17 Sep, **Autumn Fest**, Curt Fortie Complex, 1600-2000
24 Sep, **Karaoke Night**, Community Club, 2000-2200

Curt Fortie Landscaping & Future Upgrades

The DPW team is actively developing a comprehensive & strategic plan to upgrade the trees, grass, and irrigation on system across the Curt Fortie Complex. This will be a phased approach to minimize disruption to the community. We look forward to sharing more updates as these projects progress!

Important Pest Control Update!

- Beginning the week of ***13 July*** DPW will begin new efforts to control ground squirrel & gopher populations. Propane popper systems will be utilized to collapse active burrows and prevent re-infestation of the area. Use of these systems will be ***Mondays from 1300-1600.***
- Additionally, the wildlife policy is being modified to only remove venomous snakes from neighborhoods & homes. Non-venomous snakes will remain to serve as free, natural predators to help keep the ground squirrel and gopher populations down.

Survey Time!

Scan the QR code below and take a couple minutes to complete a survey on how the Garrison is communicating!
