 90 days.**
- **ALERT! sends *authoritative* messages from the installation during emergencies, which may include important protective actions to take, through the following contact points that personnel enter into the system:**
  - **Popup window for logged-in government computers**
  - **Government and personal e-mails**
  - **Voice phone calls**
  - **Text messages**

- **At this time, the only way to register and update contact information is from a government computer workstation.**
  - **Personnel can enter up to *10* e-mails and phone numbers to receive messages.**
  - **Personnel are recommended to add Family Members' contact information to receive messages.**
- **Voice calls will be from caller ID (703) 454-0563**
- **E-mails from Alert-NoReply@alert.csd.disa.mil**
- **Text messages will originate from source numbers, such as 24639 and will begin with "From DOD ALERT".**
- **Select responses at the end of messages to acknowledge receipt or to respond to specific instructions.**
