Recall Number: 26-252

Name of Product: Scepter Gas and Oil Combination Fuel Containers

Hazard: The recalled fuel containers violate the mandatory safety standards for portable fuel containers because they lack flame mitigation devices required under the Portable Fuel Container Safety Act, posing a deadly risk of flash fire. In addition, the Children's Gasoline Burn Prevention Act requires all closures on portable gasoline fuel containers to be child resistant. The spout on the product is not child-resistant, posing a risk of burn and poisoning to children.

Consumer Contact: Mameix Retail collect at [587-816-2804](tel:587-816-2804) from 11 a.m. to 5p.m. CT Monday through Friday or by email at scepterrecall@gmail.com.

Description: This recall involves Scepter B62 gas and oil fuel containers. The recalled combination fuel containers are red with black caps and yellow spouts on each end. They have dual chambers with a 6-liter gas capacity on one side and 2.5-liter oil capacity on the other. "Scepter" and "Essence Danger" are embossed on the side of the container.

Remedy: Consumers should immediately stop using the recalled fuel containers, place them out of reach of children and contact Mameix Retail for a full refund. Consumers will be asked to write "Recalled" with permanent marker on the container and submit a photo of it in the trash to scepterrecall@gmail.com.
