Policy Letter# 45

26 August 2022

MEMORANDUM FOR All Members of the USAG Fort Hamilton Community

SUBJECT: Alcohol Purchase Policy

1. Reference: Army Regulation 215-8, Army and Air Force Exchange Service Operations, dated 5 October 2012.
2. Applicability: This policy applies to all authorized AAFES patrons.
3. General: It is the responsibility of the Garrison Commander to ensure all rules, policies and laws are adhered to. As the Garrison Commander, I remain responsible to ensure that the sale and use of alcoholic beverages is consistent with DoD controls. Specifically, members of the uniformed services and other authorized purchasers will not sell, exchange, or otherwise divert packaged alcoholic beverages to unauthorized personnel for purposes that violate federal, state, or local laws. After reviewing the amount of alcoholic beverages purchased in comparison to the number of authorized purchasers, I have decided to limit the amount of alcohol purchased at Ft. Hamilton AAFES locations to ensure the benefit is not abused. By limiting the purchasing amount, it minimizes the risk of potential resale and subsequent price increase to be passed onto the service member.
4. Policy: Alcohol sales will be limited to no more than \$7,500 dollars within a three (3) month period. Those who violate this restriction may be subject to installation bar. Additionally, all purchases over \$1,000 dollars will be annotated on AAFES Exchange form 6450-069 for tracking purposes.
5. Point of contact is the Directorate of Emergency Services at (718) 630-4456.

BRIAN A. JACOBS
