FORT GREELY, ALASKA 99731-1269

AMIM-AKG-GZA 06 January 2026

MEMORANDUM FOR SEE DISTRIBUTION

SUBJECT: Installation Policy Memorandum #23, Environmental Policy

1. Purpose: To communicate the goal of instilling an environmental ethic throughout the installation similar to the manner in which the responsibility for safety has become a part of everyday life.

2. Scope: This policy applies to all National Guard, Reserve and active-duty Army component units, Garrison Directorates, Tenants, Residents and Contractors working either permanently or temporarily on Fort Greely.

3. Applicability: The mission at United States Army Garrison Fort Greely is to integrate resources and deliver installation services to mission partners, all while sustaining and enhancing the quality of life for Soldiers, Families, Civilians, and Soldiers for Life. We will perform this mission in concert with our stewardship responsibilities to protect and conserve the environment by striving to attain an environmentally sustainable Fort Greely.

4. References:

a. Army Regulation 200-1, Environmental Protection and Enhancement, 13 Dec 07.

b. International Organization for Standardization (ISO) 14001:2015 (E), Environmental Management Systems (EMS).

5. Policy: Fort Greely has established the E-RISK motto to identify the principal driver of an EMS which is to assess risk to the environment and the organization while clarifying the role that the EMS must take in order to be relevant.

6. In accomplishing our mission at Fort Greely, we commit to the following E-RISK motto:

a. Environmental integration into all aspects of the Fort Greely mission.

b. Review activities by weighing environmental impacts from activities at least annually to identify those with a significant risk and establish goals with action plans to reduce that risk.

c. Implement measures to reduce environmental risk with established processes to communicate, training, operate, control, prepare, and allocate necessary resources needed to sustain the mission and prevent pollution.

d. Show that it's working through the Installation Planning Board (IPB), Environmental Quality Control Committee (EQCC) and Energy Water Council (EWC) reviews, conformance and compliance audits and maintaining the installation corrective action plan (ICAP).

e. Keep Improving through programmatic reviews by senior leaders, complying with all applicable environmental laws, regulations, requirements and policies.

The E-RISK motto:

E = Environmental Integration.

R = Review activities.

I = Implement measures.

S = Show that it's working.

K = Keep Improving

7. This policy supersedes Fort Greely Policy #24-37, dated 15 August 2024.

8. The point of contact for this policy is the Fort Greely Environmental Chief at (907) 873-3105.
